

HAPPY NEW YEAR GREETINGS TO ALL

10¢

The Edson Leader

The Voice of Local Communities

Edson, Alberta, Wednesday, Jan. 1, 1968, Vol. 16, No. 1

Little '99!
May he grow up
to bring you a
New Year rich in
joy and happiness.

SILVER SUMMIT'S CHAIR LIFT provided a mechanical disappointment to the many well wishers who drove the 38 miles the Sunday afternoon before Christmas for what was to have been the official opening of the new ski facility north of Edson. The modern lift stayed balky right through the cold holiday season, but operators of Silver Summit hope the problems will be cleared up with a visit by the government inspector this week.

Council confirms action by chief

An investigation by a committee of the whole Edson Town Council meeting both before and following the regular meeting of the Council on December 17th confirmed the temporary suspension by Police Chief Matheson of one of his constables.

The actual resolution by Council reads: "That in the judgement of Council, the continued employment of Constable C. G. McDonald would not be in the best interests of the Town Police force or of the Town and that he be discharged."

The constable appeared at a press before the committee of the whole with the police chief and the resolution was the result of Council looking into the complaint from the police chief concerning aspects of the constable's conduct during his time as a peace officer with the town.

Present for the regular meeting were Mayor Giff, Ellis and Councilmen Chase, Crawford, Grant, Halliwell, Hulse and Fisher, and five citizens.

Town questions ambulance split with province

A letter from the local Inspector of the Department of Municipal Affairs asking consideration of Edson Council to a 60 per cent for the town and 40 per cent for the improvement district split in place of a 50/50 cost sharing for ambulance service in the area was read at the regular meeting of Edson Council Dec. 17th.

A letter from the local Inspector of the Department of Municipal Affairs asking consideration of Council to a Town 60 per cent and improvement District 40 per cent sharing of the ambulance service subsidy in place of the proposed 50 per cent - 50 per cent sharing originally provided for in By-law No. 1141 was placed before Council. It was moved that the Department of Municipal Affairs be asked to explain the reasons for the proposal to the sharing of ambulance subsidy costs on the 60 per cent - 40 per cent basis.

A letter from Alphon (the) inspectors limited asking consideration of town fee on basis of longer building and for removal was placed before Council and the fee subsidy was introduced to seek further information on the possible ease of removal of building.

The matter of an extension of the phone and other Police communication system was referred to the Police Committee for feasibility study and report.

Questions for proposed modifications to Police office were placed before Council.

The location of Edson Woodworks in the main B278, he work and material in...

Please return it

A young man from Edson spent Christmas in Edson with an upper Merit Street family, coming ready to go back to the city he had extensive party on top of his car while he parked them away inside. All but one, that is, the largest his sharing in which did off the car when he started up. Just after the car had pulled away, his law, credit and produce at present, on page 44.

looking out the window saw the key lying on the ground. By this time he had put a betel on to go out and pick it up without it a passing yellow taxi had been him to it.

The visitor is a potential son-in-law to the father of town family members it would be appropriate if whenever picked the sharing to go would leave it at The Leader office.

THE MISTY CLOUDY DAY at what was to have been Silver Summit's opening does not do justice to the fine ski lodge just north of Edson. Spacious cafeteria, fireplaces, rooms for groups of skiers of various sizes are a feature of the lodge. Apres ski entertainment will be featured for those enthusiasts staying over night.

The Edison Leader

The Edison Leader
Edison, Alberta, Wednesday, January 15, 1966, Vol. 16, No. 3

COLD WEATHER BRINGS ITS PROBLEMS—members of the Town Works crew are trying to locate a small leak in the water main on 5th Avenue between Main and 4th St. Their geophones didn't pinpoint so the crew had to find it by the cold and tedious jackhammer and jack hammer method. We've been lucky it hasn't been worse we imagine.

Cold weather affects work

AGT Teleshw to show use of new phones

Residents of Edison and district will have the opportunity to see some of the most modern telephones available today, together with a display of reliable and/or telephone sets at the Alberta Government Telephone Teleshw scheduled for the Edison Legion Hall on Thursday, January 18th, 1966.

The display is part of the free film and stage presentation sponsored by AGT to familiarize the residents with the equipment being installed prior to the area's conversion to dial telephones which will come into effect on Monday, January 19th.

The hour and a half "Teleshw" program begins at 8:00 p.m. and will include demonstrations of telephone techniques by AGT representatives from Rural, Traffic and Public Relations Departments.

ARDA here unique Doctor tells meeting in explaining school

The rural development program in this area is unique in that it is one of three effective programs in North America. Dr. W. Rogers of the University of Alberta, told members of the Edison Town Council and executive members of the Chamber of Commerce at a noon luncheon in the Commodore's lounge Monday noon.

The other two are in Idaho and in Manitoba. Dr. Rogers is in Edison to make arrangements for a special course to be held at regular intervals for people involved in similar programs all over Canada.

The ARDA program in this area has had the success it has (Dr. Rogers acknowledged) because of the belief, philosophy followed in that the whole family was being involved in training courses. There was no sending someone in to help in the morning for assistance by him self. His wife and family were encouraged to go with them. In this way, said the speaker, the family had a much better chance to benefit from the new knowledge for community living for course provided and did not have the tendency to rush to step back into the former ways.

There is no way for the Edison area to go back up," Dr. Rogers emphasized. He suggested that other towns that showed similar promise for future growth include one of the Peace River country towns, and Deer, Lloydminster, the Calgary area and very likely the town of Brooks.

He was not to be proud of the local effort, even if it isn't perfect," said the speaker. He pointed out to the staff who have been working locally and the co-operation received from community leaders.

The school is included for the next future and will be held in the Personnel Building in Edison.

Stock Car Assoc. plan winter fun weekend

At the regular meeting of the West Coast Alberta Stock Car Association on January 9, it was decided to hold a demolition derby on ice on the weekend of February 22-23.

Along with the demo derby, there will be four more mobile events.

The Stock Car Association is planning to make a weekend of this, a dance on the Saturday night and the Derby on Sunday.

The more mobile races will be run in three classes, 15 HP and under; between 15 HP and 1 HP; and over 15 HP. There will also be a road course race for more mobile open as well as more. Any machine with modified engines will not be allowed to race. They must remain stock machines.

Entry forms may be picked up from any member of the Association in Edison, Hinton or Jasper. All entry forms must be in on or before 4:00 p.m. to the race to be run and pick up your forms from the race to be run at the Edison Rodeo Ground.

If any person would like any more information on-

posting this event or the association he may write to P.O. Box 1174, Hinton or contact Gord McDonald, 723-1061, Bob McDonald, 723-1061 or Lesley Lamberty at Lesley's Barber Shop.

A SUCCESSFUL Emergency Measures Operations exercise took place in the Town Hall last Wednesday when a crew from RMO Headquarters in Edmonton were on hand for a break-up exercise. Checking a map of Alberta for the expected nuclear fall-out areas during the simulated air attack are Operations Officer George Buckle and Reports Officer Mrs. Christina Erias.

Doesn't Make Sense . . .

Mon. Eric Karam, postmaster general, expects an increase in the number of pieces of mail handled at the post office in 1969 despite the higher postage rates. We wonder . . .

Postmaster Karam will find, we believe, that increases in postal rates have already taken Christmas mail volume down some 25%, to 30%, in 1968 as compared with the 1967 Christmas mail period, if reports now

being received are accurate. High on the list of items on which Christmas volume was reduced was the mailing of Christmas cards which were mailed to local addresses. And not only was the post office volume affected, but so was the greeting card industry, which will feel the impact as its dealers, loaded with a big carry-over of Christmas cards, will most certainly be reducing orders for next year's business.

Other areas affected by the recent postal rate increase are publishers of trade magazines, etc., many of whom are ceasing publication of magazines that have been operating on a minimum profit margin. With the new postage rates taking up the profits that are being realized (and more), and no recourse to further income in sight, these publishers are ceasing publication of these products.

And we could go on, but we feel that the point is made. In just the three examples quoted above, we can forecast cuts in the staffs of the post office department (who have a smaller volume of work to do), a cut in the number of employees required by greeting card manufacturing companies and dealers (who will be faced with a smaller volume of business in 1969), and the loss of jobs to printers and others involved in the publication of many trade magazines (through the cessation of publication of a large number).

It looks like retrogressive business and economic sense to us!

Will the biplane (a) get the mail through in time?

Will the express train (b) stop before it reaches the missing track?

Will the Indians (c) attack the stage-coach (d)? Or the speeding Hupmobile (e)?

And that House on the hill (f)...

What's going on up there?

The Pilsner label raises many exciting questions. But there's never any question about Pilsner Beer in Lettington. It's still made by men who take time to brew and age beer in the traditional way. We're not about to change either the label or the beer.

AFTER THE FAMOUS FORMULA OF THE HOUSE OF LETTINGTON

Marlboro Musings

By MRS. R. LOVELL

The community was saddened by the deaths of Rex Callison and the baby daughter of John and Gladys McDonald. Both were located Saturday. A property gone to the midwife, Rex's funeral was one of the largest ever held at the Marlboro Catholic Church.

Mrs. Jack Lanchester was operated on, on Saturday for the 40th time. (Lanchester is still alive.)

Don't forget the meeting in the hall on Friday.

The Marlboro Community Centre will be meeting in the hall on Friday.

The adult school is meeting on Wednesday. It was postponed because of the two funerals.

Mr. Pat Desjardins, Mrs. Sophia Hayman and Mrs. Walter, mother of John Callison are expected to be in the house tonight.

Jerry Kemp had a leg operation last week and has just come out of the hospital.

Mrs. Madeline Desjardins left on Sunday to go into St. Mary's Hospital for treatment.

"I want some grapes for my sick husband. Do you know if any patient has been served on grapes?"

"No one has. You'll have to get that at the drugstore."

WINNERS OF THE 16 RINK LEGION bonspiel at the weekend were the Jim Oliver rink with Mrs. Mary Marcott, Jim Adams and Joe Bo. Marie.

Entwistle Co-op benefits farm Community

The Entwistle Livestock Co-op Ltd., is a worthwhile organization, just two years old which has already proven a decided benefit to farmers in Entwistle and surrounding areas.

The success of the Co-op and the tremendous amount of work that has been accomplished since it was organized in 1967 was summed up by the charter president, H. Hinds, when he addressed the annual meeting at the end of November last year.

The Executive Board was elected on June 29th, 1967 and by the November meeting last year had held 11 meetings. House and range of voluntary labor were needed to set up the Co-op receiving station. They were assisted, financially and with advice from the Alberta Livestock Co-op in Edmonton.

The Co-op signed a contract with the Village of Entwistle for two acres of land, for which they pay \$25 annually, with the problem out of the way they set to work to build a road to the site, clear off the land, purchase building for an office and to move it onto the yard.

Now holding 100 acres, the site is being developed, ranging in size from 16 1/2 to 300. One of the roads and the water have been laid out over as well as part of the site. There are two additional buildings and one place for unloading of goods.

The long alleyway and these of the building now have concrete floors. A system of 20 pipes was required to take the water from the site into the main building. A phone and power lines have been installed and the office installed with a view to the future.

The yard and approach will ask the members to approve their constitution. All Credit Union members are reminded of this important meeting and meeting. Be sure to attend and vote first hand - You'll Credit Union day.

Doubling post office box rents irks citizens

"No," was the answer by Postmaster General Eric Kierans in the House of Commons when Conservative Robert Thompson asked if he was "contemplating any review of the most recent of several announcements regarding the increase in the rental charges for post office boxes."

There was irritation locally when Edson post office boxes got their mail Monday morning but they were not so much as to be paid for the rental charges. The rental charges for the boxes were doubled in many towns.

One prominent business man called to say that "a man who has had boxes since 1930 is not going to pay the new rate of \$1.00 a month for a box which he has had for 37 years."

Whether by accident or design, the public relations man for the postal department appeared Monday afternoon in Edson to explain the situation and to say that he was sorry for the increase.

The increase in the rental charges for the boxes was announced by the postal department in a letter to the public. The letter said that the rental charges for the boxes would be doubled from \$0.50 to \$1.00 a month.

The increase in the rental charges for the boxes was announced by the postal department in a letter to the public. The letter said that the rental charges for the boxes would be doubled from \$0.50 to \$1.00 a month.

Burn's birthday celebrated by Edson Scots

Edson's "deep breath" was that couldn't carry on much longer and "one night a year" would be away from the third annual Burns Night celebration last Saturday evening. There was a full house at the affair which was held in the Edson Town Hall.

David Simpson was the guest of honor at the affair. The Edson Scots were given by Harry Lawson and the address to the first was given by Sandy Hays.

The dinner was delicious. The menu included Scotch haggis, roast beef, chicken, potatoes, baked apples, and of course the highlight of the meal, the haggis.

During the evening, guests were entertained by the Edson Scots. The Edson Scots were given by Harry Lawson and the address to the first was given by Sandy Hays.

LEADER SPORTS

In Northern Alberta Commercial Hockey League action on Tuesday night at Dryden, the visiting Edson team defeated the home team, the Commercial All Stars, by a well-earned 7-5 victory.

The win for Edson moved them into second place in the league standings behind the first-place Hinton Commercial.

The loss for Dryden Valley dropped them into third place. The Hinton Freeway Training School, the fourth team in the league, occupy the fourth place in the standings.

The Edson squad were full of energy for their 7-5 triumph over Dryden Valley on Tuesday evening. After their 7-5 victory, they were 3-1 in the league.

Edson played a strong game in their 7-5 victory over Dryden Valley. The visiting Edson team defeated the home team, the Commercial All Stars, by a well-earned 7-5 victory.

The win for Edson moved them into second place in the league standings behind the first-place Hinton Commercial.

The loss for Dryden Valley dropped them into third place. The Hinton Freeway Training School, the fourth team in the league, occupy the fourth place in the standings.

The Edson squad were full of energy for their 7-5 triumph over Dryden Valley on Tuesday evening. After their 7-5 victory, they were 3-1 in the league.

The Edson Leader

The Voice of Edson Community

Edson, Alberta, Wednesday, January 28, 1969 Vol. 18 No. 5

Common sense needed in sending children out

The prolonged spell of very cold weather causes problems in many places. One of them is among parents of students, school bus operators and the School Division Office.

Mr. Don Hamdell, secretary of the School Division says although they have to keep the buses running during these cold weather periods as a matter of fact, they even consider about sending their children to school these cold mornings.

Some parents will let their youngsters go no matter how cold it is as long as the buses run. Others are more sensible and think that their children stay home if it gets below 20 or 25 degrees. Students make their own choice if they stay home during the very cold weather. Mr. Hamdell stated:

A few buses don't run every day last week. This was because of some mechanical problems but the driver felt might jeopardize the safety of the children on the route. Buses as Edson were told not to go out on Thursday after a phone call to the Division Office reported that buses which were not in a garage at night did not get started enough to be sent out for the morning before they reached their destination.

The district telephone contact reported over most of the district since the first of the year helps greatly where the bus service is concerned. Parents, school children have not been picked up have been phoned about to that youngsters don't have to wait too long in the cold. The phone also made it possible to keep in touch with the school division office so that if a bus had trouble somewhere en route to or from school service from the Division Office would be over the route pretty shortly to see what the trouble was.

It is felt the buses must run so that no child would be left waiting in a bus stop in the very cold weather. However, if parents send the children to school they are warmly dressed.

MINOR HOCKEY WEEK got off to a rousing start last Saturday with seven minor league games played. Mayor Jim Griffiths was on hand at 1:00 p. m. to officially open the week and to present three star ribbons to Lynn Bayford, Red Goldie and Robert King—following the Eagle-Lions mite encounter.

Edson Fish and Game support St. Albert

Recent publicity whereby the Fish and Game Association in St. Albert had proposed the damming of the Blackfoot River has caused a reaction of a section of Edson.

School Board members returned by acclamation

With only one nomination each for Sub-division 4 (Pulman) and 5 (Hinton), the Edson School Division Board will remain unchanged for the next year.

Re-elected by acclamation for three year terms: Mr. George Williams of P. P. and Dr. L. W. C. Reid of Hinton.

This was reported at the last meeting of the Edson School Division Board on January 14th.

Approved at the meeting were the following long-term resolutions for 1968: (a) \$7,000,000 for educational purposes, (b) \$100,000 for by-law No. 20 purposes.

It was agreed that a charge be made for car parking at the various schools in the Division on the following schedule commencing September 1st, 1968.

- (a) \$5 for the school zone for black boxes
- (b) \$5 for the school zone for additional car washes or battery warmers
- (c) One-half of the above rates to be charged commencing Jan. 1st, 1969.

The members also passed the consent of those attending the January 14th meeting to deal with the maximum use of school buildings by the community in which the school is located. The administration staff was instructed to develop policies and regulations for school districts at the next regular meeting in conjunction with Mr. J. L. Thompson of the Department of Youth.

Think Redco attend the meeting this Thursday

Even though the weather isn't the best at the moment to get anyone in the mood for a ride, the Edson & District Redco Association will hold their monthly general meeting this Thursday, January 28th. The meeting, which is open to the public, will open at 8:00 p. m. in the Edson Junior Hotel.

One of the questions likely to be covered at the meeting will be how to supply mid-winter games and equipment. If you particularly interest in it is what is provided for entertainment on the midway that

he was to attend the meeting on Thursday evening. Members of the St. Albert Car Association will also be here to discuss joint interest of the two associations' use of the mid-winter games. The mid-winter games, in all probability, he getting on now in St. Albert, since the advent of the St. Albert Car Association, that's over here. The use of the grounds and facilities made will be of interest to anyone interested in a winter sport.

Please be on hand for the meeting this Thursday, interesting things will be happening.

THE CHAMPS of the mixed basketball was the rink shipped by Don L'Hirondelle which included his wife Ann and visitors Cordele and Paul Goren of Edmonton. Bill Taylor does the honors and presents the trophies.

Ski-ers turning out in spite of weather

In spite of the very cold weather over since the Silver Summit Ski area was opened the instructors at the ski school have been increasingly busy.

The report of upwards of 250 skiers on last weekend and has been attending to the increasing all the time. Apparently the weather is becoming warmer as the ski hills than it is to come and if this is the case they are bound to be busy when the word returns.

Director of the ski school is Peter Smestad, a Certified Instructor who has been skiing for 25 of his 38 years. He has instructed in numerous ski areas in Europe as well as in New York State. He teaches the Canadian Ski Alliance technique. Personal and talented Helen Fitzgerald became a qualified instructor in Canmore in his native Alberta. He returned to her native Alberta where she has been working for the past two years at the ski school in Canmore, B.C. A very talented young

So far the largest number of skiers seem to be driving their own vehicles out to Silver Summit, but there is an excellent bus service for the skiers. The Silver Summit Service is a bus which runs between the ski area and the town of Canmore. The bus is run by the Silver Summit Ski School. The bus is run by the Silver Summit Ski School. The bus is run by the Silver Summit Ski School.

At present many local residents are trying to get to see whether they like it or not. With this in mind the Ski School is holding the Silver Summit Ski School is holding the Silver Summit Ski School. The Silver Summit Ski School is holding the Silver Summit Ski School. The Silver Summit Ski School is holding the Silver Summit Ski School.

SKI SCHOOL INSTRUCTORS—These instructors at Silver Summit Ski School are increasingly busy in spite of the weather. More and more townspeople, as well as out of the area skiers are finding Silver Summit the place to go on a weekend or day off. Left to right are Armin Weik, Helen Fitzgerald and ski school director Peter Smestad. Mr. Keith Outridge is the fourth instructor.

Council hears report on power toboggan use

Town Council, at its meeting on January 21, heard a report from the Parks Committee recommending a by-law to control use of power toboggans around town.

The recommendation is to ask for the prohibition of power toboggan operation at Williams Park, the Assembly and at the swimming pool. It asked that these items be put on the agenda of the next meeting. It was recommended that power toboggans be prohibited at Williams Park and at the swimming pool. It was recommended that power toboggans be prohibited at Williams Park and at the swimming pool.

The Town Manager was instructed to prepare a by-law to control power toboggans. The by-law is to be in the form of a by-law to control power toboggans. The by-law is to be in the form of a by-law to control power toboggans.

Adult Education

The Edson School Division plans to offer one or both of the following high school courses in Edmonton:

- 1) English 30
- 2) Mathematics 30

Instruction will begin early in February. Offering these courses is contingent upon the number of students indicating an interest in them. Twelve or more students must be registered before a course is offered. If there is sufficient interest in other courses and a teacher is available, these courses will also be offered. Parents desiring their children should indicate this on the form below.

These courses are available to adult students; that is, students who are over 16 years of age and who are not attending day classes. Credits obtained from these courses will be credited toward a high school diploma or university matriculation.

Adult students are permitted to enroll in these courses without holding prerequisite or a grade nine diploma. Students may not obtain more than 15 credits by night school. Credits from the above courses may be obtained as follows:

- English 30 - 15
- Mathematics 30 - 15

The fees for each course will be \$30.00.

Mail the form back before February 1, 1968 to:

Mr. B. A. Chandler
Superintendent of Schools

MR. AND MRS. ERNEST H. PRUNER mark 50 years of marriage.

Former residents 50 years wed

Many friends were welcomed by Mr. and Mrs. Ernest Pruner of 12730-121st Street, Edmonton, recently when they held Open House to celebrate the 50 Golden Wedding anniversary.

Mr. and Mrs. Pruner lived in Linton from 1918 until 1947 when he retired as an engineer with the CNR.

Mr. Pruner was born 80 years ago in Ardville, Ont. He came to Alberta in 1918, the same year his wife came with her parents from Scarborough, England.

Mr. and Mrs. Pruner have four children: two Howard and Marion, and two daughters, Mrs. Mildred Chappell and Mrs. Albert Purdie, all of Edmonton.

They have 11 grandchildren. Among the managers of congratulations were: Hon. Lt. Gov. Grant MacEwan and Premier Harry Stein.

6-WAY-SAVE-RITE PEE WEES
Richard Cusim, David Ruyh, Bruce Turbet, Allan Miller, Randy Fedchak, Terry Horn, Fred Edlerman, Linden Lemurray, Jerry Jeagerman, Phillip French, Ken Ramonah, Randy Nixon, Mark Hammen.

Health Unit Notes Sorry Randy!

It is the intention of the Edson Health Unit to present a series of brief weekly articles on communicable diseases.

SCARLET FEVER AND STRIP SORE THROAT
Scarlet fever is caused by the streptococcus germ. This same germ causes strep throat, erysipelas, impetigo and many other types of infection. Anyone with these conditions can pass the infection along to someone else.

SYMPTOMS: Persons with scarlet fever have a sore throat and a fine, sand-like rash all over the body. The rash usually appears on the 2nd day of the illness on the trunk and spreads to other parts of the body. The person may first complain of headache, fever, nausea and sore throat.

The symptoms usually appear 2 to 5 days after the person is infected.

SPREAD: The streptococcus germs are spread chiefly by droplets from the patient's nose and mouth. Any article (such as dishes) which he uses may also become contaminated and spread the infection unless carefully cleaned and disinfected.

Food and milk may become contaminated unless handled carefully and properly refrigerated.

TREATMENT: A doctor should always treat scarlet fever or strep throat. Serious complications such as rheumatic fever, nephritis and middle ear infection can often be prevented by prompt treatment.

The patient must be isolated until he has completed 5 days active chemotherapy.

Mr. Art Lambeth has been recently organizing a home nursing course that is scheduled to get underway next Monday, January 27. The course is sponsored by the Local Emergency Measures Organization of which Mr. Lambeth is Welfare Director.

The course is being planned and will be carried out with the assistance of the local branch of the Alberta Association of Registered Nurses and the Sisters of St. John's Hospital.

Ladies over the age of 18 who are interested in such a course should contact Mrs. Lambeth at 723-4778. While the size of any one class is limited to 20 persons Mrs. Lambeth feels there is every possibility that a second course may be held later in the year sponsored wholly by the AARN.

The first week course will be held Monday nights. It will include information and instruction on home patient care including: bed making, bed care of patients, bathing bed patients, taking temperatures, administering medications and bandages, etc.

Don and Shirley Hynes are moving to Edmonton this week. They will be going to R.A.L.T. while Shirley has received a transfer to a city branch of the Bank of Nova Scotia.

There's nothing like going to the top if you want to get something looked after. Young Randy Nixon (left) is one of the 12 stars of the 6-Way-Save-Rite roller hockey team, somehow or other was assigned to the line-up of teams played in last week's League.

Naturally Randy felt pretty good about it, so he phoned The Leader and asked for the manager. Sorry to have missed you Randy, we don't know where you live, but it was unfortunate.

Here is the picture of your team. As the members aren't showing us they don't know what you look like and we can only hope you were on hand when your team's photo was taken.

by a doctor.

— or for 21 days if he is not receiving treatment.

Family contacts must follow certain regulations.

Please check with the Health Unit regarding this.

PREVENTION: There is no immunization available.

12-EDSON LEADER, Wed., Feb. 5, 1949

AARM members busy with instruction courses

The Edson Chapter of the Alberta Association of Registered Nurses (AARM) held their meeting on January 27 in the Health Unit Office. Twenty members were present.

Most to learn of the many activities underway. Sister Hudson is in charge of the teaching the Registered Nurses Course in which 12 students have registered. Mrs. Harry Kervin is in charge of organizing the Charney series who are teaching the St. John's Ambulance Home Nursing Course. The course is sponsored by the local Longevity League Organization. Mrs. Ruth Wain is chairman of the Blood Donor Club & Committee again this year.

Any registered nurse who would like to help with any of these activities may contact AARM President Susan Roberts.

Following the business meeting, Mrs. Darryl Hesel gave a very interesting talk on care of the patient on the artificial kidney.

Mrs. Hesel worked at the University Hospital in Edmonton where the first artificial kidney machine was introduced in Canada and served over 1000 cases in the last 10 years.

The regular Chapter meetings are held on the fourth Monday of every month. Any new nurses who wish to attend are very welcome.

4-H LIGHT HORSE & POET CLUB
There was a practice speaking contest at Junior High School for the 4-H Club. The speeches were very good and interesting. The subject for speeches were open for any topic.

The judges were Mr. J. Whipple and Mr. Bell. We would like to thank them for judging the speeches.

After the speeches, the top four were picked. They were: (1) Ruth Martin, (2) Doreen Robinson, (3) Janet Roushagen, (4) Carol Hirst. After the speeches we picked three pieces of paper with different titles on them. We had to pick one of the three titles and put the other two back. They had to be one to one minute long. They were also very good.

4-H BOWLING FEST
On February 1, the club are going to be bowling in Edson bowling alley. For two games it is around sixty cents. The people who are going to bowl at the time will meet at the bowling alley at 1:00 p.m. We will pay the money to James Smith.

Club Reporter
Carol Hirst

In his will, an all-orth Team stated that he wanted to be buried in an air-conditioned Cadillac. The will was carried out with the help of considerable machinery to lower the car into the huge, deep hole.

Two twins from Utah

JENNEN'S EDSON EAGLES Coach, Harry Lemle, (11) Darryl Sherman, (12) Ben Jensen, (13) Jeff Galt, (14) Jeff Lonsdale, (15) Don Smith, (16) Percy Lerner, (17) Rod Miller, (18) Rodger Miller, (19) Darryl Smith, (20) Gord MacIsaac, (21) Bill Lerner, (22) Cliff Lerner, (23) Don Lerner, (24) Wayne Jensen, (25) Brad Galt, Coach is Mike Lonsdale, Assistant Coach is Scott Lerner.

SALMON IN COLD LAKE
Hans, M. A. Smith, manager of Adams, department of meat and poultry, has received notification from Urban C. Nelson, administrator for the Alaska Department of Fish and Game, that his state has authorized a part of 100,000 Cold Lake salmon eggs to the province of Alberta.

The salmon eggs arrived by air in Calgary on January 10th and were delivered to the fish and wildlife department's hatchery. The eggs will be reared in the Department's plant in Ft. Lethbridge, approximately 100 miles northwest of Edmonton, sometime next summer. The eggs are expected to hatch in or about February 1st.

FISHY TIME
This winter the first time that Cold Lake, a move to such water, will have been eliminated. The Al-berta's from water.

The Water of Winnipeg is the only other area in the province that has attempted to carry out such a plan as a large scale in fish water.

The department's Fisheries biologist report that the fish will reach the 20 lb. mark in the next four months.

Anyone interested in more news of the annual Trophy Night and banquet which is set for Thursday, February 13. The affair consists of banquet, presentation of trophies in the big game

posting the trophy watch- ed the procedure with great interest.

"Tonight being hosted in an air-conditioned Cadillac," one of the women exclaimed.

"Yes," replied the other, "That's what I call living."

The Edison Leader

Edison, Alberta, Wednesday, February 12, 1969 - Vol. 16 No. 7

Power toboggan by-law held for public reaction

A By-law prohibiting power toboggan operation within most of the Town limits received two readings at Edison Council's regular meeting February 4th. Council members would not agree to final reading of the By-law until public reaction was gauged.

Essentially the By-law allows power tobogganing in that part of the Municipal Park north of the arena, the part of the black area of the Calgary Power building on the arena, and all of Wilmore Park except those parts not under and used in skiing and conventional tobogganing.

Power tobogganing under the By-law would be restricted by individuals in the Edison Albert area, the residential area in addition to the prohibited sections of Wilmore Park.

The Town's By-law, of course, regulates only within the Town, including Wilmore Park. The provincial government has announced other regulations concerning licenses, racing lights, etc.

NDP Leader appearing in constituency

New leader of the Alberta New Democratic Party, Grant Huxley will be meeting the party people in three parts of Edmonton constituency this week.

Mr. Huxley will be addressing a meeting in the Robt Community Hall on Wednesday, will have addressed a meeting at Edison School on Feb. 11th and will meet interested persons in Gus Brown's lounge room at Hinton on Thursday, Feb. 13th.

Since his election as Provincial Leader in November Mr. Huxley has addressed some 35 meetings in various parts of the province. The speaking schedule will take him to more than a hundred communities by the end of June.

MR. GRANT HUXLEY, Town Councillor and member of the Board of Directors, Edison Chamber of Commerce, has been named Industrial Development Co-ordinator representing the Edison area. The position was previously filled by Mr. Wm. Mills of Edison.

MOVE OVER ROVER!—With the return of warm weather and Marine Pipeline employees the accommodation situation in Edison has become critical again. You will earn the undying gratitude of those men (plus a little pin money) if you can provide a room or board and room for the next few months. Please you accommodation info The Leader...we have enquiries every day.

Councillor not being able to buy lot irks Council

For the second time in Edison's recent history a citizen serving on Town Council has been surprised to find that he can not buy a residential lot owned by the Town.

Edison Council at their February 4th meeting decided to express their disapproval with the provisions of section 29 (1) (a) of the Municipal Government Act whereby a councillor is forbidden to buy a lot for a house he himself.

The councillor involved this time is Wm. Chien, who recently sold his house and expected to be able to purchase a Town lot to build under the provisions of the Veterans Land Act.

What the Council meant is that there is an established price for town lots and a strict control policy that applies to all citizens that prohibits speculation in the commercial sense of the word.

Present Mayor J.E. O'Brien, Councillors M. Chien, J.E. Crawford, A. Ouse, L. Hallowell, E.H. Hsieh, J.P. Fisher and one other.

Lot 10, Block 7, was sold to Walter Thachuk and Mrs. Miller Thachuk on their understanding of correct's single.

WALTER THACHUK and Mrs. MILLER THACHUK

C of C meeting Wednesday

The regular supper meeting of the Edison Chamber of Commerce will take place next Wednesday, February 12, in the Edison at 6:30 p.m.

There will be a guest speaker who will have something of interest for the meeting.

Full members will be chosen from the Legion, the Masonic Lodge and the EDA in honor of Mr. Rice who first came to Canada in 1906 following service in the First World War.

Cost, on page 2

Important Meeting

Insurance Society Club members and potential members are reminded that their annual meeting and election of officers is set for this Sunday, Feb. 16 in the Junior High School at 2 p.m.

Long time Principal to retire in August

After forty-four years in the teaching profession, twenty-five of them in Edson, Principal M. D. Meade plans to retire at the end of the current year. The Leader was given to understand this week.

After forty-four years in the teaching profession, twenty-five of them in Edson, Principal M. D. Meade plans to retire at the end of the current year.

Mr. Meade holds degrees in both Arts and Education, but these he secured through summer school and extra-mural studies so that his record of forty-four consecutive years as teacher and administrator would be unbroken when he retires in August of 1969.

When he graduated from the University of Alberta in 1925, Mr. Meade found that there was an extreme shortage of teachers in Ontario. Having secured his release from the Ontario Department of Education, he came west to Alberta in September of that year. For one year he taught in a one-room school near the town of Lethbridge. He then accepted a position as principal of a two-roomed school at Lethbridge and in 1927 he moved to Edson where he taught for four years.

From Edson, Mr. Meade went to Edmonton as principal of a three-roomed school. Here he was responsible for the teaching of all pupils in grades 12 to 18. And it was at Edmonton that he met, and later married, Kathleen Chalmers.

Following his work in Edmonton, Mr. Meade spent ten years in Winnipeg, seven of them as principal of the school at that time was Mr. J. E. Wilson. There were then but one school in Edson—the "Old Red Brick"—and a staff of fourteen teachers and about 300 pupils, grades 1 to 12.

In 1949 the first of the Edson Junior and Senior High School was opened with Mr. Meade as principal of the school.

Glenwood residents benefit from Community Club

The regular monthly meet-up on a ton and half sale held at the Glenwood Community Club is held on the first Tuesday of each month at 7:00 p.m. in the Glenwood Hall. Many Glenwood citizens may not be aware of all the important jobs being done by the few active members.

This Christmas, the club held a Christmas concert which included approximately 70 street children taking part. Bants gave out not handkerchiefs, Glenwood ladies

provided, drilled a well, and enlarged the stage in the hall.

Some of their projects in the past have been obtaining the school bus for street lights, maintaining ready obtaining a fire truck and building a football and Community Hall.

This year the Community Club is holding their Fireman's Ball on Friday, March 7th in the Hall. The Vancouver's will be contributing the music. If you want to support your Community Club and buy a ticket please

Mr. Martin at 723-4707 or Mrs. Lundbeck at 723-6209. The club has been holding Bingo every other Friday in the hall to raise funds and provide residents with an evening out. Under the

executive last day will have to stop there if the attendance doesn't improve. At the present, attendance

doesn't pay for the price. Let's see more Glenwood people out at the same

place, which is being held on Thursday, February 20th, at 6:00 p.m. They have decided to let the house jacks go on that night as much as what. There is also a regular jockey.

When were another reservation that have had to be discontinued because there wasn't a large enough

area.

There are many recreational or constructive projects which could benefit the whole community if more Glenwood residents would follow to the lovely weather or that is reported from the Coast at this time.

Silver Summit site of Ski Club meeting

The next meeting of the Edson Ski Club will be held at Silver Summit Lodge, next Sunday, February 16. The meeting will take place

at 5:00 p.m. The get-together is scheduled to be a "fun meeting" the purpose of which is to give skiers in the Edson area

an opportunity to become acquainted with each other. The executive felt the Ski Club would be the ideal place to hold the meeting,

as everybody, but everybody, who skis will be at Silver Summit if there is any kind of weather at all the weekend.

There was a very small attendance at the last meeting, on February 7th. However, some important business took place. This included the decision to hold a talent show on February 27

to raise some much needed funds for the club. This will take place in the Jubilee Junior High School.

There will be more news on this event next week. Plans are filled with the promise of a most enjoyable and entertaining evening. So see to circle this date on your "special events" calendar.

For the information of present and potential ski club members here are six good reasons for belonging to this active recreation club:

1. Reduced season membership at Silver Summit.
2. Free educational program (when available).
3. Reduced ski lesson rates at Silver Summit.
4. Reduced ski equipment cost: 10% reduction on all ski equipment from the pro-shop.
5. Timely rental of complete ski set for beginner skiers.
6. Social interaction among skiers.

Due to the cold weather we had cancelled two previous meetings.

Because of the resignation of our president and vice president, who were third year members, an election was necessary.

The new executive is as follows: Jodie Ritzberger, president; Helen Shand, vice president; Jeannette Rouillard, club reporter.

The girls then divided into their sewing groups, first and second year. We

discussed for the new club members for the new club members. After a delicious lunch our meeting came to a close.

Our next meeting will be held at the McArthur home at 7:00 p.m. on Tuesday, February 11.

Club Reporter Jeannette Rouillard

Mrs. Mary Gavin left this week for a holiday at Victoria, B.C. Mrs. Gavin expects to be away for at least a month and is looking forward to the lovely weather or that is reported from the Coast at this time.

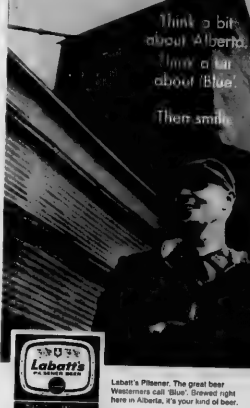

Have You Considered Canadian Citizenship?

A session of the Court of Canadian Citizenship will be held at the Provincial Building, Friday, 14 February 1969 for the purpose of swearing in candidates for Canadian Citizenship.

The public is invited to attend the presentation ceremony at 10:00 a.m. Requesters invited and applications accepted between 9:00 a.m. and 9:45 a.m.

Further information available from Clerk of the Court, Court of Canadian Citizenship, Sir Alexander MacKenzie Building, Room 424, 9825 - 104 Ave., Edmonton, Alberta

The Edson Leader

The Voice of Edson Community

Edson, Alberta Wednesday, February 28, 1939 Vol. 18, No. 9

THE 10 MILLION CUBIC FEET of gas (daily that is) being by-passed by the flare at the Windfall gas plant 45 air miles north of Edson last Friday night without the huge gas facility against the night sky. The rest of the daily 100 million cubic feet of gas that normally is processed daily at the plant had been shut off on incoming gas feeder lines. The safety precaution of flaring the gas following a steam explosion that caused the death of three men and injured six others is standard procedure.

Three men die from steam pipe explosion

Two Edsonians were killed Friday at about 3 p.m. when a steam pipe exploded in the boiler room of the gas plant at Windfall 45 air miles north of Edson.

The men were three men who were on duty when the explosion occurred.

Rail butt-welding may last five years

Local CNR Agent, Mr. Warren Keele had some interesting news for the Edson Chamber of Commerce meeting last night.

Mr. Keele said that the Canadian National Railway will be operating in the world's largest welding shop in the Edson CNR yards.

Due to the war in Spain, the railway is now operating in the world's largest welding shop in the Edson CNR yards.

There were not too many citizens in attendance as we feel it is desirable to publish as complete a report as we can all in one issue.

was originally scheduled to be over in six months. His duties as head of the operation are now decided that it is now only six months to set up for such a short time, instead of welding rails for B.C. only the plan now is that Edson will be the headquarters for welding rails for the Alberta and Saskatchewan.

It is expected that the operation will now take five years instead of six months and as it will employ approximately 10 men for this time it should add considerably to the economy of the town.

Mr. Keele also said that the Edson staff is also doing local killing once more. This has been done in Edson for the past few years, but has not proved to be satisfactory. This could also mean a decrease in the local office staff.

BY THE WAY, "BOLKAGE" WINDFALL "WINDFALL" EDSONIAN "W" J

'Drastic' measures discussed by local taxing authorities

Representatives from Hinton, Wm., and Edson municipal governments met in Edson Tuesday afternoon to discuss a three-level increase in the property tax by 15 mills for school purposes as projected in a preliminary budget drawn up in Edson School Division.

The extra 15 mills would be added to the nearly 20 mills for "municipal" school taxes in 1939, but the extra 15 mills would be added to the 1939 tax and above the "three-level" program which will be 28 mills plus from 1939 school taxpayers for school purposes.

When originally presented by the provincial government at several years ago the amount was intended to solve the inequalities experienced by property owners in some parts of the province.

Previously there had been "equalization" and other grants to help hold down property taxes in places such as where "disparity" in assessment existed alongside a swelling population.

The first "disparity" question amounted to only a few mills, but the Hinton government established the principle of this year to question and our members increased through the years to the point where the "disparity" school taxes in Edson School Division would appear to be in the neighborhood of 15 to 20 mills.

The men had been engaged in a committee project by Man-Max Construction of Calgary who are engaged in installing additional equipment at the Edson Golf clubhouse at Windfall.

Area development subject of ARDA course

A course in the social economic principles and practice in area development jointly arranged by the Department of Extension, the University of Alberta and the Alberta Department of Agriculture was held in Edson, Alta. from February 2 to 21 inclusive.

The purpose of the course was to help all interested people, both professionals and non-professionals, in the techniques and process of the inter-disciplinary approach to socio-economic development.

Although many resource development programs are being carried out in other parts of Canada and North America, the program in C.D. 14 has been classified as one of the outstanding and major programs in social economic development. Because of this, Edson was chosen as the most logical location for this course.

Representatives from New Brunswick, Manitoba and Alberta, 22 people in all, were enrolled in the course.

Lectures were given by personnel from Agriculture Extension, University of Alberta and Human Resource Development Authority as well as by members of the ARDA Edson staff and people from the area.

A most significant contribution to the three week course was the participation of local people. By discussion with local people who were involved in either reclamation, farm reorganization, training or the land clearing project, the students received an exceptional amount of first-hand information.

Farm families, in the area, know only too well the many trials and tribulations encountered when trying to put into operation the many programs that have been brought forth by their own committees.

Senior citizens had the opportunity of seeing the Farm Adjustment Committee in action. The week made aware of the many obstacles that are faced by these people.

Local Service Agencies and local people concerned had brought about the formation of the Human Values program. Through panel and individual discussion it was made clear to the seminar students how the Human Values field is not only a social service field, but also a social service field.

The contribution made by the local people, by the local people, led the course participants with a strong impression that any active program in which they might become involved, requires the active involvement of the people concerned in order for such a program to succeed.

Policies and programs that are designed for people can best be evaluated by the people themselves.

Guides and Brownies observe Thinking Day

Our country had been "It's Thinking Day."

Announcement: Brown Owl of the 3rd Edson Pack, was the MC of the program.

Initiative Japan, District Commissioner of Brownies, Guides and Rangers, for the Edson area, gave an interesting talk on the World Friendship Day.

The Guides and Brownies repeated their Promise, Law and Motto.

The program opened with the Guide's color party bringing in the flag, followed by the singing of O Canada and a prayer.

The program was presented to "light up the different member countries of the World Friendship Day."

The Brownies would say a verse pertaining to the country they represented, one carried the flag of the country, and a third Brownie guided their way to the Treasure chest.

Thus, in rem of their, the Brownies repeated this ceremony until each member

WINNERS of the recent model craft contest sponsored by Redman's Store were these grinning boys, Kelly Hays at right who won 3rd prize with his tow truck and car and Bryan Village, 2nd prize for his Fire Bee and Dodge Charger. First prize winner, Larry Elmerman, was not present but his model, a glistering Harley Chopped Hog is in the foreground.

The 1st Edson Pack then presented dolls, dressed in the native Brownie uniforms of the country they represented, to the Treasure chest. The dolls were then placed into the Treasure chest. The dolls were then placed into the Treasure chest.

The 2nd Edson Pack sang the traditional Brownie song "Lead a Horse," which was enjoyed by all.

The program closed with the singing of the World Friendship song, as the Guides and Brownies departed.

The program was presented to "light up the different member countries of the World Friendship Day."

The Brownies would say a verse pertaining to the country they represented, one carried the flag of the country, and a third Brownie guided their way to the Treasure chest.

Thus, in rem of their, the Brownies repeated this ceremony until each member

Council sticks to zoning regulation on 4th East

Council at their regular meeting February 18 would not go along with a request from Totem Motel for permission to build closer to the west property line than ten feet. Negotiations had been conducted on the matter over the past several months on behalf of the motel.

Present for the meeting were Mayor L. F. Griffith, Councilmen Elmer Clifton, Dr. E. E. Crawford, L. J. David, E. R. Hite, and L. F. Kishner and two citizens. Mr. Griffith addressed Council with regard to a proposed living quarters addition to the Totem Motel and asking that Council permit increased zoning the 10 foot motel side yard requirement, or otherwise permit.

How to erect a structure within 5 feet of the west property line. Drawings were submitted showing proposed structure with 3 foot side yard and another with 10 foot side yard (the latter conforming with By-Law).

Council approved the suggestion of an overlooking sign.

by Moore Creek Lumber Company, of previous Lots 18 to 22, Block 8, on the basis of their plans and information. Council decided not to approve the subdivision of Lot 2, Block 2, without a general plan and in view of there being no sanitary or water service to area, and in view of there being no water service to area, and in view of there being no water service to area.

A proposal of the Cultural Development Branch that a section of the Edmon System show, December 1968, concert in Edmon, March 14, along with a school program to be conducted at that time, and that the School Division and the Town, each, make a guarantee of \$300 toward expenses, was placed before Council.

Council approved by Mr. Welch, Recreation Director. It was pointed out that an admission fee would be charged for the concert and the proceeds would reduce the sum of guarantee required. The School and Recreation Board would attend to the plan for concert.

A motion that the Town make a guarantee of \$300 toward expenses of the symphony concert was carried.

A subsequent motion that a guarantee in sum \$300 along with a similar guarantee from the School Division, with respect to the costs of the symphony concert on a basis of the admission fee for reducing such guarantee was carried.

Council asked that with respect to requests for grants being made by municipalities, organizations, it be indicated that it is not the policy of the Town to make a grant (except of its economic limitations) and that a certificate be issued.

The Mayor and Secretary were authorized to sign the agreement, as prepared, with respect to the issue of a parcel of land 200 x 200, adjacent to the north side of the Agency, in the Department of Lands and Forestry.

By-Law No. 1133, providing for the regulation of the operation of power toboggans was given third reading and passed following first and second readings at Council's previous meeting.

The Power Toboggan Control By-Law is to be published in the Edmon Leader.

The Town Manager was authorized to meet with representatives of the Department of Highways and the Attorney General's Department, along with the Mayor, Manager of Edmon and a representative from the Department of 14th Street Affairs, for the purpose of discussing problems related to the drafting of new Traffic By-Law and the use of traffic tickets and/or parking tags for general motor offenses.

A letter was read from the County Minister, Department of Municipal Affairs, confirming that the Department is endeavoring to amend the related Act with adequate safeguards.

A young son brought some his school report card and explained to his father why his marks were so poor. "Remember, Dad, I am an ordinary son of ordinary parents, and this is an ordinary report card."

to permit a Councilman to buy a residential lot. Council was advised of the proposed adjustment of monument with respect to Lot 1 to 10, in Block 18, made by the instruction of a 10-meter lot.

R.C. Gregg was appointed to represent and vote on behalf of the Town of Edmon at the meeting of the Alberta Municipal Financing Corporation, in Edmonton, April 14th.

Council approved the 1969 budget of the Edmon Public Library Board and the proposed requisites of \$4800.

A bacteriological water report, indicating satisfactory conditions, was placed before Council.

Council granted its approval in principle to the proposed section of the 12 to 16 to 16, Block 2, on the basis of plans submitted by Mr. W. Mills.

The Town Manager requested on the preparation of the amendments to be affected to the Zoning By-Law No. 1020 as required by the amendments to the Planning Act. The proposed amendments requested to make the By-Law conform with the Planning Act, now to be submitted to the Director of Town and Rural Planning for inspection on its implementation.

The Public Committee was to be instructed to look into the matter of the duration, cost and possible coverage of outdoor with respect to the proposed sign at 4th and 4th following a report by Councilman Welch as a Chamber Commerce representative.

A letter from Councilman McElroy and an understanding from the Edmon Telephone Advertising Service, were read and Councilman McElroy further reported on the proposed set-up of an emergency call service. The matter was further discussed and it was agreed that the Committee should examine proposed coverage for Police calls only using the present number and extension line.

Mayor Griffith presented the request of the Yellowhead Association for a grant in the sum of \$400 toward the promotion of the Yellowhead Association to pay for cost of 1969 map and other literature. The proposals are to be taken to the Chamber of Commerce with the indication to the Chamber that the Council is prepared to go along with an increase in its Chamber grant to cover the required amount.

Timekeeper at CN dies

(IN MONTREAL) John Francis Mackay, 64, a timekeeper with the Canadian National "hustler" crew at the Edmon yard died unexpectedly on Tuesday.

Mr. Mackay's body is being shipped to Toronto, B.C., where his family resides.

Edmon Funeral Home was in charge of arrangements from Edmon.

Days of sadness still come to pass.

For memory keeps you ever near us.

Though you died one year ago.

Some day we hope to meet again.

Some day we know not when.

To clasp their hands in the better land.

Never part again.

Always remembered and truly missed by the Schindler's Family.

Days of sadness still come to pass.

For memory keeps you ever near us.

Though you died one year ago.

Some day we hope to meet again.

"Mississippi Melody" is the title of Jubilee High School's fifth annual opera. The first production of the Adventures of Tom Sawyer and Huckleberry Finn is adapted from the familiar home-opera written by Mark Twain.

It is to be presented by the students of Jubilee High School, who will have their first rehearsal on March 20, 21, and 22, in the Junior Gymnasium.

The cast and chorus include the following students who have been selected by the director:

Mr. Grasso who is stage manager, and Mrs. Craig, who will be the musical director.

Tom Sawyer and Huckleberry Finn are played by two boys, and the other parts are played by girls.

The music was composed by Mr. Grasso, and the lyrics were written by the students.

The opera will be presented at the Jubilee High School auditorium, beginning on March 23, 24, and 25, at 8 o'clock each evening.

Ticket costs will be held on March 14, 21 and 22, at 50 cents; on March 23, 24 and 25, at \$1.00.

The proceeds from the sale of tickets will be used to defray the cost of the production.

Shades of Joe Unwin!!!

If you can remember when Joe Unwin was MLA for Edmonton provincial constituency, then you've an old timer. Joe was a regular guy and had driven taxi in Calgary in the thirties. He sometimes drove the late William Aberhart from and to his Prophetic Bible Institute. Later Joe was chosen to run as a Social Credit candidate against the late Chris Patterson, then of the Co-op Branch, who had been straight Labour MLA representing Edson constituency.

As we have said, Joe Unwin was a regular guy who chose Social Credit as the answer to our ills during the depression—and he wasn't alone as Mr. Aberhart was swept to power in 1935 and his party has remained in power ever since.

The bogies of those days were the "money hoarders" of R. James Drost in Montreal, the "big business," and the international bankers who had brought on the depression for their own nefarious purposes. At any rate a lot of people believed this to be true and voted for the party that held out some promise in those dark days.

Then there was Major Douglas, a Scottish economist who had invented the Social Theories of monetary reform of the banking system but did not believe in direct political action. He felt that the monetary adjustments which he advocated should be made through existing political parties. But to make a long story shorter, he agreed to despatch a couple of his lieutenants to help Alberta put Social Credit into practice. One of these gentlemen was an L. D. Byrne.

L. D. and our Joe, whom we all came to like after we got to know him, put out a pamphlet calling some of the people who did not agree with the monetary policies of Social Credit (i.e., certain Liberals and Conservatives) by the term "bankers' loaders" among other things.

Following a well publicized trial for libel and slander, Joe got a jail sentence of about six months and Byrne got 18 months. This all occurred in the early years of the war. Joe didn't run again and subsequently the late Norman Williamson became our MLA and served until his death.

So we wonder what Joe, and the hundreds of people who voted Social Credit through the years, think about last week's announcement that former Premier E. C. Manning had been named director of the Canadian Imperial Bank of Commerce and a few days later a director of Stelco, the huge steel complex!

It has taken nearly 35 years for the wheel to turn full circle!

...and if you're NOT
an Old Timer....

For our more youthful readers who were not around, or hadn't been born when Joe Unwin went to jail for calling his party's enemies "bankers' loaders," perhaps we should explain what monetary reform as envisioned by believers in Social Credit theories was more or less about.

During the world wide depression many answers to the lack of "purchasing power" (money with which to buy goods) were put forward all over the world. Mussolini made the trains run on time, Stalin had his five year plans, Hitler stimulated the German economy with road building and secret arms production. Mackenzie King had defeated R. B. Bennett, whose policies had worked against the depression which was settling over most of the world.

But here in Alberta we had the world's first Social Credit government. Critics said the "mountain men" or "printing press" money was inflationary. But Social Crediters said that was just what we needed as deflation had caused a lack of purchasing power in the hands of the people. The A plus B theory explained in the grass roots came to mean that a "national dividend" for every man, woman and child (the figure of \$25 per month was quoted) would make up the difference between the goods produced and the money in circulation to buy it back.

There were slogans about "poverty in the midst of plenty." There was to be the "just price system" (it's the just society now). Then Ottawa outlawed (declared ultra vires in the courts) what legislation Social Credit passed in the Alberta Legislature. In all these charges and counter charges and technical arguments aside, what Social Credit meant to the ordinary voter was that the bankers were to blame for our lack of money in circulation—therefore were to be considered enemies of the people.

Perhaps Mr. Manning by working from the inside can get the bankers to change their ways. Certainly he has the experience and the background for it.

Will Towns
Survive?

Small towns and villages are fighting for survival. This may not be news to planners, but it's obvious that many small town business people are either ignorant of the fact or are living on successes of the past. When you add to this the present policies of government that encourage big city expansion, the chances of survival for small towns and villages become very dim.

It's interesting to note that the average age of business people in the smaller centres continually grows. To paraphrase an old saying: "It's hard to keep young people's down on the farm after they've seen the opportunities and amenities of life in the city. Young people, educated in city centres as institutions of learning, do not return to the towns of our land because to fulfill their careers is located in many smaller centres, where there is no industry or centralization of work of any sort, only those young people remain who are required to fill the position made vacant by the retirement of older persons."

One solution, of course, is the establishment of industry or the centering of services in smaller communities. This would encourage the retention of lower average age persons in these communities.

While we feel that government can encourage industry and services to center on smaller communities, much needs to be done by the communities themselves. The communities must make themselves attractive to industry and this is most important. Communities that are attractive places to live are well on the way to taking themselves as locations for industry. Hard topped curbed streets, attractive building sites, modern shopping facilities, and other amenities that create an impression of cleanliness are a prerequisite to the luring of any enterprise that requires a number of employees.

Teachers to hold
institute on Friday

D. BRICHT, ATA P.R.O.

Approximately 370 teachers from the Edson School Division and Jasper School District will take part in an institute on "Testing Evaluation" at the Parkland Composite High School on March 7.

The institute will take place from 8:00 a.m. to 5:30 p.m. Students will not attend school on that day.

Purposes of the institute is to review the situation of teachers on test construction as that the teachers' objectives in the course are effectively evaluated. This, in turn, forces the teacher to take a harder look at the objectives of teaching.

During previous institutes this institute will involve only teachers from this area as made speakers. It promises to be very rewarding, both for the teachers and their students, who will have 10 days improved testing and teaching practices.

The public is cordially invited to attend.

Family arrives

Mr. Roy Johannes, a member of the Jubilee 5, High School staff from Kingman, Jamaica, made a flying trip home last weekend to accompany his family back to Edson on Sunday.

Ray is probably the happiest son in Edson these days as that his wife and three youngsters are with him once more.

HERMAN LINDGREN was 80 years young last Friday and was guest of honour at an Edson Moose staff coffee party to mark the occasion. Another of Edson's Senior Citizens, Mr. Bill Macdonald was 85 years old on Thursday. Congratulations and best wishes to you both.

still a new, memories don't fade, they just grow deep. For the ones we loved and could not keep. Sadly missed by his wife, Miss, Eldridge, Willes, Louie and Herman and Mary Lou.

IN MEMORIAM
FREDERICK PRYER - In loving memory of my dear husband, Father and Grandfather, Frederick Pryer, who passed away March 26, 1967. It matters not what day the World Day of Prayer supports Christmas celebration around the world.

12-EDSON LEADER, Wednesday, Mar. 5, 1969

With the recent ARDA course in social economic principles and practice in area development as an end, participants in the class, lecturers and members of the local ARDA staff enjoyed a closing banquet February 21st. Those attending included the following:

Left to right: David Catmur, Peter Musko, Dr. B. Proudfoot, Dr. M. Hewlin, (all from the U of A) and Fran Cullon.

Pat Sheehan, assistant ARDA co-ordinator of the Edson office who had a great deal to do with the course; Dr. E. S. Baitanyay, Alberta Deputy Minister of Agriculture; Alton Taylor, Councillor Supervisor for Community Development in New Brunswick; Edson Mayor Jim Griffiths.

Left to right: Dr. W. R. Beare, Professor of Agricultural Economics at U of A; Mona Cox, Supervisor of Home Economics; with the local staff members: Annette Clift, Ruth Adams, guest Mrs. Gene Gilland and staff member Sister Hilder.

friends of the family

These companies, some of whose trade marks appear above, and hundreds like them, create, manufacture and sell a vast range of products and services. Chances are, these products were involved in your growth as a young family. They are the good things that are part of our good life and advertising helps good things happen.

advertising helps good things happen

Regional Resources Co-ordinator Frank Belyea seems to be saying "Let's get on with it" as he presents Gene Gilland with a certificate on completion of the course. Mr. Gilland is executive co-ordinator in dealing with the local ARDA office. (See page 12)

ANNOUNCEMENT
Mr. and Mrs. Morgan Alton of Fort Saskatchewan, Alberta, are happy to announce the engagement of their daughter, Tracy Jean to Mr. Randy Pyle, son of Mr. and Mrs. John Pyle of Edson. The wedding will take place in Fort Saskatchewan, Alta. on April 12, 1969.

ANNOUNCEMENT
Mr. and Mrs. Joe Drayton are pleased to announce the engagement of their daughter, Margaret to Mr. Robert D. Velette, son of Mr. and Mrs. Ed Velette of Edson. The wedding will take place in Edson on April 12.

Former Edson resident Lorne Larson, now Youth Representative at High Prairie receives his certificate from Mr. Belyea.

TAX TIPS

This column has been prepared by the Edmonton District Office, Department of National Revenue, Taxation. The questions are common ones, and the answers usually straightforward. However, unusual circumstances sometimes alter the answer. If your question isn't answered here, or is in the Income Tax Guide, please call 424-0213 in Edmonton or write National Revenue, Taxation Education for free advice.

1. Q. I have an adopted son, aged 3. Can I claim him as a dependent?
A. Yes. Generally speaking, you can claim any child under 21 as a dependent provided that he is dependent on you for support, you actually support him, and you are either his parent or his legal guardian.

2. Q. I have an adopted son, aged 3. Can I claim him as a dependent?
A. Yes. Generally speaking, you can claim any child under 21 as a dependent provided that he is dependent on you for support, you actually support him, and you are either his parent or his legal guardian.

3. Q. I was transferred to another city in 1968 and we decided to rent, rather than sell, our house. I understand I can deduct capital cost allowance on the house for the year. Can I claim \$500 and still have to repay the Family Allowance to do that?

A. You can claim the \$500 exemption for a child who reached 18 years of age at any time during the year, the amount of Family Allowance received for the child during the year before his birthday does not make any difference and does not have to be repaid in order to claim the exemption.

3. C. I was transferred to another city in 1968 and we decided to rent, rather than sell, our house. I understand I can deduct capital cost allowance on the house for the year. Can I claim \$500 and still have to repay the Family Allowance to do that?

A. You can claim the \$500 exemption for a child who reached 18 years of age at any time during the year, the amount of Family Allowance received for the child during the year before his birthday does not make any difference and does not have to be repaid in order to claim the exemption.

A. Yes. If as a result of the sale you recovered all or part of the capital cost allowance you have claimed in prior years, the amount so recovered is subject to tax. If you sell the house for a profit, you may claim the difference in a deduction in the year. In the case of a loss, the loss is deductible in the year. If you are in a loss position, they may be included in current income tax returns or they may be used under special provisions in the Income Tax Act.

A. Q. What may I claim as wages in my children for work on the farm?
A. Basically, wages paid to a child for work performed in producing income, such as the sale of produce, would be in line with the work performed and what might be paid to a stranger to perform the same work, and must have actually been paid.

MR. AND MRS. EDWIN THOMAS PREECE

Redman, while multi and several green velvet dresses with a cascade of white lace and a white skirt in the bride's train.

The December 28 wedding of Shirley Margaret Preece and Edwin Thomas Preece of Edson, Alta. The bride is the daughter of Mr. and Mrs. C. E. Preece.

Mr. and Mrs. Preece, who are now residing in the city of Edmonton, were married at the home of the bride's parents, Mr. and Mrs. C. E. Preece, on December 28, 1968.

The bride wore a strapless, floor-length gown of white tulle with a long train. She carried a bouquet of white flowers and wore a white veil. The groom wore a dark suit and a white shirt with a red tie.

The ceremony was performed by Rev. J. J. McNeil. The bride and groom were accompanied by their parents and other family members. The reception was held at the home of the bride's parents.

The bride and groom are now residing in the city of Edmonton. They have two children, a son and a daughter. The bride is a graduate of the University of Alberta and the groom is a graduate of the University of Saskatchewan.

Wednesday, Mar. 5, 1969, EDSON LEADER-13

Local girl on Honor Student

The centre of the bride's table was decorated with the three tier wedding cake, made by the bride's mother, flanked by white candles, gold and silver linens.

Telegrams were received from Mr. and Mrs. M. O. O. of Vancouver and Mr. and Mrs. T. D. Williams of St. John's, Nfld. A phone call was received from the bride's mother, who was in the bride's room at the time of the wedding.

The bride and groom are now residing in the city of Edmonton. They have two children, a son and a daughter. The bride is a graduate of the University of Alberta and the groom is a graduate of the University of Saskatchewan.

16-EDSON LEADER, Wednesday, Mar. 5, 1968

Club News

YELLOHEAD 4-H DISTRICT—Each team would play at least 30 round games.

A very successful meeting of the Yellohead 4-H District Council was held Feb. 18, at 8:30 p.m. in the Edson Provincial Building.

Mr. Jack Humphreys reported to the Council about the Youth 4-H Region at Council meeting, which he attended as a representative of this Council. 144 4-H Clubs from 10 Districts were represented at the Youth 4-H Council, where the administrative functions of this body were defined.

Mr. Humphreys also out-

lined the 4-H Council to be held March 23 at 8:00 a.m. in the Edson Provincial Building.

The Public Speaking Competition was discussed. The Yellohead District will hold a speech-off on April 12 in the Edson Parkland Vocational High School.

The three top conductors from each club will participate in the District Speech-off. The winners of this speech-off will be able to participate in the final, which will be held April 18 in the Edson Provincial Building.

The Edson and Youth 4-H

There will be a Thursday 4-H Club and Youth 4-H Council meeting on Thursday, April 12 in the Edson Provincial Building.

The winners of the Youth 4-H Council meeting will be held at the Edson Provincial Building on Thursday, April 12 in the Edson Provincial Building.

The winners of the Youth 4-H Council meeting will be held at the Edson Provincial Building on Thursday, April 12 in the Edson Provincial Building.

We then went on to discuss when we should expect to moving the old church that is along the Edson-Lake road, to the Lions Park.

Let's Talk Recreation

By Gordon Welch

The Department of Youth has a great structure which is designed to help citizens enjoy life for their recreation programs.

These grants are set up according to a per capita grant. One per capita grant is about \$16,000 in Edson. This grant can be applied for every 5 years. The other grants have been leadership and facility grants.

One possible way of using these grants is to enter into an agreement with the community of close proximity, to form a larger recreational authority. By doing this, we can have a greater population on which to apply for grants. This would enable a larger recreation authority, to afford facilities that the smaller units could not.

There are, however, many other advantages. Facilities and staff cost of operation are shared by more people. I think one of the most important assets of such a plan is the fact that it is a plan for the future.

Mr. B. Second was Mr. B. Second who was third received four bags of beef supplement. Mr. Bruce B. Second made the presentation.

The club would like to thank Mr. Alberta Steinfeld for making a podium for the 4-H Club.

The meeting concluded with the presentation of the Youth 4-H Council in March. We also decided to help certain businesses more in a building known as "Habitat's Room".

We also discussed sending speech-off in Edson later on. The winners of this speech-off will be able to participate in the final, which will be held April 18 in the Edson Provincial Building.

The winners of the Youth 4-H Council meeting will be held at the Edson Provincial Building on Thursday, April 12 in the Edson Provincial Building.

Coming Events

Coming Events must be in the Leader office by 12 noon. Monday to ensure them getting into the issue of that week.

Kin Carnival to feature live music

A new innovation at this year's edition of the Kimmens Ice Carnival will be live music, courtesy of Jim Reil and his organ.

This will give spectators a chance to see and hear not only will they see star performances by Edson's young figure skaters, but they will also be able to enjoy an organ concert by the talented Ed. Reil.

**Former Edison
mayor dies
at Calgary**

A former mayor of Edmonton, Wilmer Dickson, in the period from 1946 to 1963 died in Calgary on Monday. Mr. Dickson had been in failing health for the past several months and had had to take an early retirement from his position as yardmaster with the CNR in Calgary.

There are just two carnival queen candidates this year. Miss Anita Cook representing the St. John School and Miss Annette Coulombe representing the J. High School.

At its regular meeting last week, members of Edison Town Council considered two petitions from 29 local retail merchants. One petition asked for legal opening until 6 p. m. Wednesday for the period June 15 to Sept. 15 each year. The other asked for the 6 p. m. closing Wednesday plus closing for some stores all day Monday during the period Sept. 15 to June 15.

A motion to prepare a by-law along these lines carried narrowly when Councilors Halliwell, Hicks and Kohler opposed the idea.

On the 6 p. m. Wednesday closing with stores being closed, all day, Wednesday.

closed all day Monday, 18 was in favor, eight opposed and three had no comment.

Barber Shops and beauty shops already close on Mondays to the proposed by-law would exempt drug stores, service stations, garages, insurance agents, dry cleaners, tire repair shop, bulk oil agents and printing offices.

By-laws No. 1151, authorizing the Mayor, Spaulding to execute an ordinance on behalf of the Town by the issuance of debentures for the purpose of construction of storm sewer extensions, read a second and

Further meetings were to be held this week with a committee of the Council and the matter is to again be on the agenda for Wednesday's Chamber of Commerce meeting.

Council approved the parking of an office and testing equipment trailer on B. A. Service Station site, Lots 7 to 10, Block 58, by Mamia Limited and not later than March 31st.

The copy of a submission of the City of Lethbridge requesting financial aid from a general fund in the matter of the mandatory installation of secondary sewage treatment facilities was placed before Council. The submission was filed.

Local authorities board

The resignation of a unstable George Michemback was accepted to be effective

It was moved that each police constable, upon being employed, be required to agree that he will, if in default, of his own volition, give up his employment with the Town within the first six months of such employment, and, thereafter, the Town shall not be bound to employ him.

Council decided that Laurence Ouyko be employed as a police constable, at Com. on page 2

COMPANY OFFICIALS of Hudson's Bay Oil & Gas Company Limited who attended the Safety Banquet on March 7 included: Mr. Christie, District Production Foreman; Harvey Hanson, District Plant Co-ordinator and former superintendent of the Edson plant; Edson Gas Plant Superintendent Bernie Hanna; Edson Area Senior Field Foreman Norman Miller; John Koch, Edmonton District Superintendent; L. J. Richards, President of the company and General Manager; C. J. Miller of the production department.

HBO&G Safety Banquet honors Company employees

A picture of the Hudson's Bay Oil & Gas Company Limited activities in the Edson area and all across Canada was painted for HBO&G staff members and guests last Friday evening by company president L. J. Richards.

Mr. Richards worked in the Edson area when the Hudson's Bay Oil & Gas was in its infancy and earned old Blends it was always a pleasure to come back to Edson.

Interesting operations on off-shore drilling were now taking place off the West Coast and through the perpetual ice off the north-east shore of Canada. As Mr. Richards said, the operations would provide interesting job opportunities for volunteers.

John Koch, Superintendent of the Edson District operations of Hudson's Bay Oil & Gas, was on hand with his wife to fill the centre position of the band table in memory of a son who was killed in a car accident.

A highlight of the evening was the presentation of the company Certificate of Commendation to the Edson Area Senior Field Foreman, Norman Miller. This is also presented to a son who was killed in a car accident.

Mr. Miller also presented the company Certificate of Commendation to the Edson Area Senior Field Foreman, Norman Miller. This is also presented to a son who was killed in a car accident.

Mrs. Fred Reynolds and Mrs. Louise Wilson of Edson were also in the audience. While here, they saw the guests at the banquet.

A NON-FLUENT Gerry Nielson was called upon to accept a Safety Award on behalf of the Hudson's Bay Oil & Gas plant last Friday evening at the annual Safety Banquet. Making the presentation is Mr. George Milne of the Workmen's Compensation Board. Master of Ceremonies John Koch is in the foreground.

Thanks Everybody!

We would like to extend sincere thanks to our many friends and customers who have made operation of The Blue Jay Coffee Shop so successful over the past two years.

It has been a pleasure on our part.

We extend best wishes to John Mathews and you who will enjoy the top service you have been accustomed to.

Betty and John

CARD OF THANKS

We would like to say a big thank you to Mr. John Mathews, the ladies who helped us on our way to make the Golden Wedding of Mr. and Mrs. George Polster such a happy occasion.

We appreciate all the help and kind thoughtfulness of everyone.

Lots of work in rodeo planning

It is a great deal of work to plan a rodeo, but the planning is well under way for the 1968 rodeo. The planning committee is working hard to make the rodeo a success.

Program for parents

A program for interested parents in the various aspects of child growth and development will be held Thursday, March 13 at 7 p.m. in the Progress School. The theme of the evening will be "Children in a Changing World".

14-EDSON LEADER, Wed. March 12, 1968

TOO LATE TO CLASSIFY

Lost and Found

Would the lady who took the above boots in from the Edson's residence last Sunday, please phone 721-6996 or return boots to Edson and pick up their own pair. -411

MARCH GOOD WED MONDAY
to purchase registered required supplies each year. Repairs can be done polished quickly with off-type because of cross-pollination or be contaminated with foot-like material.

SCOUT CORNER

The regular monthly meeting of the Edson Cub Scout Group Committee was held in the Provincial Building Conference Room at 8:15 p.m. on March 5, with 11 members from the Committee attending as well as Cub leaders, Don Bailey, Don 11-Horsdale, Harry King and Bob Stuart, assistant leader, Shirley Woodruff, John Thompson and Reg. Sandy and scout leader, Chuck Lane.

Prior to the opening of the meeting Lloyd Bousert showed slides of the Cubes in location during 1968 and the ice skating derby held on February 26.

Dennis Scott reported on his conversation with Don Bailey and Don Stuart concerning the leadership training program that we wish to commence.

A meeting will be held at 8:15 p.m. at the Pine Grove School for all leaders, assistants and interested parents in order that the type of leadership program required can be established.

Ralph Bradley reported that he had contacted a driver who had volunteered to drive our Cubes and Scouts to Edson for their visit to the plantations and in return.

The Edson Cubes have indicated that their bus would be available for this purpose on a first come first serve basis.

It was decided that two trips will be made if sufficient support is requested.

Coder and half of the Scouts will go on April 19 and the Scouts and half of the Scouts will go on April 20.

An optional drive for the Scouts will be April 21. The leaders were to advise how many Cubes would be going on this trip and advise at a Transportation Committee meeting to be held on March 26.

The meeting was adjourned to write to the plantations and museum to confirm the cost for our Cubes and Scouts attending these plantations. Shirley Woodruff, Sig Munday and Barry Waters will serve as a committee to organize these trips.

John Thompson will coordinate Cub groups in Edson to try and arrange a community hall facility for our Cubes.

The leaders were to advise and Scouts to eat their lunch and possibly meet with their counterparts in the city.

PACK REPORTS:
Coder - (reported by Shirley Woodruff)
13 boys registered with an average attendance of 21.
10 boys registered with an average attendance of 8.
There is not sufficient membership in this pack to make it worth while for the pack to continue if the best interests of the Cubes is to be attained. It was decided to abandon the third pack after the meeting on March 7 and to amalgamate with the Tamarack pack which meets at the Empire School.

Ayes - (reported by Bob Stuart)
18 boys registered with an average attendance of 14.
Tamarack - (reported by Harry King)
20 boys registered with an average attendance of 17.
Scout - (reported by Chuck Lane)
10 boys registered with an average attendance of 11.
A leadership party was held on March 7 commencing at 7:00 p.m. with all Cubes and Scouts meeting at Williams Park by their own means. Lenora Schell and Uli Fendrich were responsible for the evening.

Sig Munday and Lydia Berke were appointed as members to the Ways and Means Committee, replacing Lloyd Bousert and Ross Lindsay. A third member is to be added when one is available. A decision was reached concerning the procedure on passing the Cubes for their routine proficiency badge.

It was the opinion of the Group Committee that the individual Cubes should work their own examination who will

KID CARNIVAL WORKSHOP—Mr. Brooks Carpenter, the man with the fantastic ideas for ice carnival scenery and costumes, discusses some of the work to be done before carnival time, with Mrs. Harold Armstrong and Mrs. Ken Chahak. Mothers, sisters and other interested persons are up to their elbows in preparations for the Kid Carnival which will be held March 28 and 29.

Bill Hume, Team Player, Athlete, Skater, Albert Roper, Vancouver, Gary Malin's, Team Player, Red Star, Skater.

Viggo Brown, Artist, Stuart Jensen, Blue Star, Ben Woodruff, Skater's Badge.

Don Knack, Reader's Badge, Wayne Knack, Reader's Badge, Gordon Stockhold, Artist, Richard Rasmussen, Collector's Badge.

Doug Mack, House Order, Tony Kasper, Team Player, Pei Kasper, Team Player, Rodney Baller, Reader's Badge, Blue Star.

Darrell Bousert, Red and Blue Star, David Fleming, Carpenter's Badge, Roger Baller, Team Player.

Up to Jan. 14, Edson Cubes have earned the following: Sun and Ranger, Red Goldie, Red Star, Green Star, Thunder, Jeff Goldie, Blue Star, Mark Hume, Red Star, Shaver's Badge, Team Player.

16-EDSON LEADER, Wed. March 12, 1968

Pine Grove holds Open House for Education Week

A successful Education Week Open House was held at the Pine Grove Elementary School in Edson on Tuesday evening, March 11th. Many parents and interested persons (approximately 220) were present to see the various displays of folk dancing, gymnastics, music, art, and many classroom displays.

The folk dancing opened the program with the dance "Once over the Bridge" led by young square dance caller, Mark Vennema.

The folk dancing which is taught as an extra-curricular activity, is provided to develop a sense of rhythm and graceful

movements. Another important objective is to develop desirable social adjustment attitudes among the girls and boys.

The physical education demonstration was a showing of a little more to be learned and of correct work being done during class time. The grade 4's worked on a variety of apparatus to experiment with they will eventually build movements connected with up to more sophisticated and highly skilled exercises.

Another source of information was the music room where many parents took advantage of this opportunity to observe a demonstration class of boys and girls show their skill in the various ex-

periments. Another important objective is to develop desirable social adjustment attitudes among the girls and boys.

Jr. High School students Science Trip to Edmonton

A group of 20 Grade 7 and 8 students paid a visit to Edmonton on March 9 to see the Provincial Museum and the Queen Elizabeth II Centre.

The first group of students were taken for what the students wanted for lunch. In Edmonton we left our cars at the A & C and then went to the museum.

At the museum, we split up into three groups. The girls went with Mr. McBratney and the rest of the boys went with Mr. McBratney and the rest of the boys went with Mr. McBratney.

There were many interesting exhibits.

For further action about the different things the students made of wood. There was also a section on land where they had studied outdoors. They had a temporary display on the larger animals of Alberta.

There was a display on Australia and another on the North West Mounted Police.

In another section, there is a display of the early years. This section showed farm implements and old cars that the plowmen used.

There were two other exhibits. The exhibit of dinosaurs and the exhibit of the early records of Alberta were kept.

At 12:10 we went to the A & C where we had lunch. After lunch we went to the Planetarium, but the show did not start until 1:30 so most of the students went to the planetarium to see the show.

On the drive they projected the night sky. The planetarium gave a lecture on the different constellations and showed us how they look.

After that we came home quite satisfied with our trip. Special thanks to Mr. McBratney who took their time to take us to Edmonton and to the bus driver, Mr. Sawatzky, who drove us safely to Edmonton and back.

Billy Gold, President of Science Club

Attend meetings at weekend

Mr. and Mrs. Art Sartin, Ken Sartin and Sandra Gertis drove to Olds last weekend to attend Victoria Day at Olds Agricultural and Vocational College. They enjoyed the tour and found college facilities and new residence very interesting. Mr. and Mrs. Sartin are students at the college this term and Ken plans to attend this coming fall.

They were accompanied as far as Red Deer by Mr. Dennis Scott, gym teacher at Pinegrove School. Mr. Scott attended a meeting of soccer enthusiasts in an attempt to organize a soccer league in Alberta. Officers were set up and a subsequent meeting has been called to continue organizational plans.

GOOD SEED MONTH is a time to remember good germination affects harvest yields. Poor harvesting means that less fall-killed weeds are left in the ground. It is important to have a good high in germination and is reasonably priced. A farmer's duty.

COMET L. ONYAKO, vice president of Edson students, is the newest member of the Edson Police Force.

Comet, Onyako has previous police experience having served five years with the RCMP in Peace River and Edmonton before coming to Edson seven years ago.

He was a member of Carlotta's men's staff for five years and has lately been working for Schering Contractors Ltd.

parts of the music program.

Lunch was served by the staff of the Pine Grove school with the help of a few of the wives of the teachers.

Earlier in the week, Assistant Superintendent, Paul Mitchell brought his wonderful collection of stuffed birds and animal parts for a display in the library.

You won't find a fresher color concept in a month of sun-days. Lime Lili! A dynamic blend of Spring greens and mellow golds.

In pure wool weaves, including Garnet's Sain-facet Venetians and Olmest work. All this, plus the linen Progress tailoring even.

Coming Events

Comet Food Items must be in the Edson office by 12 noon, Monday to ensure their getting into the line of that week.

FRIDAY, MAR. 14 - Edson Town Band Concert in the Jubilee B. High School at 8:00 p.m.

WEDNESDAY, MAR. 19 - Klomten Tex and Fashion Show at 8 p.m. in the Parkland Composite High School. Tickets available from all Klomten.

FRIDAY, MAR. 21 - The Edson Christian Reformed Church will hold a bazaar and bake sale in the Legion Hall starting at 7:00 p.m.

THURSDAY, MAR. 21 - The Edson High School will present their annual opera in the school auditorium. This year the show is "The Secret Life of Plants".

SATURDAY, MAR. 23 - The Edson Figure Skating Club trophy competition.

SUNDAY, MAR. 30 - Plans to attend the Edson Centre "The Secret Life of Plants" at 2:30 p.m. in the Jubilee B. High School, sponsored by the Edson 50th Annual Assoc. and presented by the Edson Centennial Club.

You won't find a fresher color concept in a month of sun-days. Lime Lili! A dynamic blend of Spring greens and mellow golds. In pure wool weaves, including Garnet's Sain-facet Venetians and Olmest work. All this, plus the linen Progress tailoring even.

SHADES OF THE PAST--The clock will be turned back to the days of Mark Twain this Thursday, Friday and Saturday when the Jubilee Jr. High School Glee Club presents their annual operetta--this year, "Mississippi Melody". The operetta is based on the story of Tom Sawyer and will present this popular story in musical form. The operetta is under the direction of Mr. Wm. Lauterbach and Miss Frances Ciccarelli.

Feelings ran high among representatives of businessmen who packed the visitors' section.

Feelings ran high among representatives of businesses who packed the visitors section of the Edison Council chambers for the regular meeting of Council Tuesday evening. Pro and con arguments on the early closing by-laws pretty well presented both sides of the controversial problem that has plagued suc

Local pottery in Canada-wide exhibit

Most of the presentations were from business people who were invited to give the "gray Mondays" during which the legislature was not in session. But it is reported that the "gray Mondays" will be cancelled next year as well as the following year.

His Excellency the Governor in Council has also been asked to suspend the reading of the regulations of the legislature until the end of the year. This was decided on after a meeting of the Executive Council on the 17th of January.

It is reported that the Governor in Council has also been asked to suspend the reading of the regulations of the legislature until the end of the year. This was decided on after a meeting of the Executive Council on the 17th of January.

Canada submit their entries which were to be of original design. Each entrant was able to submit three entries which were to be entered on the Craft Entry cards only.

The Canadian Association of Canada is sponsored by The Canadian Club of Crafts and the Royal Ontario Museum.

My luck will also be doubtful some of their entries along with eleven other exhibitors at the Studebaker Exhibition in Edmonton, Alberta. This exhibit will be open on April 18 to May 2 of this year.

A delegation from Hinton, Wildcat and Edison plus the chairman of the Edison School Divisional board from Peers met with Minister of Education Robert Clark Friday in Edmonton prior to the sitting of the Legislature.

Presenting a brief setting out the tremendous difficulties faced by taxing authorities in the school division in raising taxes to pay for the 35 mills supplemental or unapproved requisition the brief pointed out that over 65 mills would go for school purposes alone if there was no relief from the provincial government.

Mr. Clark questioned the delegation on various points in the brief and on the problem faced in the school division, promising to study the brief and the problem involved in providing services.

Local teachers honor M.D. Meade

Approximately seventy teachers gathered at a banquet in the Edson Motor Hotel on the evening of March 7 to pay tribute to Mickey Meade, Principal of the Parkland High School. Mr. Meade is retiring after spending thirty-four consecutive years as a teacher and school administrator. Twenty-five of those years were spent in Edson. Mr. Meade is well known for his many contributions to the education of the community. He has been a member of the Edson Teachers' Association for many years. He has also served as a member of the Senior High School English Curriculum Committee, and worked on a committee setting Grade 12 Examinations. Edison, Alberta Wednesday, March 26, 1936 Vol. 16, No. 13

Council meeting decision filled

Besides giving two readings to throwing out the early closing by-law regulating store hours, Council last Tuesday evening appointed Mr. Peter Sordak, long-time assistant secretary-manager to the position of secretary-manager of the Town; chose swimming pool personnel and made other decisions. In a meeting that saw the biggest turnout of citizens (because of the closing by-law discussions) in recent years.

Development permit applications of Mr. W. Nichol with respect to proposed residential additions to Town Block 127 was approved. A letter from the provincial Health Division of the Department of Health having to do with an increase of the Town's sewerage system and requesting an extension of sewer funds was placed before Council to be referred to the Medical Officer of Health for advice and recommendations. A letter from the Provincial Planning Director recommending the adoption of the model zoning by-law rather than the amendment of By-law No. 1025, in conformity with the 1926 Act, was placed before Council and the Town Manager advised that the matter had gone back to Mr. Nichol for his opinion.

Council was advised of the receipt of Town's title to Block 26, resulting from an exchange with the Department of Public Works of

Carnival climax this weekend

This weekend will see the climax to months of figure skating for the 90, more or less, teenagers and youngsters who are members of the Edison Figure Skating Club.

After dress rehearsal on Thursday evening the members of the Figure Skating Club will present their two public performances of "Shooting M.D. Season" on Friday and Saturday evenings.

For the past two or three weeks members of the young skating team have been working steadily under the direction of Mr. Brookes Carpenter, to complete a variety of costumes for the act. Mr. Carpenter is a fountain of ideas and talent and the judges feel this fact of the carnival would be easily lacking without his devotion to the project.

The behind the scenes work was completed by Tuesday this week and Tuesday evening the scene shifted to the arena with the prominent Klans on Club members helping in or out of the scenery and getting everything in readiness for the weekend performances.

Figure skating lessons have been given this year by Miss Judy Dolanage of Edmonton and her students have come far in the season. The results of last training will be seen this week.

Besides local talent guests from Hinton and Jasper will perform in the carnival. Comic Bunny McPherson will also be a highlight for the skaters who take part in the competitive skating for small trophies. Spectators are welcome and with each constant thing but very best

FRMA DRUM Mrs Crystal Chahuk during final days of carnival practicing.

Queen Annette or Queen Anita

At of Thursday, the J. High School candidates for Carnival Queen, Annette and Anita, are being held to consider the issue of point getting tickets.

In her own favorite Hinton the carnival queen is often better than in the carnival program. Don't miss being at the arena this weekend for at least one performance of "Shooting M.D. Season". It's going to be something to remember.

K. L. Ward appointed

Mr. Ken L. Ward was appointed at the last meeting of the Edison School Division, as principal of the Parkland Composite High School commencing with the 1936-37 school term. Mr. Ward has served as vice principal of the high school for three years.

He holds a Bachelor of Education degree and a Master of Education degree in Education from the University of Alberta. Mr. Ward will be replacing Mr. M. D. McLean who is retiring at the end of this school term.

Mr. C. E. Veerman, Principal of the Pine Grove Elementary School was granted sabbatical leave for the summer. Mr. Veerman will be absent during the summer months during the Edison School Division for the past eight years.

Permission was granted to the Transbay Junior-Intermediate High School to operate on a fully summerized program in 1936-37. This innovation began in the school in two subjects in 1935-36 and was found to be very successful. Present at the meeting on March 26 were Thomas G.

PETER SORDAK to be Edison's S-M

kind in Block 12. The sum of \$1,000 is to be remitted to the Edison Public Library on account of operations 1935.

By-law No. 1155, repealing By-law No. 1025, relating to the licensing of Const. on page 17

K. L. WARD to be V.H.S. head

Jasper men win free ticket

The first weekly draw for the Klansmen Car Show was on last Saturday. The winning ticket was held jointly by Jim Yonell and Edna M. Yonell and the big prize to be drawn for May 20th at the dance and draw.

There will be a draw made for \$25 (prize of the Car Show) each Saturday until the dance. Tickets are still eligible for the eleven prize draws for May 20th, which include a 1935 Pontiac as well as ten electrical appliance prizes.

HERE IS AN ILLUSTRATION of what some people do with their garbage. Only waste disposal plants have been provided for the people of the town only a public health problem. It also creates a real eye sore. Health authorities made it a point to have the garbage. Future care will be presented under the Public Health Act.

PURE VIRGIN WOOL
The Woolmark is awarded to quality-tested products made of the world's best... Pure Virgin Wool

were presented to the three winners.

Third place winner was Mrs. Linda Roddy, second place winner was Mrs. Clara or Monna and first place winner was Mrs. Linda Roddy.

The trophies were donated by Chris and Peter's Store, Clara's Monna's Dressing and Cosmetics.

The meeting ended with a singing thought by Clara or Monna.

The March 17th Gold Dredgers meeting got off to a late start, due to a heavy snow storm. Only a few of the members turned out but none brought visitors with them.

President Marg Johnson gave the call to order and welcomed the guests. The invocation and prayer were given by Gerry Black.

Hilda Dine, as Topic Master, followed the theme of Faith Gold, as she had some of the members describing their different topics. Joan Ackerman, as Topic Master, followed the theme of Faith Gold, as she had some of the members describing their different topics. Joan Ackerman, as Topic Master, followed the theme of Faith Gold, as she had some of the members describing their different topics.

CONST. PHILIP THIN-AITS With the addition of Constable Philip Thins-Aits, the Edson Town Police Force is now up to full strength.

Constable Thins-Aits comes to Edson from Edmonton where he has been in the constable business for the past few years. Prior to that he served for 1 1/2 years with the Fort Garry Municipal Police, having taken his police training with the Winnipeg force.

At a social on with four children, Constable Thins-Aits does his place in more his family to Edson until the end of the school term. He hopes this will give him plenty of time to locate a suitable home.

and have suffered was three. Joseph, Jerry Tomlinson made everyone feel at ease when he evaluated the entire program.

After Father closed the meeting with the invocation and coffee and music were served as refreshments.

Mary Ann Hagarty was the Treasurer cup for the evening.

The next meeting will be held April 1st at 8:00 p.m. in the Fort School building. Any ladies wishing to come are welcome.

Homesteading

North of Pecos

BY JIM FLACH

A day to me was like Heaven
Two August 2nd, 1907.
It's when I was here all naked and bare,
A boy's creature with hardly a hair,
For several months I was in a bright
And I kept my parents in all night.

At first I cry, then I learned to walk,
I glided a lot, then learned to talk.
The next few years were like to me,
There wasn't a thing I could do, to give
When I was told I would have to go to school
And I tried myself to sleep that night
But I could neither read nor write.
I walked two miles and a half to school
Told the ride in a warm bus as a rule.

It wasn't long before I changed my mind
About school days I was leaving behind,
But school days are over at last
I will soon have forgotten the past.
Now, back to the farm to help my old Dad.
The greatest friend, a young boy ever had.

I've worked in the bush and on the land,
I've worked in the field and in the hand,
I've worked with a team and walking plow,
I've worked with a team and walking plow,
I've worked with a team and walking plow,
I've worked with a team and walking plow.

My seven head friends mention expense,
And a pound of butter sold for just ten cents.
A dozen eggs was only twelve cents,
But a new quilt in line with your cents.
A two hundred pound hog sold at seven bucks
And a dollar bought a pair of my ducks.
A good spring lamb when sold in the fall
Brought you one dollar, and that was all.

A cow in three days had to be sold too,
To even bring you a twenty dollar price.
Two hogs was the price of a pair of gun
And now three ducks spilled you give
but walk in a wagon for my first gun.
There was no radio and not even a phone,
The visited friends and we felt at home.

We had no refrigeration or electric stove,
And no mother served good meals, by gosh.
We had real butter as I home-made bread,
And was so hungry when going to bed.
Butter was done in an old duck churn,
A chair that every person would spare.
My mother spoke of old times and her eyes
I'll be old and blind and fat in years.
Mother made all the clothes I wore,
There wasn't money to buy in the store.

We had all kinds of food - all fruit,
Enough for winter and snow to boot,
Dinner on these days was a lot, to me,
As it was for easier to keep than me at.
I can't say I was a good in the corn,
And now I was found in every farm house,
Check honey prices today in any store
But the bee doesn't get any more.

Now we are always going on strike
The little boy never thinks of the fire,
I haven't had the beam of a bow
Just with a little hand and target L. V. D.
I walked from north until I was done,
There wasn't much time to walk in town.
Now we are late of keepers on the street
And many of them are in their last few years.
They have no money for something to eat,
But we beggars know - we're the most.

With long hair and beard and half dead
We're cut their hair, just let it out,
Try to persuade the beam to take a job,
But not if there is a hawk to rob.

In another seventy five years from now,
People will not work as we don't have time,
With so many in the hydrogen bomb race
And flying objects from space,
If people don't stop this terrible game,
It's very easily could end the human race.

Annual fashion show a pleasant evening

The Edson Kiwanis held their annual Spring fashion show last Wednesday night at the Edson Community Centre. The show was held in the small auditorium of the Edson High School. Fashion was the order of the evening, with the models wearing a variety of styles ranging from the latest in fashion to the more conservative styles of the past.

Former Merchants Bank was long-time Imperial building

The new Canadian Imperial building

Edson's oldest bank branch moved around

One of the oldest continuous businesses in Edson, the Canadian Imperial Bank of Commerce will celebrate its 115th birthday this Saturday, April 13th.

The bank has not always been located in its present location. It was founded in 1853 by Mr. J. H. McLeod, who was the first to establish a bank in Edson. The bank has since moved several times, but it has always remained in the town.

It opened in 1919 in what was known as the Robt. Building, about where the Imperial Bank now is. The building was then a two-story structure with a flat roof.

Since then, the bank has moved several times, but it has always remained in the town. The current building was built in 1968 and is a modern, multi-story structure.

The bank has a long history of service to the community. It has been a part of Edson's life since 1853 and will continue to be for many years to come.

The bank has a long history of service to the community. It has been a part of Edson's life since 1853 and will continue to be for many years to come.

was Mrs. Ruth Martin

who spoke on the topic of

the importance of the 4-H

club in the community

The eighth place winner

was Mrs. Ruth Martin

who spoke on the topic of

the importance of the 4-H

club in the community

Evergreen Saddle Club to sponsor queen candidate

At the April meeting of

the Evergreen Saddle Club

plans were made for

the dance the club is hold-

ing this Friday, April 13.

Originally it had been plan-

ned to make it a luncheon

but many of the members

did not care to decorate

hence it was decided to

sell lunch instead.

The dance will be held

in the Carrot Creek Hall

with music by The Vagab-

onds.

The Rodeo Association

has asked us if the saddle

club would like to sponsor

a Rodeo Queen's candidate

It was decided to leave

the Evergreen Saddle Club

will still sponsor a club queen

as well as a Rodeo Queen's

candidate.

Plans were complete for

the trail ride which will

be held May 18. The ride

will start at 10:00 a.m. from

Edson's Carrot Creek Hall

and will end at the Vagab-

onds ranch. Partici-

pants will then ride to

Carrot Creek where they

will have a pot luck dinner

and then ride back to the

starting point.

Anyone interested in

joining the saddle club

must write to come

along, just bring a member

disk for the lunch, please.

The first prize of the

season will be held May 11

and will start promptly at

2:00 p.m. Only paid-up

members may ride for the

prize and Rally Day.

Mr. Gordon H. Donald

gave a talk on previous rid-

ing and all members were

quite interested. There will

be more discussion concern-

ing this on the day of the

trail ride. It would look very

good if Edson had a member

still seen to perform at

least and to take part in

the trail ride and

join the association.

Anyone interested in

this is certainly welcome to

take part in the trail ride

and join the association.

ManTalk

Whether it's tales of last summer's prize catch—or plans for that big game trip in remote wilderness—it's more fun by long distance.

Just-for-fun talk... fatherly talk... news of exciting successes... last minute holiday plans. Man-talk by long distance is the warm personal way to keep in touch. Remember that box of special files your brother found for you? And that pair of silk socks—the ones you thought were too expensive to buy—that you Mom mailed for your birthday? With special long distance rates after 6 and all day Sunday—you can say 'hello' and 'thanks'—say it personally for pennies! Pick up your telephone tonight—try your voice—try some man-talk!

Announcing

Resumption of First Class Commercial Printing for Edson and District

JAKE BOOS
A First Rate Craftsman

When I went down to sample the mist of the East and represent Jasper-Edson in Ottawa in November of 1967, I felt that it would be better to dispose of the Commercial Printing part of Yellowhead Publishers Ltd. Naming Miss Carol Ahl as editor of Edson Leader and with the co-operation of other long-time staffers, we were able to continue publishing a community newspaper while I devoted my time to the political field.

The divesting of the Commercial Printing Department has not been a complete success as it has changed hands a couple of times in the last year and a half, with the result that the service and quality our customers had come to expect was not always provided.

We are now pleased to announce our association with Mr. Jake Boos, who started in the printing trade with us 13 years ago, and who has since acquired a considerable experience in top notch shops in all phases of printing and lithographic work.

As Mr. Boos catches up on some of the backlog, his craftsmanship will be increasingly available to our customers in the area.

We will revert to the firm name of Edson Printers, which we have tried to make mean quality printing service during the past 30 years.

Sincerely,

Doug Caston

Dance-a-thon Winners—These Six Lasted 20 Hours

Tim Diernacki and Debbie Aranauli

Laura Lee-Normey and Brenda Bigger

Brian Leonard and Olynis Schultz

Three couples complete 20 hours in dance-a-thon

It was strange to hear the heavy throb of dance music coming from the Legion Hall all Friday night and all day Saturday. Many people, adults and teenagers called in to watch for while as the number of contestants in the Kinnamen Club sponsored dance-a-thon gradually thinned out from eleven couples to the final three.

Lee Normey and Brenda Bigger, Laura Lee-Normey and Brenda Bigger, Brian Leonard and Olynis Schultz. One of these three couples could give the other two a run for their money in the Kinnamen Club sponsored dance-a-thon. The dance-a-thon was held at the Legion Hall, 1000 Main St., from 10 p.m. to 10 a.m. Saturday. The couples were: Tim Diernacki and Debbie Aranauli, Laura Lee-Normey and Brenda Bigger, and Brian Leonard and Olynis Schultz. The couples were: Tim Diernacki and Debbie Aranauli, Laura Lee-Normey and Brenda Bigger, and Brian Leonard and Olynis Schultz. Funeral for pioneer resident, Jack Smith

One of the early settlers of the District, Mr. Jack Leonard Smith, died at his home in Edson, Alberta, on April 18, at the age of 86.

He leaves to mourn his passing, his loving wife, Anna, three sons: Jack of Edson, his son Richard in Edson, son Arthur, Mrs. Maudie Pearl of Edson and Mrs. Katherine Myrland in Edson.

The funeral service took place Saturday, April 19 at 2:00 p.m. from St. Catherine's Anglican Church. Rev. J. A. Shiel officiated and interment was in the family plot in Greenwood Cemetery.

During the service, hymns were sung by the choir and the Last Post was sounded on the trumpet by Bruce Dyer.

Funeral home was Messrs. J. A. Shiel and J. A. Shiel, Edson, Alberta. Mr. Smith was born in Scotland and came to Canada in 1890 to work for the Canadian National Railway on the R.C.P. He later transferred and worked as a Section hand at Wolf Creek on the

could be closer to home. He left the railway in 1927 and for the next 15 years operated a small dairy and was a member of the local C.N.R. He was a member of the local C.N.R. and was a member of the local C.N.R.

He was a member of the local C.N.R. and was a member of the local C.N.R. He was a member of the local C.N.R. and was a member of the local C.N.R. He was a member of the local C.N.R. and was a member of the local C.N.R.

Coal Branch has 'star' CofC meeting told

He urged his audience not to wait until some big outside company developed the Caves. He hoped it would be developed by a person or group of persons locally who would be willing for the history of the area to be overlooked in human elements as being of no consequence. He told the meeting "to lose the Coal Branch", it has gone down over the years, but is needed for the leisure time of future generations".

BY KATHY LUTJAHN

Persons, young and old, planning to participate in the Walk-a-Thon this Sunday, March 4th, are keeping their fingers crossed we have no rain there, else...

Last year participants with friends and families walked through periods of hot sun and hail storms; and the rain was not wanted by a dozen or more. And they were stuck by a deluge of rain and hail that kept them wet rather than refreshed.

So, this year, the organizers at the Cabo and Seaside this year with whatever is left over from purchasing campaign materials, are not sure what to do. They are not sure if they should turn out to the hospital to purchase equipment or...

...all we wish it.

There will be nothing to bring for weary walkers at all. There will be no turning point. There will be no water. There will be no... using anyone. The RCMP using anyone is not allowed to talk to the walkers to pass out water. There will be no... and all along with the walkers they are willing with... there are no trailers or...

The walk-a-thon will start on the Leader office at 6:00 a.m. The participants will be checked in and given duplicate forms. They will carry the copy atop the 12 1/2 mile route. The route will be marked with checkpoints at the campus, the Pumping Station, and the City Hall. This year they will receive a complimentary T-shirt. They will receive certificates for a completed 25 mile walk. This is a third of a year's worth of credit. Checkpoints are set up every few miles and within 10 minutes to have their forms.

A clean town gives good 1st impression

May 5th to 9th has been set aside as Clean-Up Week in Edison and residents are asked to co-operate by cleaning up their premises.

RECEIVE CERTIFICATES -- Ladin who took the EMJ sponsored home-maying course in the winter, wrote exams, passed them and last Tuesday evening were presented with their certificates by Mayor Griffiths. The ladies are now better able to do home nursing in their own or a neighbor's home or to cope with the many emergencies. Seated, Malcolm Cressin in, Art Lambeth (EMJ representative), Gerald Mallett, D. Collette, Don MacPherson, Mrs. Edna. Front row: Mrs. Ray Woepel, Mrs. Mary Grier, Mrs. Leonard Zylm-on, Mrs. Art Jepson, Sister Knopke, Mrs. Jim Newsham and Mrs. Ned Peters.

Street flusher effective

Edson's recently acquired street flusher has drawn comments this Spring on helping to flush away the winter's accumulation of sand and silt.

Town crew are able to do a better job in a shorter time with the new equipment. The Leader was told.

Is annoyed their dump

The Town dump gate is open from 10 a.m. to 6 p.m. every day except Sunday. On Monday it is open from 2

This is a splendid opportunity and should be an added incentive to tidy and brighten up Our Town. Very often it only takes a little effort to clean up an eyesore that spoils that important first impression.

The Town crews will progressively travel through the lanes following Clean-Up Week to pick up normal debris which householders have gathered in their clean up operations and placed for removal adjacent to the lane.

THE TWO OLDEST BUSINESSES—Representing the two oldest businesses in Edson that are still operating, Mr. Harvey Seltzer and Imperial Bank manager Grant Balton exchange congratulations. Seltzer's Drug Store began operation in 1912 and the Imperial Bank, in 1919. The Edson Hotel opened in 1913, to close for two years and be re-opened in 1919 by Mr. and Mrs. Tom Fowler Jr.

Postscripts from Peers

BY MRS. C. HELLESON

Speak-offs were the order of the day for Edson and Town of Edson Clubs. On Friday, April 18, Norman Seltzer took part in the 4-11 Edson Evening from in Edson. Even though he didn't win, he was a very close runner-up, especially as he was one of the club's best players.

Norman says the experience was wonderful and he is eager to go on. He received a certificate honoring his participation in the competition.

Compensation for the Edson of the Gold Dragon's Town was held for winning second place in the 4-11. Edson Regatta Speech Contest held in Edson on April 18. She competed against eight other speakers from various Towns.

Also, on April 18, the 4-11 For Women held a speak-off with Linda Seltzer taking first place. Wendy Bort took second place and Peggy Bortcher placed third. Congratulations to these young speakers and may they go on to win more.

The banquet and a talk that they had attended recently in Edson. The effort was sponsored by the Edson UCN and was very informative and pleasant, especially as they were one of the club's best players.

The workshop was conducted by Mr. J. Carl Jones, of Edson, and a representative of the United Church Women of Canada from Edson.

The 11th Edson Speech Contest which was postponed to Saturday, May 3, in Port Arthur. There is still room for more entries, so come on and make this a success.

Spring is really here with the robins singing, cackles coming and people beginning to clean up the snowdrifts. Kids are being taken and old gas is being burned. Keep up the good work.

On the building scene, the 11th Edson house is coming right along. Bert Raskliffe is busy remodeling his home and Steve Fench has the foundation ready for his place.

For those who are wondering about their cattle ticks, hold on to them because the last day and electric bulb have not been won yet, nor has the calf. The show for these items should be made this year.

We tried to test when I was a kid... in my head grew to a point.

Coming Events

Coming Events items must be in The Leader office by 12 noon. Monday is the last day for getting into the line of that work.

SATURDAY, MAY 3—The Edson Women will hold their Bi-monthly Cook Day. Support the girls to have the first year project of the year.

SUNDAY, MAY 4—Regular monthly meeting of the Ladies Auxiliary to the Royal Canadian Legion in the Legion Hall.

TUESDAY, MAY 6—The regular monthly meeting of the Edson and Community Club at 7:30 p.m. in the Community Hall.

THURSDAY, MAY 14—The regular monthly meeting of the Edson and Community Club at 7:30 p.m. in the Community Hall.

FRIDAY, MAY 15—St. Catherine's Anglican W.A. will hold their Spring Banquet, tea and dance in the United Church basement from 2 to 5 p.m.

SUNDAY, MAY 17—Regular monthly meeting of the Royal Canadian Legion in the Legion Hall.

FRIDAY, MAY 16—Graduation Exercises and Dance. Spring concert by the Edson Central Chorus in the Edson J. High School starting at 8:00 p.m.

Town of Edson

CLEAN UP WEEK

May 5th to 10th

All Residents are requested to make a United Effort to Clean Up their Premises before or during Clean-up Week. Immediately following Clean-up Week Town equipment will, progressively, travel through each lane and will pick up such, normal, debris as the residents may have placed for removal adjacent to the lane.

Please co-operate by having all such debris, etc., conveniently placed for removal on or before May 10th.

Kindly Co-operate with
Council in Keeping
the Town Clean

The Town By-Laws require that:

All premises must be provided with a sufficient number of water tight metal receptacles, with covers, of circular design, no greater than 18 inches in diameter and not higher than 28 inches, that will be required to hold one week's accumulation of garbage and refuse.

Garbage shall be thoroughly doused and wrapped in paper before being placed in receptacles.

Receptacles shall be placed on the premises as near the lane as practicable for convenient access to the garbage collector.

Rags, paper and tree clippings shall be tied in bundles and placed beside receptacles.

Owners or occupants of premises within the Town must keep their property and the street in front as well as the lane behind, to the centre line of each, clean and free of garbage or such other refuse as may be deemed a nuisance.

SCOUT CORNER

GROUP COMMITTEE MEETING - APRIL 19

A light bulb sale is to be held on May 15. There are 1,000 light bulbs to be sold at 1 for 50.

A bottle drive is set for May 10th. Just refundable pop bottles and beer bottles are required. Cubs and Scouts are to meet at the old brick school at 9:30 a.m.

The Cub Scouts will be held as previously planned, for May 24th. The Camp-come for Scouts is set for May 17, 18 and 19. The Scouts troop will provide the camp ground and the program outlined by the district chairman.

Plans were made for the camp, day an instrument was to be held in Edmonton on April 28 where Cubs visited and help to make up the presentation and the Scouts. They packed their own lunches and ate at a

School Camera Club ambitious group

The Junior Jr. High School Camera Club held the show for their camera club.

Mr. J. Dugdale of Edmonton won the Robert Big Springville Mr. Gary Kahan won the Kodak best-in-class 128 film being made to improve the district camera group in the next year.

Mr. Homan suggested we organize our next year's group committee at our club meeting in June. This would enable all clubs to be organized a week before the next district meeting which will be held September 20th.

Don Butler suggested that at least two members of the committee attend the recreation board meeting for Little League Baseball to arrange practice time on evenings that won't conflict with Club meetings.

Shirley Woodworth suggested that the Cubs, Scouts, Brownies and Guides take on the project of a ball-salon to be held on May 15th with the proceeds to be used for camping equipment. A committee was appointed with Shirley Woodworth as chairman, Fred Rowland as secretary and J.

Hermon as treasurer. Mr. Homan is looking forward into the possibility of purchasing a building for equipment of Scouting equipment or the use of one of the portable schools for this purpose.

The next meeting was set for May 15th.

Going to the Sun Road in Montana's mountain heights poses no problem if you have your car made vacation-ready before you leave. Be sure your vacation is car carefree this summer.

Shower for May bride

A miscellaneous show honoring May bride, Mrs. Louise McElroy, was held at the home of Mrs. Irene Van Winkle on Sunday, April 20. Twenty-six friends attended to wish the bride-to-be all the best in her married life and to present her with gifts for her new home.

An Louise opened each gift with a special wish for the bride and when she had finished she extended thanks for their thoughtfulness. She was assisted by Mrs. Audrey and Sharon McElroy and Helen Shand. Lunch was served by the hostess, Mrs. Van Winkle, assisted by co-hostesses Mrs. Shirley Pohl and Mrs. M. G. Gardner.

Louise will become the bride of Mr. Wayne Fairbank on May 17. The wedding will take place in Montana.

Old friends -- new friends
-- favorite aunts and far-away cousins.
All great for girl-talk.

Your engagement ring, a change of college plans, an exciting first job... good news is even more exciting when shared with special friends by long distance. Remember your favorite aunt imagine her pleasure at knowing you got honors in your final exams! Then there's that best -- the one about who'd win the tennis tournament -- call him and tell him you won! And if you're a cost-conscious gal -- girl-talk after 6 and all day Sunday is even cheaper. You'll be able to say more, for less.

AGT ALBERTA GOVERNMENT TELEPHONES

An untuned car is horns in your ears.

Horns in your ears . . . a missed appointment . . . a low-track ride . . . a pounding head and a lot of other things to spoil your driving. That's what an untuned car is.

Untuned car trouble results from old worn spark plugs in an untuned engine. The cure is quick and effective. It's a Champion Tune-Up: a new set of Champion spark plugs plus other basic tune-up items you may need.

You'll feel the difference pronto. Trouble-free starting. Quicker acceleration for safer highway passing. More power. Dependable performance. And an average saving of over a gallon of gas per tankful—proved in United States Auto Club-certified tests.

For trouble-free driving, get a Champion Tune-Up now—and every 10,000 miles. Because an untuned car is trouble!

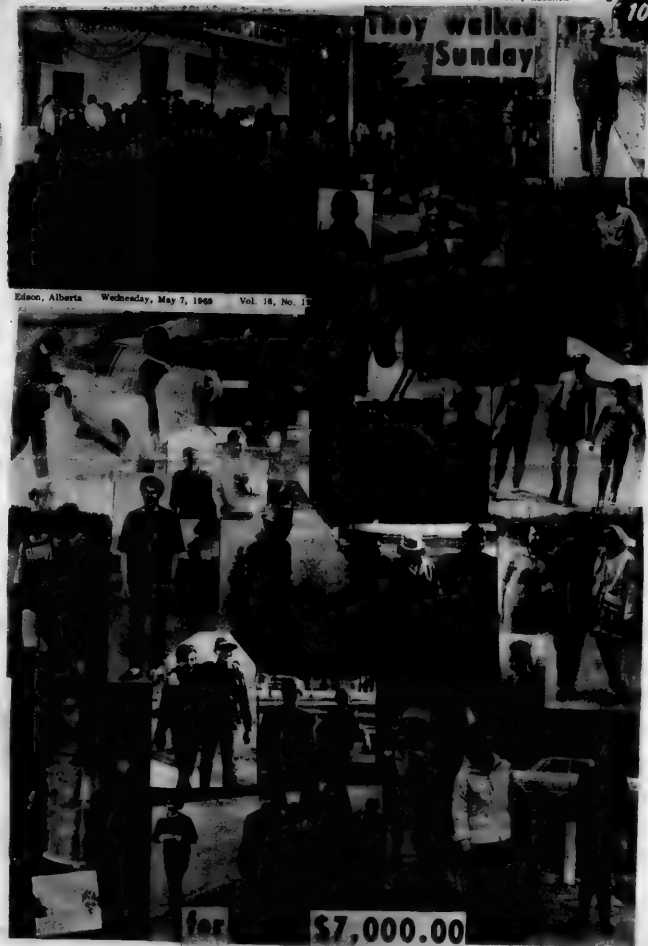

The heart of a tune-up

1969 Army Cadet Inspection May 14

Sponsored by the Canadian Legion Branch No. 51, the 1712 Edson Cadet Corp will hold their annual inspection on Wednesday, May 14 at 7:30 p.m.

The inspection last year was held in Hinton. This year, however, it will be a bigger event as Edson will host the 2602 Stamp Plaza Cadet Corp as well as the Hinton Corp.

SET FOR NEXT SEASON—Ken Harrison

(in right) accepts his new skin from Ski Club president, Hans Klein.

Although the skiers will only have two rehearsals together, the Com. training Officer and instructor, Ken Harrison, says he will mark well in one rehearsal.

Edson will be number one among the Stamp Plaza and Hinton for the first and second, respectively.

The Cadet Commanding Officer for 1969 is Cadet Acting Major, Hans Klein, of Hinton. Second in command is Cadet Acting Corp. Robert Cradock.

The visiting Officer will be Lt. Col. D.D. Kitchin, Commanding Officer of the Edmonton area Support Battalion. Lt. Major will be Capt. R. Minkow, District Cadet Officer, and

Frederick will also be present for the cadets that night. Rehearsal for the skis, which this year in Edson are the Canadian Legion Branch No. 51, The Legion Auxiliary, the Corp, M.M. Collier and the Instructor of the Corp.

A special Music Cadet Band which is the highest award that a cadet can achieve will be present to lead the band.

The results of the exams are not yet known at present but he has a very good chance to go to the Battle of the Bands this coming fall.

After the inspection and rehearsal, the entire squadron will march to the Legion Hall to have refreshments. A display of equipment and a demonstration of stunts and acrobatics will be shown by Cadet Acting Captain R. Cradock. Parents and friends of Cadets are invited to the Legion Hall also.

Monday, May 11, Major Harrison declared this month will be the last child month. The day will be devoted to children's programs, which is the highest award of the nation. However, it is possible that the above information is false.

BEHIND ME

In having memory of our departed husband and father, May 10th, 1968.

On a clear, lovely grave, where sleep in dreams, I shall see him again.

One we loved and could not live, we have a father.

Cherish him with care, You will never know the heartache.

Tell you we are empty, when we pray for God in heaven, Take a measure up above, Tell him how much we miss him.

And give him all our love, Ever remembered and truly is used by the Loving Wife, Mother and Family.

was among the important business of the meeting. It also was decided to set up a concession stand. Mrs. Jim Whaling will be in charge of concession and will also look after the pro shop, etc. This will be a service welcomed by club members and a definite asset to the course.

Mrs. Jim Whaling continues as rounds caretaker. Mr. Harvey Lueck was elected president for 1969 backed up by executive members: Vice President Lee Taylor, Past President Norm Miller, Secretary Lyn Buita and Treasurer LeRoy Tait. Committee chairmen are as follows: Long-

Plans were made to hold a closed 16 hole tournament next Sunday, May 11. It will be a medal play with the men commencing at 9:00 a.m. and teeing off every five minutes. The ladies will start at 10:00 a.m. teeing off at five minute intervals.

All members are welcome to join the fun.

A general meeting and social will follow the tournament. Anyone wishing further information than will call LeRoy East at 723-1414 or see any of the members of the club.

Relates experiences in South American clinic

South America was the topic of his Cecilie Gabutti. He spoke at the Albert-Ludwigs-Haus and after hours meeting last Monday night.

At Gabutti, a registered nurse, and her sister, a nurse and water, established a clinic in an area of extreme poverty in Southern Argentina. The clinic has been open two years working there.

They started the clinic without any form of financial support. They personally increased supplies of medicine and drugs from the doctors, or, if a fish

program wasn't to over-whelm the Argentine government, though when the presence there might have been a source of strength and hope for the people's lost dignity.

At Gabutti also discussed many events which he predicted the way of the future.

Shea Stauffer thanked her on behalf of the press present for an interview, but not soon to be

Sisters visit after 57 years

Remembrance was the theme of a visit to the home of Mr. and Mrs. Alvin Bates, 84, who, Mrs. Bates, 84, and her husband, Mr. Bates, 84, visited Edson and a friend from this week.

Mr. and Mrs. Bates were married in 1912, almost 57 years after leaving to England and Wales where they are married.

The two sisters had not seen each other for 57 years and Mrs. Bates said she was very glad to see her sister.

EVERYBODY'S JOB

Building a community is a job that requires the effort of everybody, regardless of age. It is a task that has great rewards in personal satisfaction, in achievement and in progress.

Unfortunately, if you observe closely you will find that for each community worker there are ten community knockers.

Respect for a community should be the first consideration of all of our people. Since they make a living here, since they have established a home it should follow that they be prepared, whenever possible, to help in any project for the good of the community.

Then, too, since you live in this community it is only right that you enjoy the many advantages.

Superior educational facilities, an excellent church of your choice, sport facilities of the highest category and clubs to suit each person.

The simple lesson is that if you work for your community automatically each effort you make will come back to you tenfold, discounting however, the criticism of the sourpusses that never accomplish, never show appreciation and has no forgiveness.

A LESSON IN ECONOMICS

While we're thinking about postal rates, there is one rate that certainly doesn't make sense. It is the local 6¢ rate on first class mail.

Just think - a letter mailed in our local post office slot, a letter which is then cancelled and placed in another bag en route to the original mailing slot, costs the mailer as much to deliver to its local destination as it would cost to deliver that same letter to London, England.

We aren't familiar with how many hand-delivered letters could receive before it would eventually arrive at an address in London, England, but we're certain that there would be plenty - and, of course, there's the cost of distance delivery as well - yet the cost is the same as for local delivery.

THE SAME OLD JAZZ

Alberta is changing its public service department to a department of social development and an eastern paper comments that they were just getting used to the relief program being called welfare.

Institute On Long Term Care

Reported by Elma Lang

Dr. and Mrs. Charles Kramer recently conducted an institute dealing with "Managing the Confused Patient" at the Macdonald Hotel in Edmonton. They are the husband and wife team in charge of the Plum Grove Nursing Home in Palatine, Illinois. Dr. Kramer is medical director and psychiatrist consultant and Mrs. Kramer is hospital administrator.

"Everyone has been confused at some time or other," Dr. Kramer said. "It may have been when you came to in a hospital, or when you were after falling asleep in an airplane, or when you have had one drink too many. This should be of some help in understanding the feelings of the person who is suffering from confusion most of the time."

He pointed out that eventually it could happen to any of us. All we have to do is live long enough and the aging process will bring it about. Therefore everything we learn and do to help these people may eventually help us. It can be just a long term application of the Golden Rule.

The brain cells of the individual begin dying between the age of 25 and 30 years, but since absolutely no one ever makes full use of all their brain cells, there are plenty of new cells to fill the need. Despite the early age at which this dying process begins, a person reaches the time of his greatest potential knowledge in his later years. Even a very old person is capable of learning something new, and learning to play a game or do a craft can have a great deal of therapeutic value.

Honesty with even the most confused patient was recommended. If a patient continually asks a question and everyone gives him either

an evasive answer or the one thing that the patient wishes to hear, then everyone is giving him a different answer. This can do nothing but add to his confusion.

Tell the patient where he is and why he is there, and tell him over and over again if necessary. His family may have visited him yesterday but he complains that no one ever comes to see him. Buying one of those large size desk calendars and marking things down on it may help him to have some realization of time. The nursing staff can point out to him when he had company and when some one may come again.

The confused patient can suffer from loss of memory, loss of emotional control and loss of self-esteem. All of these are very frightening things, for he is aware of his shortcomings. If deterioration will often noticeably increase after the loss of a loved one.

By calling a person by his name, you can help him keep the identification of himself. Encourage him to remember; it can give him something to hang on to.

The patient may feel that his family doesn't care about him and others may voice this opinion also but it is rarely true. The family does care, but they are faced with a situation that they do not know how to handle, so the family needs help and reassurance too. Every member of the family is likely to see the problem from a very different angle.

Family relationships are always important. Dr. Kramer gave a delightful example of good family relationships. "They should be kept like a family of liberating perceptions, close enough for warmth but far enough away to be comfortable."

—From "Hearings" published by the Alberta Council on Aging

Spider on a wall.

BY LEAH DAVIS TAYLOR, From, Alts
Last night, I was in bed.
Not a fly, not a spider, not a tick.
Not a fly, not a spider, not a tick.
Not a fly, not a spider, not a tick.

He should be a man, not a fly.
He could be a fly, not a man.
Then change his mind and be a man.
Better that he should be a man.

He once he went, arguing and losing back,
and meeting a man on an old truck,
until he saw a way to get through
And found something else he wanted to do.

FIRST AID INSTRUCTORS—St. John's Ambulance instructors in Edson, front row: Molly Stuebel (son of Edmondson), Mrs. Wm. (Ann) Cook, Sister Mary Hahler. Back row: Ted Hicks, Bob Joy, Jim Oliver and Left Joy. Arnold Joy was not present when the photo was taken.

First Aid Instructors receive certificates

A special get-together took place recently at the home of Mr. and Mrs. Ted Hicks when the first aid instructors received their certificates.

The certificate was presented by Mr. Ed Joy on behalf of Mr. Ron Hays of Edmondson, who is area manager. Mr. Hays was unable to be present. The local candidates who had written their instructions

After the presentation, other St. John's Ambulance instructors, Mrs. Ann Cook and Mr. Ted Hicks called on the first aid instructors in Edson prior to the presentation.

Mr. Stuebel is now on staff at the Royal Alexandra Hospital in Edmonton and had driven out especially for the presentation. Mr. Oliver will also be moving from Edson at the end of June to make his home in A.C., although he will be continuing the Team Alberta Pipeline from Vancouver to Edson.

Shower honors May brides

At the shower held at the home of Mr. and Mrs. Ted Hicks, the May brides were honored. The brides were Molly Stuebel, Sister Mary Hahler, and Mrs. Wm. (Ann) Cook.

The girls were presented with two guest books in which the bride and groom were to write the names of the guests who attended the wedding. It was great fun to watch both girls opening their gifts at the same time and prove it to be a happily continuing tradition.

A game, a meal and a delicious luncheon will help to pass the time. The girls will be again in the girls of the best in their line and depart.

At home in the evening, Arnold was the local instructor in Edson prior to the presentation.

Playschool

(children 3 yrs - school entry) opening September with Baptist Church hereafter.

Details from Norma Sanby (certified) 723-3481 or Olive Scott 723-3987

Wednesday, May 14, 1969, EDSON, ALBERTA

NOTICE

This is a notice to all holders of burning permits in the Edson Forest. Due to the extreme dryness of late, all burning permits are cancelled effective May 15, 1969, until further notice. Permits will be renewed when conditions warrant their issuance. Persons now burning under permit are requested to cease burning operations and extinguish all fires. Your co-operation with the Alberta Forest Service will assist in preventing losses to your forests and property. If you should be in doubt, please contact the Forest Service.

M. RYLANDER, Forest Supervisor, Edson, Alberta.

FLOOD PICTURES taken by Maurice Leach while he and his wife were visiting friends at Melina, Manitoba, the fourth week in April. The flood was about at its highest when the crowd of the evidence to show friends home in Edson.

CWL to host annual Diocesan Convention

The population of Edson will be swelled by approximately 200 visitors on May 23, 24, 25 and 26 when the C.W.L. Diocesan Convention will be held in the town. The convention will be held at the C.W.L. Hall, 214 Main St., from 10 a.m. to 6 p.m. on each day. It is expected that the convention will be a most successful one.

OFFICIAL WARNING TO FARMERS - SETTLERS

If you are burning brush or debris from newly cleared land or from your present fields between April 1st and October 31st you must secure a fire permit.

This applies to all farmers and settlers living in Local Improvement Districts or in any forested region. Negligent burning or burning without a fire permit is punishable by law. The Forest Act and Regulations clearly state the conditions under which land disposal burning must be carried out. The Alberta Forest Service will strictly enforce all laws in relation to forest fires. Fire permits are obtainable from your nearest Forest Officer and Municipal District Offices. Please this warning - avoid penalties and embarrassment.

DEPARTMENT OF LANDS AND FORESTS
HARRY A. PHELPS, DIST. W. F. W. WARD
Edson, Alberta

Who is to blame?

BY A.E. BRIDGES
Alberta Fire Commissioner

This is a question that is always raised when the damage to a building is extensive before the building is fully completed.

Building contractors are all too common in Alberta and we may be sure that the result is that construction costs will be increased as a result of frequent fires.

We can say that the contractor is responsible for what goes on until the building is turned over to the owner and thereafter, the owner's control over the building.

Your Dental Health

Good dental hygiene is a must for everyone. It is not only a matter of appearance, but it is also a matter of health. A good dental hygiene is a must for everyone.

A soft poor diet may lead to gum disease. Gum disease is a common problem. It is caused by a poor diet and a lack of dental hygiene.

RE-ENTRY

The re-entry of the 1969 EMO course was held in Edson from April 28 to May 2. It was extremely well attended by the general public, and the course was held at the Edson EMO building, which was the first time since the course was first held in 1967.

RESCUE FROM A ROOFTOP—One of the methods of rescuing accident victims from a rooftop or other high spot were practiced at the recent EMO rescue course.

CCIT LEADERS at the Rally. Back row and Heather Wilson from Jasper, Sharon Crane and Jean Forrester from Edson, and front right, Andrew Campbell from Navertown.

Returned handbag best Mothers Day gift

Mrs. Sandy Jay is thankful that there are honest people in the world.

Mrs. Sandy Jay, who has been married for 15 years, says that the best gift she has ever received is the handbag that was returned to her.

Spare Time Income
Get rich and collect money from NEW 1370 high energy, over-powered equipment in your area. The selling is easy. You must have a car, a telephone, \$500 to \$1,000. Seize the best business opportunity in the world. Possibly in your home full time. For personal interview write: CANADIAN DISTRIBUTING LIMITED, 302 Chelton Avenue, Windsor, Ontario. Tel. 444-4444.

What famous beer label has

3 crows a rabbit

a dog a train

a biplane

six Indians?

For years, we've been providing a beautiful mural, suitable for refrigerating, with every bottle of beer. It's a thing of beauty, all right, but we'll have to be honest about it. The label's just a front. The real masterpiece is inside the bottle. And it's traditional. Beer brewed slowly and naturally in the good old fashioned way. We don't know much about art, but we know what you like.

Pilsner

AFTER THE FAMOUS FORMULA OF THE HOUSE OF LETHBRIDGE

TRAVEL THE YELLOWHEAD say the signs on the side of Big Easton's motorized home on wheels. Mr. and Mrs. Easton pulled up to the side of the Leader office and had a chat with Publisher Doug Easton. They were headed west into B.C. on a speaking tour.

Nature's Scrapbook

HIGH FLYERS

Probably no bird holds a warmer place in the sentimental heart of the nation than the Canada goose, though even it is not immune to the great migration. Now is the time when our eyes are drawn to the nation's skies by a lot of sight, sound and smell, and we look up from pavement and garden plot to see a single or a flock of geese fly high in V-shaped drift against the Spring sky.

In view of the high regard in which the feathered bird of the northlands is held, it should come as no surprise to learn that it is regarded by some as the only bird worthy of carrying the 20,000 foot banner of the Hivemaster. The author is known to have seen this amazing feat during migration.

**NATURE'S
AIR CONTINGENT**
How is it that the birds fly so much to the left and right, and many of them, in fact, are flying in a line, as if they were carrying a banner?

The answer is that they are carrying a banner, and it is the banner of the Hivemaster. The author is known to have seen this amazing feat during migration.

The answer is that they are carrying a banner, and it is the banner of the Hivemaster. The author is known to have seen this amazing feat during migration.

A GIFT FOR BABY JOY—Although he wasn't very impressed at the time baby Layton Joy, son of Mr. and Mrs. Bick, was presented with a silver spoon last Thursday because he was the baby born closest to Florence Nightingale Day, May 12, Mrs. Jake Holbeiser, hospital nurse at St. John's Hospital Auxiliary, made the presentation. He was born Wednesday evening.

A BOUQUET for Mrs. Meade presented by Carol Lawson.

May bride honored

The bride, Mrs. Meade, was the center of attention at the wedding ceremony which took place at the home of her parents, Mr. and Mrs. Meade, on Sunday, May 18.

There were 22 ladies present to wish the bride and groom on their wedding day.

The bride's dress was white and the groom's was dark. The ceremony was performed by Rev. J. H. Carlson.

The bride's bouquet was presented by Carol Lawson. The bride's veil was held by Mrs. Meade.

ECOLOGICAL PRINCIPAL was given on behalf of the High School students by Civic Center, who also presented Mr. Meade with a gift from the students.

Toastmistress Speaking

Vice president Mrs. J. H. Carlson, who was the toastmistress at the May 18 wedding, spoke at the ceremony. She presented the bride with a gift from the students.

The bride's bouquet was presented by Carol Lawson. The bride's veil was held by Mrs. Meade.

The bride's bouquet was presented by Carol Lawson. The bride's veil was held by Mrs. Meade.

OFFICIAL WARNING TO FARMERS - SETTLERS

If you are burning brush or debris from fields between April 1st and October 31st

YOU MUST SECURE A FIRE PERMIT

This applies to all farmers and settlers living in Local Improvement Districts or in any forested region. Negligent burning, or burning without a Fire Permit are punishable by law. The Forest Act and Regulations clearly state the conditions under which field debris burning must be carried out. The Alberta Forest Service will strictly enforce all forest fire prevention laws. Fire Permits are obtainable from your nearest Forest Officer and Municipal District Offices. Heed this warning - avoid penalties and embarrassment.

GET A FIRE PERMIT

Council still negotiating on school requisition

A report on the meeting with the respective committee from Hinton Council was given at the regular meeting of Edson Council last Tuesday on the supplementary requisition for school purposes. Further discussions with the minister of education are being scheduled to see if something can't be done about a threatened exorbitant increase to local taxpayers.

Donald John Scheffer and Ronald Edwin Black are to be employed as police constables to commence duties as soon as available for a probationary period of six months at a salary of \$470 per month, subject to salary being increased to \$500 on the termination of the probationary period on satisfactory service.

Hand of friendship for CWL delegates

The Edison Motor Hotel banquet room was filled to capacity for the formal opening Friday evening. Edison Girl Guides with their leaders Mrs. Lambeth, Mrs. Jepsen and Mrs. Severson were most impressive in the 'Presentation of Colors'.

Myron Griffiths extended a warm welcome from the Town of Edison, leaving no doubt in anyone's mind as to the resource potential of this area.

Mr. Bill Switzer, MHA, brought greetings from the Provincial Government. Mr. P. and Mrs. A. Isely also brought greetings from Ottawa and wished the ladies a most successful convention.

Mr. A. Baxton, President, Knight, Edson K. of C. Council spoke on the increasing active role women are taking in the church.

Also extending a welcome and best wishes to the delegates were M. Squire, J. A. MacLellan, retiring Director, Mrs. J. W. Wilson, Archdeacon, C.W.S. president, and Mrs. E. C. Timony, C.W.S. Provincial President.

An informal reception concluded the evening's activities.

As the convention got underway, all phases of human development, from infancy to the mature world

Music from the shows

The Edson Centre will have a special treat on Saturday night when the first Spring Concert will take place in the Junior R. High School auditorium starting at 8:00 p.m.

The selections to be presented are taken from the musicals found at Edson. The Great Rock, Oklahoma as well as comedy numbers one of which is Viva La Country and some very old numbers from the groups.

Other parties. Mrs. Bill Lashbrook will be at the school when he presents The Great Rock. The first of the series of musicals will also be a part of the program.

This will be a program of lighter music, than is usual for the Continental Club. It is the type of music enjoyed by a wider cross section of its audience and is in fact a very popular one.

F.U.A. Roundup

PINELAKE LOCAL

The regular monthly meeting of the Pinelake F.U.A. Local was held on May 13 with 13 members present. It seems that Spring planting is keeping most people busy at home.

The business of the evening began with plans of approaching the Sub-District 6 Board about the advisability of having a F.U.A. representative on natural gas work at a public meeting in the area.

The reports on the Provincial Conference on Rural Sociology and Economics were distributed for the members study.

This year the Local will again be sponsoring a youth at Gold Eye Lake Camp. Three delegates will attend the District 5 Convention. Peter Anshamier, John Anshamier and Hans Rodar. Due to the conven-

tion being held on June 21, our next monthly meeting will be held on June 14.

It was decided the Local would take steps to obtain status pertaining to ID Levy Automobile Acc for longer reference.

Reports on the District 5 Board meeting at Honey Lake and the Sub-District 6 Board meetings were given.

Included in the Sub-District report were details of the Farmer's Day picnic, and a suggestion that a Caravan make up of all the Locals in the Sub-District visit Gold Eye Lake Camp.

The conclusion of the reports marked the end of the meeting which was followed by a social get-together over lunch.

— Jane Anshamier

CERTIFICATE WINNERS of the Pine Grove School gym class.

Another gymnastic triumph for Edsen

The Pine Grove School team won its first title in the form of Central Valley and Mountain View Elementary schools gymnastics teams. The teams consisted of five boys and two girls from grades 4, 5 and 6.

The Edson team consisting of Wayne Shawcross, Dale Marr, Jerome Jensen, and Diane Yarmann from grade four, Jerry Hill, Gary Marr, Jon Murphy and Nicki Murray from grade 5, and David Chase, Robert Lobb, Lori Hill and Vicki Brown from grade six, all gave very polished performances and came out well on top of the competition.

The competition was in five sections - floor work and vaulting.

The floor work was divided into a compulsory sequence on a straight 24 feet of mat and a voluntary sequence on a 12 metre square. The girls had to do three voluntary sequences in music.

The vaulting was divided into a compulsory vault and a voluntary vault.

At the end of the competition, certificates were awarded to winners of the

individual sections and to those coming in with good percentages. Of the 18 certificates awarded the Edson team had 10.

Certificate winners were Wayne Shawcross, Dale Marr, Jerome Jensen, and Diane Yarmann from grade four, Jerry Hill, Gary Marr, Jon Murphy and Nicki Murray from grade 5, and David Chase, Robert Lobb, Lori Hill and Vicki Brown from grade six.

Success was due to some really hard work. Congratulations to the teams.

letter from your editor

You it have to agree, this is a switch me writing an open letter to you. But I need your help. The annual JUNIOR CITIZEN OF THE YEAR program is about to get underway and I want you to tell me about a boy or girl or a group of young people between the ages of 6 and 16 who you feel are deserving of recognition as a 1980 ALBERTA JUNIOR CITIZEN.

There are young people in your own community who under difficult

circumstances or during an illness, have displayed exceptional qualities of responsibility, resourcefulness and leadership. It might not be a full as dramatic as when a person is ill, perhaps the young person you know has exhibited an unusual sense of responsibility in assuming home or community duties. Whatever these young people deserve your support. Recognize their deeds by nominating them for an Alberta Junior Citizen award. It will only take a few minutes to call me a name and see me or fill out the coupon below. I'll be looking forward to hearing from you soon.

The Alberta Junior Citizen of the Year award is presented annually to the young person or group of young persons who, in the opinion of the public, have shown exceptional qualities of responsibility, resourcefulness and leadership.

16-EDSON LEADER, Wed. May 30, 1960

Toastmistress Speaking

The theme for the first Edson Toastmistress Convention was "The Art of the Toast". The purpose of the convention was to provide a forum for the exchange of ideas and experiences among toastmasters and toastmistresses.

The convention was held at the Edson Hotel, and was attended by approximately 50 participants. The program was well-attended and the speakers were well-received.

The first speaker was the Edson Toastmistress Club president, who gave a welcome address. She was followed by several other speakers, including a representative from the local business community.

The convention was a success and the participants enjoyed the opportunity to share their experiences and learn from each other.

EDSON ALBERTA

Local teacher attends Fine Arts Workshop

WEDNESDAY, MAY 13 — Margaret Ann Hinton, of Edson, was welcomed in a group with Mr. Robert Donald Yegge recently in a lively ceremony that took place in the dining hall of the Pine Grove United Church, May 13.

She gave up her job in the Edson office and has been working in education since that time. The young couple will be moving their home in Edson.

Substantially moved from the last of the 1960s to the late 1970s, Smith carried on last week's leader was the one from Edson and Jack Smith and Jack Smith.

The Busiest Busybody

He's no snapper, but there's a man who knows a lot about when your car starts your morning business.

We also know about other outstanding habits such as when your car starts the laundry or the house.

We know this because it's his job to see that the hundreds of miles from production fields — in nearly before your appearance is turned on.

The man who knows it's really a busybody. He's a highly trained man in charge of obtaining huge quantities of gas from many sources. He must direct it flow through hundreds of miles of pipelines to communities throughout Alberta.

He and other "dispatchers" live here at key positions in Alberta's gas transmission system, must see that thousands of gas customers get all the gas they want — regardless of the amount, the time or weather.

To accomplish this, he estimates the demand for gas and the time it is needed in each community. Then he must order to maintain just the right gas pressure to deliver the right amount of gas to each community.

To help with his job, the chief has a crew of highly trained assistants.

They keep in constant touch with gas sources in the production fields, the company's compressor stations, points of delivery, underground storage tanks, weather stations, regulator stations and customers.

It's a 24 hour a day job. Nights, weekends and holidays, trained men are on the job to provide natural gas. And each man has the ability to act in an emergency.

So you can see why the chief dispatcher knows a lot about your household habits. Because he knows just how much gas you need — and when you need it. You can count on natural gas for round the clock, round the year service.

6-EDSON LEADER, Wednesday, June 4, 1930

THE CENTENNIAL CHORUS gets in a final practice before their spring concert of Music from the Show which will be presented this Thursday, June 5th at 8:00 p.m., in the Junior Jr. High School auditorium. They have been rehearsing some of the gay and lively music from various stage shows (see the ad elsewhere in The Leader) and are practicing an evening of delightful entertainment.

Your Dental Health

The article is to expect and maintain a healthy mouth and teeth. A child's teeth begin to develop before he is born. The child's teeth should be followed by his dentist, who will advise and extract all the loose teeth. A child at three or four years of age should have his teeth examined. A child at three or four years of age should have his teeth examined. A child at three or four years of age should have his teeth examined.

just a minute...

A penny for your thoughts? "Tell me 'Till me!" cries the child in one's ear, but the surprise daily is hiding, his mind is an open book.

The only one who knows what is going on inside of us is our mother, but mother how good a mind reader you are, you will never know entirely what the other person is thinking. It says that "no one knows what a man is except himself, even when he knows it."

Just a minute, though, from the position of mind, take the life of my son, says the grieving father, "I should have kept all temptation away from him, and I wouldn't have those problems," says the doctor, "I would at least have, it is a matter of 'only' God's Spirit knows what God

thinks?"

The believer in Christ can say, "How we were not, but the Spirit who came from God that we know the good things God gave me."

Therefore, it is human to one part to speculate about God without putting one mind to the study of the word, the Bible? It is right to blame Him for our own actions without making the effort to listen to Him? Do we really think of Him when we only have a passing acquaintance with what He says? Can we know what He is if we are not filled with His Spirit?

It will take more than just a minute to think about that.

A Thurbur Carnival gets mixed reaction

A Thurbur Carnival played on an outdoor stage, evening who had in and feel on the program. Presented by the University of Alberta Theatre, the program of James Thurbur, wild and crazy humor was a hit tonight for some who had enjoyed the travelling group. Neither did it prove very funny for the many programs in the audience.

There was no denying the talent included in the nine members of the cast, each played his or her part perfectly in the part and with a sense of humor that the Thurbur type of humor.

There were some satirical comments of acts presented. These were limited on some high up on other side of the stage. The famous cartoon of Thurbur were also flashed on these screens to company many of the acts.

The lighting added much to the show with some of the acts being played on the fully lighted stage while others were spotlighted to the all of audience. Round

Friends honor Mrs. R. R. Rouse

Mrs. Terry Rouse was given a bouquet of a dozen purple carnations by Mrs. C. J. Rouse and her family for Mrs. Rouse's 70th birthday. The flowers and her family invited presented Mrs. Rouse with a small token of their affection. In her words, Mrs. Rouse said that it was going to be a warm happy day after she turned 70, but she hoped that her family could visit her one day.

There seems to be little chance that she will be allowed to break her close contact with home.

Hi Margaret!

Hi Mom! Her neighbor to a one good woman, Mrs. Margaret, who 17 years ago this week was struck with polio and left unable to walk. All the best wishes to your father, Margaret.

OPPORTUNITY KNOCKS

One morning in a pet shop you found an advertisement for a cat. The cat was a Siamese, blue eyes, black and white, and very friendly. The cat was for sale for \$100.00. The cat was a very good cat. The cat was a very good cat. The cat was a very good cat.

The manager of a local department store was surprised when it was discovered that a certain cash register was missing. An investigation disclosed that the cash register was missing. The cash register was missing. The cash register was missing.

OFFICIAL WARNING TO FARMERS - SETTLERS

Burning brush or debris from your newly cleared land or debris from your fields between April 1st and October 31st.

YOU MUST SECURE A FIRE PERMIT

This applies to all farmers and settlers living in Local Improvement Districts or in any forested region. Negligent burning, or burning without a Fire Permit are punishable by law. The Forest Act and Regulations clearly state the conditions under which field debris burning must be carried out. The Alberta Forest Service will strictly enforce all forest fire prevention laws. Fire Permits are obtainable from your nearest Forest Officer and Municipal District Offices. Heed this warning — avoid penalties and embarrassment.

GET A FIRE PERMIT

PROVINCE OF ALBERTA
DEPARTMENT OF LAND AND FORESTS

EDSON

At a recent meeting of the Board of the Edison School Division, and representatives from municipal affairs, towns and villages, the proposed educational budget was studied, criticized and discussed. The total educational program was considered in the light of proposed expenditures.

There seemed to be some verbal agreement that the standard of education in providing should be a standard, not a goal, to which the program is expected to conform, not a standard to be imposed by force on a few

At the last regular meeting of Edson Town Council Tuesday evening, June 3, it was decided to hold a special meeting for 8:30 Friday, June 10, for the purpose of considering the budget and mill rate for the year.

Information from a meeting at municipal taking bodies (Fahon, Hanson, Whitehead, etc.), with the Minister of Education. Monthly report produced the information that any grant entertained by the Provincial Government would only be on an application from Fahon School Division and not from the municipalities themselves.

Lot 14, Block 17 Centre were sold to The City of Minto School Div., on a bond of sum \$3,000 (\$500 and \$2,500) and \$2,400, to

the Board and those present about the constitutional issues and the role of the Board.

[illegible]

There are two main methods for the calculation of the probability of a false discovery rate (FDR) in a multiple testing procedure. The first method is the Benjamini-Hochberg procedure (Benjamini and Hochberg, 1995) and the second method is the Benjamini-Yekutieli procedure (Benjamini and Yekutieli, 2001).

THE CHAMPIONS—John Sanders (at right) and his brother Robert walked off with top honors in the 4-H Beef Club achievement day last Saturday. John's calf was Grand Champion and Robert's was Reserve Grand Champion. The boys are the sons of Mr. and Mrs. Jack Sanders who farm on the North Road.

There were too many activities going on elsewhere in town and district to make for a very big crowd at the Edison 1-H Beef Club Achievement Day last Saturday, but the buyers and spectators who attended were impressed with the ability of the club members and the excellence of their animals.

The buyers distributed consider-ably to the success of the afternoon for the young people as they since then had the sum of up to a well above average price per pair.

At the same time, the regional newspaper from Baltimore mentioned about the situation ship and stated in the following way: "The demand for the clothing of the young people is still high, but the prices are not as high as in the past."

Currie-Randall vows exchanged

When the bride and groom were united in the presence of their friends and relatives at the Edson Public Library, the bride and groom exchanged vows and the bride gave away the bride.

The bride, given in marriage by her father, was a beautiful young woman with long blonde hair and a radiant smile.

The groom, a young man of average height and build, was dressed in a dark suit and white shirt.

The ceremony was officiated by the Rev. Mr. J. H. Smith, who read the opening prayer and the exchange of vows.

The bride and groom were then presented to the guests by the bride's father, who gave the bride away to the groom.

The reception was held at the Edson Public Library, where the bride and groom were joined by their friends and relatives.

The Edson Leader

The Voice of Edson Community

Edson, Alberta Wednesday, June 14, 1966 Vol. 16, No. 25

Community appreciation night for R. C. Greggs

Better than 200 people gathered in Edson's new arena artistically cordoned off with a long outdoor mural and hanging from polythene to pay tribute to Mr. and Mrs. R. C. Greggs on Friday evening June 10th.

Score of friends, family and people who had been associated with Mr. Greggs through the years came from out of town, including several former mayors, municipal officials who had come in contact with him during his 35 years of service to the community. The words honestly, efficiently and with the best interests of the town keep cropping up in every tribute.

Mr. Greggs had been associated with the late E. H. Tucker from the early days and took over as Secretary-Treasurer in 1953. The position is now that of Secretary Manager.

Mr. Greggs' successor, Peter Sandals, split the number of ceremonies with Edson's current mayor, J. E. Gillies.

Among the former mayors present for the occasion were Mr. H. Goldstick and Judge W. H. Kauter. Mr. Kauter was of Edmonton and Mr. Goldstick was of Calgary. Mr. Kauter was of Edmonton and Mr. Goldstick was of Calgary. Mr. Kauter was of Edmonton and Mr. Goldstick was of Calgary.

Town mill rate struck at 82

Increase up 8 mills from last year's tax levy

In spite of budgeting for a deficit this year of \$21,548.00 Edson Council at a special meeting last Tuesday evening were forced to add eight mills to the property taxes for a total of 82 mills. This means a tax increase for most home owners and especially business property, but will, in some cases, mean very little increase or no increase for some older homes.

The mill rate breaks down this way and will be shown on the tax notices which are now being sent out from the Town Office:

Debt service.....	5.45
Municipal.....	21.65
School Division.....	21.52
School Foundation.....	24.19
Hospital.....	3.48
Health Board.....	2.75
Firefighters Foundation.....	.36
Total.....	100.00

The last dinner meeting of the Edson Chapter of Commerce before the July 1st session of July and August will take place at the Edson-Victoria Hotel Restaurant on Wednesday, June 15, at 6:30 p.m.

At this meeting, which is a social night, certificates and diplomas will be awarded to 14 persons who have completed the management courses which were held during the winter months.

The executive of the Chapter is making this an open meeting and the ladies are invited to attend. There will be a cocktail buffet and a dinner which will be served at 7 p.m.

Evergreen Saddle Club holds meeting

The Evergreen Saddle Club held a meeting Sunday, June 12 at 7:00 p.m. at the Jubilee Junior High School. One of the main items to come up for discussion was safety for members and visitors.

All young people under 21 must have a release signed by their parents before they can ride in any Saddle Club sponsored event.

They must also have standard safety wear and equipment. One of the main items to come up for discussion was safety for members and visitors.

The contestants have been kept in a mixed area on the track and any time and place during the race, except when competition was disqualified.

The contestants have been kept in a mixed area on the track and any time and place during the race, except when competition was disqualified.

KISS HER YOU FOOL

Some German insurance companies, the Financial Post notes, have co-operated with psychologists and doctors by providing actuarial data for a study of the influence of husbands of wife-kissers before leaving for work. The two-year investigation shows that those who do not kiss their better half goodbye are inclined to be moody, depressed and dissatisfied in their work.

The man who does kiss his wife starts the day very positively and this feeling of harmony is reflected psychologically as well as mentally.

The conclusion is also apparently more efficient, a safer driver and much more likable. Or is it that safe drivers and likable people make good kissers? Whatever the truth, The Financial Post says the study produces a clinching argument for getting on the daily kiss wagon.

It's this. Kissing husbands can expect to live about five years longer than their less romantic counterparts.

This surely beats logging and giving up smoking.

80 YOU THINK YOU ARE A CANADIAN ?

If you must have papers, choose one that lives forever or, failing this, the kind who keep records of everything. Try to be born in Canada. It makes life simpler. If your Canadian parents were loopy enough to produce you while temporarily abroad, for goodness' sake remember how and when you got home.

The Financial Post comments that all of this, in effect, is what Canada's new passport regulations say. Now beside the travellers who think that because they have long held Canadian passports, they are, in legal fact, Canadians. Now, to get a passport, you must prove you are Canadian and this is found in thousands upon thousands straight to the citizenship courts.

The Financial Post points out that among the temporarily hardest hit -- and the biggest single group flowing government offices with paperwork -- are long-time British-origin Canadian residents who automatically became Canadians under the 1947 Canadian Citizenship Act.

They now must provide documentary proof of Canadian citizenship. The most startled however, are older people born in Canada but living in undocumented bliss, and children born abroad of Canadian parents.

The Financial Post comments that it is these people who have to acquire a paper proof of who they are. Those who want to travel soon would be well-advised to start the time-consuming process promptly.

Molson's Edmonton House captures Old West spirit

"A rich and beautiful country—abundant in all kinds of animals especially beavers and otters, which are said to be no museum but the source and children kill them with sticks and hatchets."

This was Angus Mackenzie's description of the North West Company in 1793, as he journeyed westward to the Star of Edmonton's present site. The North West Company built Fort Augustus in the area of the present city of Edmonton in 1795.

The following year—in 1796—the Hudson's Bay Company constructed Fort Edmonton. Just a modest "shot away," competition between the two was vigorous, and often violent—until the destruction of Fort Augustus by Indians about 1800. It was a severe setback. After that date, the Hudson's Bay Company's dominance was undisputed.

The Fort Edmonton was completed in 1812 and was dismantled in 1813. As Alberta Government records stand as the site of the grounds of the Alberta Legislative building.

The present Molson's Edmonton House is a replica of one of the original Fort Edmonton buildings. The site, backbones and surrounding grounds are built to scale—over five miles of log were used in the construction. The attempt has

been made to restore the original Fort Edmonton as it was in 1812. The site, backbones and surrounding grounds are built to scale—over five miles of log were used in the construction. The attempt has

Edson, Alberta

Another place of ours which is a definite sign of the times. The historic paper manufacturer's plant in the "roll your own" paper plant in the city of Edmonton.

How often have you heard of someone on a so-called diet who along with other things isn't eating potatoes?

Right? Potatoes have excellent food value and are particularly important during the winter months when fresh vegetables are not so plentiful. Most of the vitamin B₆ in our diet is contained just beneath the skin. This is why baking or boiling with skins on is desirable. However, sometimes in potatoes develop a green color. It may be due to exposure to light in storage or

in the supermarket or it may have been the result of conditions. Which is the cause, the effect is a taste of poison. The only solution is to peel most of the green off.

And finally, this hot about potatoes. A medium potato has about 800 calories, the equivalent of 2 tablespoons of sugar or a piece of lard. A glass of whole milk has 120 calories. It's not so much the potatoes develop a green color. It may be due to exposure to light in storage or

in the supermarket or it may have been the result of conditions. Which is the cause, the effect is a taste of poison. The only solution is to peel most of the green off.

And finally, this hot about potatoes. A medium potato has about 800 calories, the equivalent of 2 tablespoons of sugar or a piece of lard. A glass of whole milk has 120 calories. It's not so much the potatoes develop a green color. It may be due to exposure to light in storage or

Your Dental Health

One topic for this week is the use of fluoride in the prevention of tooth decay. Fluorides are present naturally in plants, animals, and human tissues. They occur normally in small quantities in most kinds of vegetable and fish sources. Even tea has a high fluoride level.

Over one thousand scientific articles have been published explaining the action of fluoride in the body, and the best levels of fluoride to have in the body. The ideal level of fluoride can be maintained in the body by drinking water containing 1 part per million fluoride. These fluorides combine with the forming teeth to make them resistant to decay. In the proper amounts, fluoride produces a "protective" effect on the teeth.

Fluoride actually combines with tooth enamel to produce a substance which

is less soluble in decay acids. Certainly the best way to get the right amount of fluoride is in our water supply. Children receive the most benefit from drinking fluoridated water.

Other ways to gain the benefits of fluoride are to have the teeth "protected" with a fluoride solution regularly at your dentist office.

To see any worthwhile containing fluoride regularly (at least 3 times per day), use fluoride drops or pills as supplements. This method is unsatisfactory because a mother often forgets to give her children the pills or daily drops.

The natural fluoride from a tooth will supply enough fluoride to be of real benefit.

It is a proven scientific fact that fluorides can reduce the rate of tooth decay.

I can't figure out where I went wrong Hazel... all I was doing was giving her a money and PQR... I was out on the street.

Pool News

By Warren Harrison

The Edson Swimming Club is sponsoring a "Swim-A-Thon" to be held in a variety of pools in the area.

Those who complete the mile in 45 minutes or less are eligible for The Edson Swimming Club and all the Alberta Swimming Council.

There will also be prizes for the best times in each age group. Swimmers who will obtain the

them at as much per length. Prizes will be given to the winners. There will also be a chance for a swimmer to win a prize for the fastest swimmer.

There will also be a chance for a swimmer to win a prize for the fastest swimmer. Admission to the event is 50¢ and tickets may be obtained at the pool.

LIMITED

MLA Bill Switzer dies unexpectedly

Word spread quickly Monday evening and Tuesday morning that Mr. William Alexander (Bill) Switzer, 44, a U.S. Army sergeant, died unexpectedly at Hinton.

W. A. (1911) SWITZER MLA
he served

A NEW ICE SHAVER is represented in the cheque being presented to Mayor Jim Griffiths by Mrs. Shirley Woolvett. The money was the proceeds of the 1968 Walk-a-thon which was organized by Mrs. Woolvett. The decision to use it for an ice shaver was made at a recent Council meeting.

erty to name a few.

He stood for both federal and provincial office, won his election to the Alberta Legislature in a by-election in Edmonton constituency, he was elected to the last provincial election.

Mrs. Amherst is surprised

by his life's vicissitudes and two daughters' success and loss at London by their father Mr. H. B. Foster of London, and his brothers and sisters, Mrs. A. (Berrie) McCusack, Vancouver; Laurette of Edmonton; Mrs. W. (Marian) Allen of Port Ar-

thur, Mrs. C. (Berlie) Turner of Edmonton; Thelma Gilbert of Inverness, Mrs. J. (Lillian) Gilchrist of Victoria; Mrs. E. (Edna) Bell of Montreal; Mrs. M. (Mary) McKinnon of Kamloops; Mrs. A. (Dorothy) McDonald of Calgary; John and Dan of Ed-

new on problem

Two points of view on east end school problem

The Niton view:

How are pupils at Niton, Wildwood and Evansburg to get the education they think is their right? This vexing question is a complex one of satisfying the needs and the wishes of the poo-

We publish two points of view in the interest of putting the

I am writing over a long standing conflict in the Edison School Division that appears to be approaching a solution this summer. For several years now, the Edison School Division Board has been attempting, rather unsuccessfully, to eliminate Niles High School and replace it with a large comprehensive high school located either 30 miles west at Edison, or 30 miles east at

Originally the plan was to bus all Niton high school students to Edison when its new school opened, but the plan fell through due to the tenacity of the Niton people who firmly resisted the plan.

Furthermore, the Niton parents had a school strike five years ago in order to prevent their students from being bused to the already overcrowded facilities at Evansburg. The parents won their point and retained their school, but since that

time the School Board has been persistently attempting to make it difficult for the school to operate, by not providing proper or equivalent (with other schools) facilities and equipment, and by delaying the hiring of additional teachers.

Despite all this, the school has survived and has one of the best records of teacher continuance in the Division, as well as having

This new Edison-Mary Regional High School District would be unique, since it would take students from two school divisions.

ed that the padding of the money by law on the whole would be the more formal, by toward the actual construction of the school. T. payers' money was even spent on the project before it was approved.

When the Nixon campaign, along with other payers, from many surrounding districts, including Nixon himself, and Wilson's collected petitions for a plebiscite

They claimed that most of the signatories were illegal. Apparently, Supreme Court of Alberta did not in the same way, declaring that the Department of Education and the Edmonton District Council were not to be a plaintiff to decide whether to construct the plant, on 1985-86.

The Evansburg view:

question in discussion on a public level. One from Mr. John Van Kruin of Niton and a submission from the grade nine class at Evansburg to which is attached 30 signatures of the pupils in that class:

**STUDENTS OF
EVANSBURG PROTEST**

We, on behalf of the whole Evansburg Junior-Senior High, have a serious complaint to register. Most of the existing structure, which

Peat soil field day planned on Rizzie farm

A peat soil field day has been planned by the Lacombe Research Station and the Edson Branch, Department of Agriculture.

The field day will be held on Thursday, July 10 at the Tony Rizzie farm 15 miles east of Edson on Highway 66. The field day will start at 1:30 p.m.

With much area being a problem on many farms in the wide open of Edson, through Evansburg area the field day should be of interest to a good many persons.

To be discussed will be drainage, fertilization, and cropping of peat soils. The program will consist of slides and a commentary on

experience in reclaiming peat soil. Mr. Tony Rizzie will conduct this part of the program.

A demonstration of ditching and road raising equipment will follow. Before a time of the 4-11 and fourth of July. There, plans are kept up by the Lacombe Research Station and will be explained by Mr. Dave and Mrs. Lora Johnson of the Lacombe Station.

Coffee and lunch will be made available by the Lacombe Station.

All farmers are invited to attend the field day and learn how to make the most of a difficult type of soil.

Marlboro Musings

By MRS. S. LOVELL

John Longmore had his operation in Edmonton and is now on the road to recovery. There was a big crowd in attendance for the dance in the hall on June 13.

A meeting was held in the hall on June 20. A meeting was held in the hall on June 20. A meeting was held in the hall on June 20.

The Community Association held a picnic in the park for those who helped to clean up the town recently.

A few friends, children, and grandchildren visited, and grandchildren visited, and grandchildren visited.

Mrs. and Mr. Lovell at the home of Mr. and Mrs. Lovell on June 13 to help Mrs. Lovell celebrate her birthday. Her daughter, Mrs. M. Lovell, was a guest in the house, and the Lovell family, with friends, were at the home.

ANYONE IN NEED of a team of heavy draft horses for pasture, call Mr. Paul Maitre of Canal Creek on this team which he shows in line in the Edmonton west area. Pictured up and with horses decorated they never fail to attract attention.

The band was waiting on the steps of a hospital and the driver got out on his side and a nurse handed him a crutch. He was waiting for his mother. He said he worked in the hospital, but there are ambulance attendants.

NO JOKE FOR THE CHICKEN

Tender loving care is what you should expect when you buy a chicken. It's the only way to get the best quality chicken.

It's a chicken's anatomy, tough and heavy to eat. It's likely because the meat is so tough and heavy and we know and know it's a good thing to eat.

Dr. A. D. Johns, of the National Research Council of Canada, stated that the chicken's body produces a lot of fat and it is an excellent source of protein.

All we need is sunny weather

Plans for a busy Rodeo Week are shaping up nicely, and members of the executive are hoping the weatherman will have gotten a hint of his system in the week of July 28 - August 2 and fulfill their prediction for sunshine for the whole week.

TO OPEN RODEO—A crowd pleaser, because of his ability to make every individual feel like a personal friend, Lieut. Governor Grant MacEwan will be guest speaker at the Rodeo banquet and dance on Thursday, July 21st as well as officially opening the big show on Friday. Tickets to the banquet and dance are limited so hurry and get yours.

MacEwan, whose Government will open sessions on July 22nd, will be in the city for the Rodeo Week. He will be in the city for the Rodeo Week. He will be in the city for the Rodeo Week.

Alternatives to Evansburg school meetings subject

Meetings are being called at Edson, Wildwood, Evansburg and Peers to discuss the implications of the July 24th plebiscite on building a million, three hundred and fifty thousand dollar regional high school at Evansburg.

Details of the plebiscite poll are carried on page 11 of this week's Leader and the plans and specifications are displayed on pages 12 and 13.

The public meetings are being organized by interest of citizens with members and officials of the high school districts being invited to attend.

The Edson meeting will be held in Parkland Composite high school July 14, the Wildwood meeting in the school auditorium July 15, the Evansburg meeting in the Legion Hall and the Peers meeting in the school auditorium on July 16. All the meetings are scheduled for 8 p.m.

The Edson meeting will be held in Parkland Composite high school July 14, the Wildwood meeting in the school auditorium July 15, the Evansburg meeting in the Legion Hall and the Peers meeting in the school auditorium on July 16. All the meetings are scheduled for 8 p.m.

Peers 4-H Calf Club and Achievement Day Sale

The big day for the Peers 4-H Multiple Calf Club comes this Saturday, July 13th when they hold their annual Achievement Day and sale.

The show will start at 10 a.m. sharp at the Peers Lion C. Dixon and Son Garage, Caring Road.

Displays for the Achievement Day have been donated by the following local men who receive the thanks of the club members for their interest. The best money are from Peers where the show is held.

THE FIRST BATCH of dozens of hoglets are cooked by Mrs. Grant MacEwan and Donald Carling in preparation for minor league baseball players who came up for the league finals and winter roast on June 30. Countless hoglets and its gallons of rootbeer disappeared as if by magic as the boys lined up again and again.

EDITORIAL

EVANSBURG SCHOOL MEANS HEARTY SEARCHING

At a time when the property owner is hit harder than he has ever been the problem of what to do about providing school facilities for children from the Nilon area east to Evansburg is a difficult one.

A compromise has been worked out by Department of Education officials in Edmonton between Edson School Division and Parkland county (formerly Rocky Plain municipality) whereby a solution that will satisfy most people with the exception of the Nilon, and, possibly the Wildwood people. The recommendation of an impartial committee (two have been told) suggested that a regional high school to serve pupils from Nilon to Wildwood seems to offer a partial solution to the problem that has vexed us for several years.

Evansburg has been suggested because if the school were put at Wildwood, it would be too far west to be of use to the Sebeka area. We are told that if Nilon were upgraded it would not have a big enough pupil population without Sebeka area.

The composite high school opened at Edson this year now draws pupils from distances as great over rougher roads than has bringing pupils either east or west along Highway 16 from the Nilon area, Mahaska and Shining Rock are cited as examples.

The school boards concerned have lived with the problem for a long time. They have been assigned the task on behalf of all our children and grandchildren as Chairman George Monahan of the Edson Board has phrased it. We, the citizens certainly want our children to have the best available education to prepare them to go into the labor market which demands greater and greater skills.

We of The Leader urge citizens to come out to the public meetings so that discussion, or as it is the fashion to say now, a dialogue in public forums can take place. If we feel we can't afford the school at Evansburg after putting one in at Edson and a first class one at Nilon, what then are the alternatives? Unfortunately, as we go to press, no meeting has yet been arranged for the Nilon people. Meetings are scheduled for Edson, Peora, Wildwood and Evansburg.

FINISHING TOUCH

"Council for the defendant denied the charge (assault and battery) and claimed the plaintiff's account of his injuries were exaggerated. He agreed the plaintiff had suffered a broken nose, a cut over his left eye, several bruises, and the loss of three front teeth, but said he was otherwise unharmed."

A lot of blather about nothing at all, you might say.

LETTERS TO THE EDITOR

Nilon Junction, Alta
July 5, 1969

Dear Editor:

We, as Nilon are definitely in for upgrading school facilities in the East End of the Edson School Division. The Edson School Division has allowed these facilities to deteriorate to such an extent that they are hampering the education of the children in this area.

We noted, however, some given by the Grade Nine students from Evansburg in their letter which was recently published. They stated that their generation was poorly lighted and heated. This generation was built at the same time as the gymnasium at Wildwood and Nilon. The taxpayer is still paying for this since it was built in 1952 a mere 12 years ago. There must be something drastically wrong with the maintenance department here which they can't get more than 12 years out of a building.

We are not satisfied to learn that there is no interest shown again in these facilities and facilities. We know because five years ago there was an interest in all of the equipment that was in these rooms was given to the school in Edson.

Once again it seems hard to understand that the maintenance department at the Edson School Division would allow the roof to leak, poor ventilation system to operate and mice to run around in the school. Even in the days of the one-room school they were maintained better than this. Could it be that the Edson School Division has deliberately created this situation in the East End?

In a brand new school the answer to our problem is the East End? Or would it not be better to upgrade the existing facilities at Nilon and Edson? The children long to ride and to see the roof of their school.

A Nilon taxpayer
Trevor T. Day

Nilon Junction, Alta.
July 5, 1969

Dear Editor:

\$7,699,719 - that's a lot of money, but if that's how much your Edson School Division will have spent by 1974, when they have completed their building program.

Grants initiated since 1962. Who pays for this? You of course, the poor taxpayer! You have been misled by higher and higher school costs.

Now a new Edson-Sunny Regional High School Board has been formed and is telling you to vote on the construction of another 2 million dollar "belly acher" this one to be built at Evansburg.

This proposed high school is to have students from Wildwood, Nilon Beach, Evansburg and Nilon. For some reason, two-thirds of the expenditures will come from you, the taxpayer in the Edson School Division, with only one-third from Parkland County. No one wants the school, but it seems that we are going to get it whether we like it or not, unless we vote to down on July 26th. Taxes have gone up 13 mills in the last year, a fantastic amount! I wish how much they will go up once this new school is built.

Our school board has been trying for years to tell us the idea that has already built schools give better education. This is your money. The quality of instruction and proper teaching equipment that does that. Let's upgrade, not downgrade our present facilities. Let's re-evaluate the taxpayer of the school, not place him permanently in debt.

When you go to the polls on July 26th, between the hours of 1:00 p.m. and 6:00 p.m. VOTE AGAINST the proposed high school at Evansburg, not because you are against progress but because you are for quality education and efficient administration.

A Nilon Ratepayer
D. Kjelland

During a hot-up in Vancouver last summer, a young business executive was hit by a stray bullet. Referring himself to be mortally wounded, he whispered to his secretary: "Write to Margie. Give her my love and tell her I love her thoughts were of her." "That's all right," thought "Carole copies to Sally, Anne, and Ruby."

Margie can't say love, but it can get you in a very pleasant surprising position.

"There's an efficiency meeting in the house," it's time to go in and show your mouth open!"

A CANADIAN BUILT CL-215 WATER tender outlined by a field of thorns.

OUT FISHING

A letter last I think means out fishing. His thoughts are mostly clean out fishing. He doesn't know his fellow-men, or harbor any grudge then. A letter's at his finger when out fishing. The rich are comrades to the poor out fishing. The unable with the pin and string can dream with miniature and lung Vain pride is a forgotten thing out fishing.

A letter gets a chance to dream out fishing.

He learns the beauty of a stream out fishing.

And he can walk his soul in air That isn't fed with selfish ease And relax plain and simple ease

A letter's glad to be a friend out fishing.

A letter's glad to be a friend out fishing.

A letter's glad to be a friend out fishing.

The brotherhood of rod and line And sky and stream is always fine. Men come real close to God's design

out fishing.

A letter isn't gloating schemes out fishing.

He's only busy with his dreams out fishing.

His theory is a case of fat. His creed to do the best he can; A letter's always mostly man out fishing.

MESSAGE FROM WAR AMPS KEY TAG SERVICE

Every one of us at the War Amps Key Tag Service wants you to know that we deeply appreciate the continued publicity you give to our annual campaign.

Without your support, the enterprise would suffer. Particularly this year, with increased postal rates, we need your help. Our mailing costs are 64 per cent higher this year.

We are therefore obliged to make a slight increase in the prices of War Amps Key Tags:

First Tag: 80 cents
For Two Tags: 25 cents
For a third extra tag: 25 cents

This is the first time in 16 years that we have raised the price of our Key Tags. Last year was a very successful year. We were able to return 14,950 sets of lost keys to their rightful owners.

Real Property Assessment and Taxation

Submissions are invited for consideration in a Special Committee of the Legislature established to review and report upon recommendations and representations dealing with the following matters:

1. real property assessment and taxation
2. assessment of capital gains
3. real property assessment and taxation
4. assessment of capital gains

Ten types of real, double copies of each submission are requested by not later than September 26, 1969.

Submissions should be sent to the Minister of Finance, 301, Legislative Building, Edmonton, Alberta.

Proposed Edson - Stony Regional High School

FACILITIES OF THE PROPOSED REGIONAL HIGH SCHOOL

In order to provide the facilities necessary to offer adequate programs in schools, the Board of Education and the Edson School Division have prepared the following facilities:

1. Science laboratories
2. Science preparation rooms with storage facilities
3. Art rooms
4. Language laboratory
5. Library
6. 1-2 station Home Economics rooms
7. 1-2 station Industrial Arts rooms

8. Gymnasium area with storage rooms, stage, physical education office, shower and dressing rooms

Administrative center with Principal's office, Vice-Principal's office, counselling room, recreational and general administrative office and conference room

9. Merchandising room
10. Typing room
11. Multi-purpose room
12. Infirmary

Staff room, staff work room and staff lavatories

Plus such other non-structural areas as deemed necessary to provide a functional educational unit and fall within limitations set forth in the Regulations under the School Buildings Act.

Financing

1. CAPITAL EXPENDITURES

A number of misconceptions appear to exist regarding the financing of school construction in the province of Alberta. Construction cost up to \$17.00 per square foot are paid by the Foundation Program - the money comes from the general revenue of the province. Thus, if a school is built under the School Buildings Board Regulations, there will be no direct cost to the taxpayers of the school district or the County of Parkland.

The regional High School Board has instructed their architect to make every effort to design a building which can be financed by the Foundation Program. Therefore, it is proposed the total cost of \$1,350,000.00 will be paid for by the Foundation Program.

2. OPERATING EXPENDITURES

Prior to the opening of the regional high school, the operational costs will be shared on the basis of enrolment proportions for the two school jurisdictions. Since the Edson School Division will have approximately one-third (1/3) of the students, they will pay the costs.

When the school begins operating, costs will be shared on the basis of the actual number of students attending from each jurisdiction.

Voting

The Board of the Edson-Stony Regional High School District, the School Committee of the County of Parkland, and the Edson School Division have prepared the following information in order to assist you in your decision to get out to vote. Please note that the vote is not restricted to the property owner of the Regional High School District but includes all of the property owners within the boundaries of the Edson School Division and the County of Parkland.

This school will provide much needed programs to better meet the needs and interests of all students in the eastern portion of the Edson School Division and western portion of the County of Parkland. Therefore, we ask you to support the building of the school with your vote on July 24th.

For further information

Should individuals or groups require additional information about the school, its organization and educational programs, please feel free to contact any of these people -

Superintendents: Henry Toews, Stony Plain, Alberta, Phone 777-2231
B.A. Chandler, Edson, Alberta, Phone 723-4471

Programs To Be Offered

For twenty years now we have been going by the motto "education for all". This has been interpreted as meaning that the door was open for all students who were able and wished to attempt a career as a student. Such a program meets the needs of only 5 to 10 per cent of our high school students. Our schools should continue to offer this type of program for those who are able to pursue a university program, but at the same time, we require other programs which are capable of developing the full potential of those students whose educational goals do not include university graduation. This includes about 75 per cent of our students. If we are to lower our dropout rate in high school, we must provide these students with programs and experiences which are capable of arousing and holding their interest and participation. These programs must also prepare students for entry into the business and industrial world.

More specifically, the Edson-Stony Regional High School will offer the following programs:

1) Three or four year diploma program with a business education major. Students taking this program will be prepared for employment following graduation. Courses will include typing, shorthand, bookkeeping, business fundamentals, merchandising, office practice, business machines, etc.

2) Two, three, or four year vocational preparamental program designed to enable students to enter HAIT and RAIT. This program will include exploratory industrial arts courses which will include photography, ceramics, plastics, drafting, working, machine work, electrical, woodworking and in the home economics area, fabrics and dress, foods and nutrition as well as technical courses in mathematics and science.

3) Three or four year matriculation program designed to prepare students for university entrance.

4) Three or four year general diploma program.

Local meetings

Local meetings will be held at the following times:

Wednesday, July 23, 8 p.m., Edson Community Hall, 8 p.m.

Thursday, July 24, 8 p.m., Valley, 8 p.m., Edson Community Hall, 8 p.m.

Proposed Edson - Stony Regional High School

Bylaw No. 2-1969

The bylaws on Bylaw No. 2-1969 are the construction of the Edson-Stony Regional High School at 14th Street and 10th Avenue. The purpose of this article is to provide property owners with more information regarding the proposed high school.

PROPOSED EDSON - STONY REGIONAL HIGH SCHOOL 14th Street, 10th Avenue

WOOD & GARDNER ARCHITECTS EDMONTON, ALBERTA

Necessity of the Regional High School

1. LACK OF ADEQUATE PROGRAMS

High School services in the eastern part of the Edson School Division (Edson, Wainwright, and Evansburg) are very inadequate. The high school at Edson is extremely overcrowded. Classes must meet on the stage and in the hallway. There is no library and science facilities, no industrial arts, and no home economics.

2. LACK OF STUDENTS IN EACH JURISDICTION

However, in order to offer a variety of programs, matriculation, business education, and vocational preparation, we must have a sufficient number of students in each jurisdiction. The population of the area is not sufficient to support a high school. The population of the area is not sufficient to support a high school.

LOCATION OF THE HIGH SCHOOL

The proposed high school is located on 14th Street and 10th Avenue. This location is ideal for the school as it is centrally located and easily accessible. The school will be a modern building with all the necessary facilities.

3. INADEQUACIES OF PRESENT BUILDINGS

Furthermore, the present school buildings are very inadequate. The high school at Edson is extremely overcrowded. Classes must meet on the stage and in the hallway. There is no library and science facilities, no industrial arts, and no home economics.

FORMATION OF THE HIGH SCHOOL DISTRICT

The Edson-Stony Regional High School District was formed to provide high school services for the eastern end of the Edson School Division and the western portion of the County of Parkland (formerly the Stony Plain School Division). Both of these areas are sparsely populated and cooperation was necessary to meet the needs of more than the academically talented student. For the purpose of establishing a regional high school district, the Edson School Division and the Stony Plain School Division signed agreements in January, 1969.

ATLANTIC AREA

The Atlantic area of the regional high school district includes all those lands presently situated within the boundaries of the Edson School Division and all those lands presently situated within the boundaries of the Stony Plain School Division. The district is bounded by the 14th Street and 10th Avenue.

REGIONAL BOARD

The Regional Board of the Edson-Stony Regional High School District will be composed of representatives from the Edson School Division, the Stony Plain School Division, and the County of Parkland.

University lecturers coming to area

HINTON
An interesting program, still along new lines, has been planned for the Fall and Spring of '62, '63. The University of Alberta is coming to Hinton.

A series of lectures will be given by faculty members of the University of Alberta who have been appointed to the Department of Education of the University of Alberta and Hinton. The program will be held at the Hinton Community Centre.

It is expected that the program will be of great benefit to the people of Hinton, and to the people of Alberta, Canada.

Following up on delegations which have met with the Minister of Education this spring, Edson School Division has applied for a special grant from the Provincial Government members of Edson Town Council were advised at their

Due to rising costs the price and amount for the

division had been forced to requisition more for supplemental leases from the municipalities within the school district, and the basic foundation grant. The municipalities agreed among themselves to fund millie areas, which would have the school division take a deficit position. *

After several meetings with Education Minister R. Clark, the delegations from the municipalities were eventually informed that any special grant request had to come from the school division.

Prorated for the Council meeting July 8 were Mayor J. E. Griffiths and Councilors M. Chabaz, Dr. J. E. Crawford, A. Grant, L. Malinowski, E. H. Hicks and J. P. Kohler and two citizens.

Mr. H. Topham addressed the council on behalf of the Edison Flying Club submitting an application for \$10,000 and subject to the approval commencing construction before September 1st.

Transfer to be authorized upon receipt of CMC approval to the city and upon submission of department permit and acceptable plans.

A letter from the Edison Flying Club was received at 6 p.m.,

A survey of the rapid increase in traffic through the intersection of 4th and Main streets this recommends:

the machine (2) of No. 1, $\mathbf{M} = \mathbf{M}_1$, $\mathbf{M} = \mathbf{M}_2$, $\mathbf{M} = \mathbf{M}_3$.

With a series of public meetings, letters to the editor and advertisements by the School Division, the question as to whether or not a new high school should be built at Evansburg has had a pretty thorough going over. This week, we carry various letters to the editor. In addition to a quote of three from Nilton citizens, we carry an official statement of policy by Chairman George Monahan of Edson School Division and a letter from the Edson Local School Board signed by the Trustees.

Polling day in Thursday, July 21st, at the polls in Edson School Division and the County of Parkland as listed in the advertisement on page 11 of this week's Leader.

We start the policy statement from the School Division below and continue the letters onto the editorial pages.

Girls take honors at 4-H Achievement Day

FEEDS—Contributions to the girls and boys who took up horses with their careers at the 4-H Achievement Day last Saturday. They can have a feeling of pride at a year's work well done.

Feeds in the classes were as follows:

4-H Beef Cows: Debbie Baudin, Champion and Celine Champion, Barman Tindis.

Reserve Champion, Larry Baudin, third place.

First Year: Judy Fabian, Champion; Beaula Maury, Reserve Champion; Audrey Maury, Showmanship.

Second Year: Audrey Maury, Champion; Brenda Taylor, Reserve Champion.

The two members put on a good contest with their best calves.

DAIRY CLASSES:

First Year: Judy Fabian, Champion; Beaula Maury, Reserve Champion; Audrey Maury, Showmanship.

Second Year: Audrey Maury, Champion; Brenda Taylor, Reserve Champion.

Adviser also won the Showmanship Trophy and the Dairy Club Championship Trophy. Today winning these trophies she has already won 21 trophies. There is no doubt that Audrey knows her business.

MR JOHN BENSON the new Forest Superintendent at Edson, came here from the Forestry Technology School in British Columbia for two years.

Sunday hunting allowed in Northern Alberta only

Wednesday, July 16, 1969, EDSON, ALBERTA

The Honorable J. Dinsmore Ross, Minister of Lands and Forests, has announced that the areas designated where Sunday hunting of big game will be permitted during the 1969-70 hunting season.

Big game hunters will be permitted to hunt big game on Sunday during the regular season in the green area portion of Big Game Zone 1 as well as in Wildlife Management

Zone 15, which includes all areas designated in northern Alberta. This will be a welcome change for hunters who will be able to hunt some of the areas in the north of the province.

Big game hunters will be permitted to hunt big game on Sunday during the regular season in the green area portion of Big Game Zone 1 as well as in Wildlife Management

Zone 15, which includes all areas designated in northern Alberta. This will be a welcome change for hunters who will be able to hunt some of the areas in the north of the province.

Proposed Edson - Stony Regional High School

FACILITIES OF THE PROPOSED REGIONAL HIGH SCHOOL

In order to provide the facilities necessary to offer adequate programs in academic, business, and preparation for vocational education, the School Buildings Board has given recognition of need to the following general classrooms:

- 1. General classrooms
- 2. Science preparation rooms with storage facilities
- 3. Vocational rooms
- 4. Language laboratory
- 5. Library
- 6. 1 - 2 station home economics room
- 7. 1 - 2 station industrial arts room
- 8. Gymnasium area with storage room, stage, physical education office, shower and dressing rooms

Administrative center with Principal's office, Vice-Principal's office, counselling room, secretarial and general administration office and conference room

- 9. Merchandising room
- 10. Typing room
- 11. Multi-purpose room
- 12. Infirmary

Staff room, staff work room and staff lavatories

plus such other non-instructional areas as deemed necessary to provide a functional educational unit and fall within limitations set forth in the Regulations under the School Buildings Act.

Programs To Be Offered

For two many years now we have been giving lip service to our philosophy "education for all". This has been interpreted in meaning that the door was open for all students who were able and wanted to attempt a narrow academic program leading to university entrance. Such a program meets the needs of only 25 to 30 per cent of our high school students. Our schools should continue to offer the program for those who are able to pursue a university program, but at the same time, we require other programs which are capable of developing the full potential of those students whose educational goals do not include university graduation. This includes about 75 per cent of our students. If we are to lower our disposition rate in high school, we must provide these students with programs and experiences which are capable of arousing and holding their interest and participation. These programs must also prepare students for entry into the business and industrial world.

More specifically, the Edson-Stony Regional High School will offer the following programs:

1) Three or four year diploma programs with a business education major. Students taking this program will be prepared for employment following graduation. Courses will include typing, shorthand, bookkeeping, business fundamentals, merchandising, office practice, business machines, etc.

2) Two, three, or four year vocational preparation programs designed to enable students to enter NAIT and EAIT. This program will include exploratory industrial arts courses which will include photography, ceramics, plastics, drafting, welding, machine work, electrical, woodworking and in the home economics area, fibres and dress, foods and nutrition as well as technical courses in mathematics and science.

3) Three or four year matriculation programs designed to prepare students for university entrance.

4) Three or four year general diploma program.

Bylaw No. 2-1969

The plebiscite on Bylaw No. 2 for the construction of the Edson-Stony Regional High School is being held on July 24, 1969 between the hours of 3 and 8 p.m. The purpose of this article is to provide preliminary information regarding the proposed high school.

PROPOSED
EDSON - STONY REGIONAL HIGH SCHOOL
EDSON, ALBERTA

WOOD & GARDNER
ARCHITECTS
EDMONTON, ALBERTA

Necessity of the Regional High School

1. LACK OF ADEQUATE PROGRAMS

High School services in the western part of the Edson School Division (Nelson, Wainwright, and Enderburg) and in the western part of the County of Parkland (Stony Plain) have not been up to the standard provided for in other parts of the area concerned, namely in Hinton, Edson and Stony Plain. The quality of

population has prevented the offering of extensive business education, industrial arts, and home economics courses. Consequently, these high schools have carried largely to the student with academic ability and to some extent has neglected the majority of students who are not academically talented.

3. INADEQUACIES OF PRESENT BUILDINGS

Furthermore, the present school buildings are very inadequate. The high school at Enderburg is extremely overcrowded. Classes must meet on the stage and in the hallway. There are inadequate library and science facilities, no industrial arts and home economics facilities, and much of the building is not serviceable. At Stony Plain, there would be room for the grades three to six pupils. At present, these facilities are in a very old and totally inadequate building known as the "Senior School". This school must be replaced in the very

near future. Each school jurisdiction to replace the existing buildings by themselves, but their efforts would still be insufficient to provide a quality of high school programs to meet the needs and interests of all students.

Financing

1. CAPITAL EXPENDITURES

A number of misconceptions appear to exist regarding the financing of school construction in the province of Alberta. Construction costs up to \$17.00 per square foot are paid by the Foundation Program - the money coming from the general revenue of the province. Thus, if a school is built within the School Buildings Board Regulations, there will be NO direct cost to the taxpayers of Edson School Division and Parkland County. It can be seen, therefore, that schools built under the Foundation Program in other parts of Alberta cost as much as one built in our jurisdiction, since all of the money comes from general provincial revenue.

The regional High School Board has instructed their architect to make every effort to design a building which can be financed totally from the Foundation Program. Therefore, if a proposed total cost of \$1,350,000 will be paid by the Foundation Program.

2. OPERATING EXPENDITURES

Prior to the opening of the regional high school, the operational costs will be shared on the basis of enrolment projections for the two school jurisdictions. Since the Edson School Division will have approximately two-thirds (2/3) of the students, they will pay two-thirds (2/3) of the operational costs while the County of Parkland will pay one-third (1/3) of the students.

Projected enrolments for the two school jurisdictions are as follows:

	1968	1969	1970	1971	1972
Edson School Division	187	233	277	305	291
County of Parkland	94	103	127	154	160

When the school begins operating, costs will be shared on the basis of the actual number of students attending from each jurisdiction.

Get
Out
and
Vote

Voting

The Board of the Edson-Stony Regional High School District, the School Committees of the County of Parkland, and the Edson School Division Board upon all proprietary elections in both school jurisdictions, to get out to vote. Please note that the vote is not restricted to the proprietary division of the Regional High School District but includes all of the re-venturers electors throughout the Edson School Division and the County of Parkland.

This school will provide much needed programs to better meet the needs and interests of all students in the eastern portion of the Edson School Division and western portion of the County of Parkland. Therefore, we ask you to support the building of this school with your vote on July 24th.

For further information

Should individuals or groups require additional information about the school, its organization and educational programs, please feel free to contact any of these people -

- Trustees: George Monson, Pears, Alberta, Phone 693-2542
- William Lemiska, Wainwright, Alberta, Phone 325-2239
- George Mann, Falis, Alberta, Phone 797-2121
- R.A. Bailey, R.R. 5, Edmonton, Phone 447-3269
- Secretary: A.W. Boychuk, Stony Plain, Alberta, Phone 777-2231
- Superintendents: Henry Toews, Stony Plain, Alberta, Phone 777-2231
- B.A. Chandler, Edson, Alberta, Phone 723-4471

LOCATION OF THE HIGH SCHOOL

Since the Regional High School Board did not wish to become involved in local politics in selecting a site for the school, an independent committee appointed by the Board has been formed. The committee has selected a site for the school at a location of 17000 sq. ft. in the County of Parkland, near the intersection of Highway 16 and Highway 15, just west of the Stony Plain School Division boundary.

ATTENDANCE AREA

The attendance area of the regional high school district includes "All those lands presently situated within the boundaries of the Edson School Division east of a line drawn north and south along the west boundary of Range 12 West (12°) and all those lands presently situated within the boundaries of the Stony Plain School Division west of a line drawn east and west through the center of Range 12 West (12°) and north of a line drawn east and west between Township 14 (14°) and Township 15 (15°)".

REGIONAL BOARD

The Regional Board is an appointed body, consisting of two trustees appointed by the Edson School Division and two trustees appointed by the County of Parkland.

Postscripts from Peers

By Mrs. C. Holkham

The Peers Lane Club has been held in conjunction with the 4-11th Anniversary Day was well prepared with members of the club serving refreshments to the guests from Peers Lane and other.

The guests called by the Lane as well as a large crowd took in the parade and sat with the guests.

A road crew has been travelling and setting the road of Highway 12 from Highway 16 through Peers Lane and south to the Bear Lake road. What a relief to motorists not to have to put up with the terrible dust on this road.

The Midland Valley Cemetery looks very nice now after the excellent turnout for cleanup day. About 30

people present. The small house is a fine example of a small house.

Special thanks goes to the Peers Lane Club for the structure and money to spend on the cleanup day of small house and tell us the gate was being and the small house is now filled with a lot of people.

Mr. and Mrs. James B. Smith recently returned from a holiday trip to Jasper, Banff and Calgary. The country around the trip was hampered by the heavy rain.

Many of the children are enjoying the home of the Peers Lane by attending swimming lessons in Eden.

Mr. Connie Townsend and boys are planning to make their home in Kamloops, B.C., where they will be joined later by Mrs. Connie Townsend. Gordon has changed to Kamloops Lake after being home for a time with his family.

A GAP IN THE TREE ROW Mrs. George Collins Sr. points out to leader staff. Donna Hodge where a car of the south side of the road is stuck in a rut. The car is stuck in a rut. A person in the car is stuck in a rut. The car is stuck in a rut.

W. Karl passes away at Carrot Creek

Mr. William Karl, 73, of Carrot Creek, passed away on July 15. He was 73 years of age.

He leaves to survive his wife, Mrs. Karl, and his son, Mr. Karl, who is a resident of the Carrot Creek area.

Funeral services will be held at 2:00 p.m. on Thursday, July 17, at the Carrot Creek Funeral Home. The funeral service will be held at the Carrot Creek Funeral Home.

Funeral services will be held at 2:00 p.m. on Thursday, July 17, at the Carrot Creek Funeral Home. The funeral service will be held at the Carrot Creek Funeral Home.

Welcome Rebekah Lodge visitors

Rebekah Lodge No. 45

A group was presented to each visitor and member by Mrs. Lily, P.M.

The meeting was also attended by Mrs. Margaret Wilson of Victoria in a visit to that evening.

The previous week a tea was held at the home of Mrs. Lily for Mrs. Margaret Wilson of Victoria who was visiting in Eden.

ONE OF THE JERSEY men in New York's largest crowd of two has been Mr. John Reed, president of the Essex & Eastern Hudson Exhibition Association. Mr. Reed, with the help of his executive committee, has been trying for the last month on a token payment that promises to be one of his hard in Atlanta.

ACTIVITIES rolled off to a flying start with a big rag dance on Wednesday, a beauty contest and dance on Thursday, a picnic and confetti through Friday and Saturday.

At a parade each day, rodeo and gymnastic events at the rodeo grounds, and a dance show ending in the parade.

Reg Kesler supplying bucking stock for rodeo

Rodeo Producers Reg Kesler was born and raised in the cow country of Southern Alberta and has been all his life since he was 10 years old. He has been active in the rodeo game for a long time, supplying a stock of bucking horses for the past 15 years. He is bringing this experience and that of providing much of the rodeo on the North American Continent, where he comes in Edson this weekend.

Since his visit to town, he has had the honor of winning the All Round Championship of Canada in 1946, 1951 and 1952. The Canadian All Round Champion

ship at the Calgary Stampede in 1949 and 1950 as well as championships in numerous other rodeos. He has been active in the rodeo game for a long time, supplying a stock of bucking horses for the past 15 years. He is bringing this experience and that of providing much of the rodeo on the North American Continent, where he comes in Edson this weekend.

Since his visit to town, he has had the honor of winning the All Round Championship of Canada in 1946, 1951 and 1952. The Canadian All Round Champion

Alfred Nelson dies at 69

Mr. Alfred Joseph Nelson of Edson, passed away on July 11 of the age of 69.

He is survived by his wife, Doris, one daughter, Mrs. Wm. (Dorothy) Nelson, two sons, Don and Elmer, and a grandson, Mr. (Harvey) Nelson, all of Edson. He was a member of the Edson United Church and the Edson Grange.

Funeral services will be held at 2 p.m. on Friday at the Edson United Church.

Evergreen Saddle Club to play large part in rodeo

The Evergreen Saddle Club will have the honor of escorting Lord, Governor Grant Macdonald into town on Thursday afternoon.

Mr. Macdonald will be met at the Edson Fair and ride from there into town in All-Blue, the club's new horse. They will make quite a number of stops along the way, including a stop at the Edson Fair. The club will also have a large part to play in the rodeo, including the parade and the rodeo itself.

Welcome

Everybody

And say all you Canadians if you want to look your best on the rodeo.

Meat for the rider
TO QUALIFY, rider must have spurs over the break of the shoulders and touching horse when horse's feet hit the ground first jump out of the chute. A single hand-hold in the rigging keeps this cowboy from "biting the dust".

Airport building bylaw started at Council meet

Amid a welter of routine Town business at Edson Council's Tuesday, July 18th, meeting, first reading was given to a bylaw to incur an estimated \$16,000 indebtedness for a building at the Edson airport.

Part of the cost of the facility will be borne by rent from the Department of Transport now included waiting room accommodation for the increased use of the airport which is being experienced.

Present at the meeting were Deputy Mayor J.P. Kahler, and Councillors H. Chisholm, Dr. J.R. Crawford, L. Halliday and our citizens.

Let 4 and 10 of 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, What must surely have been the worst

Thursday afternoon the storm that halted radio-phonograph put a stop to plans of good crops for a number of farmers north and west of town. Paul Hawley, who has a garden and a wonderful crop of corn and beans, was out on Sunday that he collected some from the field to his ranch at Liverdale. He had intended his damage.

Robert Douglas, to the Green's Plains district were his three sons—two on Saturday and again on Sunday.

The night, calmest yet, was the night of the storm. The wind and rain were so strong that it was impossible to go out. The wind was so strong that it was impossible to go out. The wind was so strong that it was impossible to go out.

Monsieur ZWARTKUS greets Mr. and Mrs. Peter Boon while Father Camp looks on at an informal get-together in Sackville of the diocese of Hamilton in the Netherlands and was on a visit to Canada. A most interesting feature of the Bishop's talk was his excellent command of English complete with a distinctively British accent.

Nature's Notebook

CULINATI
Water is the greatest resource on which all living things depend. When water fails, death follows. The farmer who is so often told to "water his crops" is not thinking of the water in the soil, but of the water in the air. The water in the air is the most precious of all, for it is the water in the air that makes the clouds and the rain. The water in the air is the most precious of all, for it is the water in the air that makes the clouds and the rain.

Notice to Customers of Northwestern Utilities, Limited

NATURAL GAS BILLS TO BE REDUCED BY PROVINCIAL REBATE STARTING IN AUGUST

Northwestern Utilities, Limited is pleased to advise its customers that utility income tax rebates, which will be applied to monthly billings for natural gas service, will begin in August. Customers will note an item on their gas bill each month labelled "Provincial Discount." This discount will reflect, as closely as possible, each customer's share of the total amount of income tax monies refunded to this company by the Alberta Government. It is expected that the "Provincial Discount" will become a permanent part of Alberta utility bills.

What famous beer label has 3 crows, a rabbit, a dog, a train, a biplane, and six Indians? The answer is Pilsner.

For years, we've been providing a beautiful mound, suitable for refrigerating, with every bottle of beer. It's a thing of beauty, all right, but we'll have to be honest about it. The label's just a front. The real masterpiece is inside the bottle. And it's made from beer brewed slowly and naturally in the good old fashioned way. We don't know much about art, but we know what you like.

Island holiday harrowing experience

A holiday to remember was experienced by Harry and Joyce Hemphill of Wayburn, Sask., last week when they were lifted off of flood covered "Island's Island".

The island is located in the middle of the McLeod River just above John Ryan's farm, south west end of Edson. For many years it was leased from the government by the Hemphill family who built a cabin on it. It became known as "Island's Island".

Recently Tony Grant purchased the cabin and canoe and has named the island.

Mr. and Mrs. Hemphill and their son David, came from Wayburn to visit Joyce's father, Mr. Edna Wells. They were able to borrow the use of canoe and canoe from Mr. Grant and went out last Sunday evening for a holiday on the island before heading back home.

Monday evening their son David and his cousin Gordon Wells came to the island planning to go back on Friday, the next day. However, Tuesday dawned (1969) and rain began to fall.

They decided to wait until it was over.

Wednesday morning about 8:30 a.m., Mrs. Wells and David went out to take the canoe over and see if the Hemphills wanted to go to the island. They were amazed to find the river had risen to more than average height and was still rising.

The canoe was gone—swept away.

They quickly notified the Forestry office and the RCMP and with them continued to keep an eye on the river for the rest of the day. John Ryan kept checking the rising water and reported in. At about four o'clock the river began to rise at six inches an hour.

There was no question of trying to rescue the Hemphills by land as the river was flowing rough and wild with logs, uprooted trees, etc., sweeping down continuously. About six o'clock the RCMP notified the Forestry office.

They quickly notified the Forestry office and the RCMP and with them continued to keep an eye on the river for the rest of the day. John Ryan kept checking the rising water and reported in. At about four o'clock the river began to rise at six inches an hour.

There was no question of trying to rescue the Hemphills by land as the river was flowing rough and wild with logs, uprooted trees, etc., sweeping down continuously. About six o'clock the RCMP notified the Forestry office.

Funeral for 16 year old accident victim

The community was saddened at the report of a fatal car accident suffered by James William Hayman, 16, eldest son of Mr. and Mrs. Robert Hayman of Edson on Sunday, August 10.

The youth was killed in a single car accident that took place at 4:03 a.m. Monday night when he was a half mile west of Edson on Highway 16. He was in the car.

Funeral services will be held at Marlboro on Wednesday, August 13 for the young man.

Besides his loving parents he is survived by three brothers, Terry, Larry and Gerry, two sisters, Linda and Jacqueline, all at home; his paternal grandmother, Mrs. Eugene Hayman, of Marlboro, and his maternal grandmother, Mrs. Emily Culhoun, of Marlboro.

A service helicopter from Cold Lake of the province had asked their help in rescuing the victim from the island.

The victim attempted to take them off when they arrived.

Can. on page 10

HARRY and JOYCE HEMPHILL (front) and the helicopter that rescued them (Mr. Hemphill in the sling) from their McLeod River island holiday.

Flood damage hard to believe

Unbelievable damage has resulted from the flooding of the McLeod River and its tributaries in the past week. Since last Tuesday the Coal Branch and other areas west of Edson have been assessing the damage and trying to repair travel facilities to get service back to normal.

Some river farmers were held in their homes by flood water that had risen to a point where it was impossible to leave their homes. In some cases the water was so high that it was impossible to leave their homes.

Reports of stranded livestock turned out mostly to be more fiction than fact, although there were a few instances where livestock was stranded.

Reports that the province's farm animals were stranded until the river went down to where they could begin to cross were also mostly fiction.

Water was over the road on the north end of the Ferry bridge and considerable damage done to the road. Crops in the area also caused damage, but will be much as farmers expected toward the roadside where the fall was much heavier.

Although losses would be heavy, the damage was not as bad as some reports.

Colombo had been isolated altogether as far as rail and highway traffic was concerned. The Alberta Forest Service had their helicopter to take in one load of supplies for them before the Air Force in co-operation with the Emergency Management Organization took over on August 10 to see that residents of the village were taken care of.

Howard Sherry has been taking care of the village since he was on the job with the province. He has been carrying passengers, mail and supplies to the village. He has been carrying passengers, mail and supplies to the village.

The rain has given the Coal Branch some trouble. It has caused some damage to the road and the bridge. The rain has given the Coal Branch some trouble.

Another worst case of 100 mm is reported in their way to make it in this work in the 100 mm. The rain has given the Coal Branch some trouble.

This track replacement is of course in terms of normal track (normal) and reports in preparation for a mile extending from

Coal Branch youth dies

A resident of both Edson and Coal Branch died on August 10, he was 16 years of age.

He is survived by his loving parents, Mr. and Mrs. O. Hayman of Edson, two brothers, James of Edson and William of Wayburn, two sisters, Donna and Grace, of Wayburn, and a grandmother, Mrs. and Mrs. Catherine McDonald, Edson.

The funeral services took place Saturday, August 11, at 10:00 a.m. at the funeral home of Mr. and Mrs. J. C. Gordon in Edson. The service was held in the funeral home.

Edson funeral home was in charge of arrangements.

Viewpoints of Others

The leaders of tomorrow

From the ranks of the youth of the world today will come the leaders of nations tomorrow. Everywhere there seems to be a sense of restlessness and an urgency for achievement among young people. That trend may be attributable to the surge of historical events and the amazing progress of scientific achievement.

We are living in a perilous age. Of that there can be no doubt and it is having an effect on present day young people. They must understand, however, that "men were not meant for safe heavens", proven by the long range of humanity's existence on earth. Courage is the one quality calculated to meet and overcome desperate challenges.

About half of Canada's population is under 25 years of age. But the great events of the century — two world wars, at least two serious economic depressions, the advance of science and the rise of world communism — occurred mostly prior to the time when youth was unaware of what was hap-

pening.

The young people of today have to accommodate themselves to a period of the greatest change in human environment. The world has ever known. Humanity cannot go back into ancient history, dragging out old fetishes which once put a spell on the human mind. We cannot isolate ourselves from the spirit of the times even if we wanted to do so.

Humanity is in a torrent of transition from an era that has died to one that is being born. In the transition it is the youth of today who will be the leaders and administrators. The future will be beset with perils but it also will be exciting.

Winston Churchill, his famous Barker address (1940), spoke some words of wisdom that are worth repeating now. He said: "We are, as a race and society, perhaps more capable of bearing shocks and strains — especially long strains — than any other. Our institutions are capable of changing with time and circumstances."

Staggering the imagination

The accomplishment of a moon landing by earth-bound man is focusing attention again on the universe and the origin of our solar system. The infiniteness of the heavens, where distance is measured in light-years, the distance light, travelling at 186,000 miles a second will travel in a year, always has been a source of constant wonder and conjecture.

These astonishing distances and speeds prove particularly provocative to cosmologists, who deal with such heady subjects as the history and nature of the universe. More than any other scientists, they are keenly aware that when they look into the night skies they are looking into the past. Because light travels at a swift but finite speed, the sun is seen as it was eight minutes ago, the nearest star as it was four years ago, and the nearest galaxy as it appeared two million years ago.

The discovery of quanta some three years ago, the star groups receding at about 25,000 miles a second and which are about 1.5 billion light-years from the earth, may provide a tool for the theories about origin of the universe.

One theory is known as the "steady-state", which claims that the universe has always existed, has always been expanding and has looked the same at any point in time. As the galaxies move farther away from each other, new galaxies are constantly being formed out of hydrogen that is created and fill the gaps, keeping the expanding universe at a constant density.

A third theory is the "oscillating-universe." This is the concept of a universe that expands after a big bang, contracts to an extremely dense state, and then explodes outward again in an 80-billion-year, never-ending cycle. Of the three theories, this one has several weak links.

Another mystery of the universe being investigated is that of time. Einstein theorized that time is a kind of illusion, interwoven with space and relative motion. The faster you move in relation to the rest of the universe, the slower becomes your perception of time.

If an astronaut blasted off for a distant star, and if his spacecraft flew at a large enough fraction of the speed of light, Einstein theorized he might return to earth 1,000 years later — but he himself might be only ten years older than when he left.

It staggers the imagination to consider the mysteries and the infiniteness of the Universe.

From The Brooks Bulletin

LETTERS

TO THE EDITOR

Peter, Alberta

July 31, 1930

Dear Editor:

Please allow me to re-

spond to the article "More

John Vignola" of the Ju-

ly 14 issue of your paper.

As a student, I have been

attending Edson schools for

the past four years. Last

year I was a student of

Parland Composite High

School. I would like to ad-

dress this letter to resti-

tute of time and area con-

cerned with long bus routes

and higher taxes.

Each morning, I board my

first bus at 7:55 a.m. At

approximately 8:15 a.m. I

board my second bus — an

express bus which takes me

to Parland. I arrive at ap-

proximately 8:45 a.m. and

have travelled thirty-four

[45 miles. In the afternoon

I leave Edson at approxi-

mately 2:30 p.m. and ar-

rive home by the same

route at 4:40 p.m. — more

thirty-four [45 miles. Let

me inform concerned

Edsonians that my home-

work will not be such a great

problem if your children

have been taught to use

their time wisely. Extra-

curriculum activities can

still be obtained and these

should not be done alone

or in pairs.

As a student of Parland

Composite, I comprehend

the desire in the construc-

tion of densely packed matter. Some

proponents of this theory feel that the

fragments of that explosion — new

galaxies — will continue to move out-

ward and away from each other for-

ever. Others suggest that the gravita-

tional attraction between the galaxies

will eventually overcome their outward

motion, pulling them all back together

in a cataclysmic collision that will

end the universe.

A third theory is the "oscillating-

universe." This is the concept of a

universe that expands after a big bang,

contracts to an extremely dense state,

and then explodes outward again in an

80-billion-year, never-ending cycle. Of

the three theories, this one has several

weak links.

Another mystery of the universe be-

ing investigated is that of time. Ein-

stein theorized that time is a kind of

illusion, interwoven with space and

relative motion. The faster you move

in relation to the rest of the universe,

the slower becomes your perception of

time.

If an astronaut blasted off for a

distant star, and if his spacecraft flew

at a large enough fraction of the speed

of light, Einstein theorized he might

return to earth 1,000 years later — but

he himself might be only ten years

older than when he left.

It staggers the imagination to

consider the mysteries and the infiniteness

of the Universe.

Editorial Notes

Thoughts are key which un-

locks the doors of the world — Sam-

uel Crothers.

A new principle is an inexhaus-

tible source of new views. — Vauven-

son.

Thoughts are key which un-

locks the doors of the world — Sam-

uel Crothers.

A new principle is an inexhaus-

tible source of new views. — Vauven-

son.

Everlasting comes to him who

heaven while he waits. — Thomas Bal-

son.

For the local church on a recent

Sunday, one young girl was overheard saying to

another, "I like my hair. It's really stunning."

"That," said the other, "it's my

mother's."

ing to Edson have been the

best in my school life — ten

rides on the bus and many

friends to choose from, plus

many more interesting con-

cerns, so many interesting in-

terests, sports and opportu-

nities unlimited.

I recall five years ago

when our crew was first

transported to Edson. A big

fare was made and every-

thing was congested then,

too, but today we reap the

benefits of a better educa-

tion and you can too.

Forget the long bus ride —

it's shorter than you think!

Forget the cost — it will save

you in the end. Give the stu-

dents a change from their usual

grid. That's the reason for

dropping your bus.

In closing, I would say

that if the money that the

School Division must use

for all this bus and fuel

were put into a new school

it would make a good be-

giving.

Remember, also, that we

are in the west end of the

Division and are paying them

for our complete.

Can we afford it if you

cut it?

Respectfully Yours,

A Student of Parland

Composite

Returns to find childhood home

A one-time resident of this area returned recently to fulfill a long time wish to find the home of his childhood.

Since it is more than fifty years since Gladys Wardell lived at Marlboro and Edson it is not likely there are too many people who have recognized her, but she found the old home and returned to Vancouver satisfied with her trip.

Now Mrs. Reginald Tomlinson of Victoria, B.C., has spent a number of days here lately in July, looking for people and landmarks that would lead her to the home of her father, George Wardell, M.D., who was a doctor in England and later came to this country.

She is in the Mar-
lboro area and lived there with his wife and five children until 1912.

During that time he owned a small field, built a house, barn and pigpen.

They were happy years for his family, though Edith was the brightest of eleven children in a new land.

However, his professional career was not so successful and Mr. Wardell moved his family to Edson to live over G.H. Johnson's Grocery Store.

That is the same building that is now occupied by Collins Grocery Co.

Mr. Wardell owned and lived there for about a year before moving to Edson for 12 years and then to the coast.

Mr. and Mrs. Tomlinson had some more time in Edson before going to Seattle.

Since, while there that one

Free-will museum an interesting place

An interesting place to visit for anyone interested in anything from museum pieces, to old coins, fossils, or shells, etc., is the little bit of almost anything in the Garden Park Museum of Alberta.

The museum is the work of Mr. John Coates who himself interested in a wide range of items that he feels other people would like to see.

The museum is open all summer and Mr. Coates says they are the only attraction to Alberta.

They also have a number of things with which people are interested in.

There are pieces for the youngsters to see as well as a tramp and playthings. There are also some very interesting things that may be purchased at the time.

At least 25,000 people have been added since last year.

Mr. Coates says that he will see many new things that are of interest.

Haddock Happenings

Our area has suffered most of the natural disasters this year, drought, late frost, and finally flood.

Many crops and gardens were completely ruined in the August 11th storm and others suffered a lesser degree of damage.

The neighbors of Mr. Schreyer became very alarmed last Thursday when the river rose and they could not contact him by phone.

A couple of men went to his house and found him in a minor boat, and were able to reach through his house and barn, (while in the boat).

Mr. Schreyer was found trapped in his car on higher ground, where he stayed until the water receded.

The garage storm and flood must have been alarming to our many visitors in the area.

Bobby Dickie of Vancouver, who has been visiting here, and his family of five, were very lucky to escape the flood.

Richard Henderson of Calgary and his family of five, were very lucky to escape the flood.

Mr. and Mrs. Gordon Miller and family of five, were very lucky to escape the flood.

Mr. and Mrs. Dale Krueh were very lucky to escape the flood.

COME, SIT BENEATH THE LILAC TREE

Come, sit beneath the lilac tree
And breathe the fragrant air,
Some branches swing within the breeze
And birds sing everywhere.
They'll lift about, now in, now out
And make a merry song,
And children's voices lead and long
Are heard to join the throng.

The travellers walking up the street
Stand still to watch the sight,
Of silver wingers, and flashing beads
Make patterns in the light.

Oh, what a world in which to live
I've always loved it so,
In Spring, there was the growth of things,
In winter was the snow.

Leah Davis Taylor

ONE OF THE WONDERFUL LILAC TREES, ABOUT 100 FEET FROM THE H&N AND CONDO CITY

Viewpoints of Others

● PICKS UP TAX FOR PLIGHT

Peter Batoni, Edmonton, contractor, paid \$37,140 to see his parents.

That price also included the air fares of 108 other Italians who arrived in Edmonton aboard a chartered jet from Milan.

When Mr. Batoni's parents decided to come to Canada for a visit, they looked a flight on a charter but the flight was cancelled. All the passengers were left stranded in Milan.

So Mr. Batoni stepped in and paid for an entire charter, in which one person pays the whole cost and receives no compensation.

Actually, Mr. Batoni had another motive for paying the \$37,140 bill. Almost half the passengers were relatives of employees with his contracting firm.

Mr. Batoni says employee efficiency showed a marked increase after they found out he was footing the bill.

A westerner was showing at a city theatre. In one exciting scene the Indians had tied the heroines to a stake and were shooting arrows at her and setting fire to her, when a voice in the theatre was heard saying: "Dear, I think I had better call home and find out how the sister is getting along with the kids!"

● THOUGHT OF HELICOPTER

Leonardo di Vinci, the great 15th-century painter and sculptor, was also an architect, scientist, and an engineer. He dreamed many of his observations in notebooks, illustrating his theories with very beautiful and exact drawings. Among them is Leonardo's conception of a helicopter, first drawn hundreds of years before a flying machine was actually built.

Twentieth-century engineers, with modern materials, have been able to build models that work perfectly, based on Leonardo's designs. (The notebooks are hard to read, however, because Leonardo used mirror writing; he did not write his ideas to be stolen.)

● NOT MUCH OF A DRIVER

It seems that a gang of motorcycle hooligans rolled into a truckstop about 11:00 a.m. Blecting sure that sinister after their turf, they descended upon the dining drivers.

One young guy, replete with greasy hair and black leather jacket, walked up to a driver but the driver offered no resistance. He quietly identified the material in his footwear. It was paid his tax and left.

Feeling rather smug about facing down a "big elephant" he said, "I have no reason to doubt walked over to the cashier.

"Say, that driver isn't much of a man, is he?" said the punk.

"No, I guess not," said the cashier. "And he isn't much of a truck driver either... he just ran past. Here you took your load of elephant shit I have ing it!"

SEWERS DEFENSE

If you suddenly meet a skunk face to face stand still. If you jump about, shout, or make any sudden movements, the skunk will take prompt defensive action. If you advance toward the skunk, it will raise its glowed tail as a clear warning signal. If you still advance, the skunk will squirt such a flash and fire salvo after salvo of evil-smelling liquid in your direction. You'll be sorry!

Skunk glands inside the skunk's body store this powerful fluid until it is needed. When the skunk is threatened, strong muscles force the fluid out through two small openings, one on each side of the tail.

Alms accurately, the skunk can shoot his clear, yellow fluid a distance of 18 to 18 feet. If it hits a victim in the face he gasps and chokes for breath. He is temporarily blinded and his eyes sting like fire. Water will relieve the pain but it won't take away the powerful odor.

DO FISHES MAKE SOUNDS?

A fish may make sounds by giving off gas bubbles from its swim bladder. (A swim bladder is like a balloons-like structure filled with air.)

Fishes can also make sounds with special drumming muscles, which vibrate the swim bladder wall. Fishes can also produce sounds by rubbing together the scales in their upper throat, by twisting their head, or just with swirling motions. Sounds are uttered by males during fighting and courting. Perhaps fish recognize each other through the sounds they make.

● KIDDER'S COWBOY BOOTS

(By Johnny Hopkins in The Calgary Herald)
"BY ACCIDENT ON THE BOW" - I'm still not to make the afterlife their turf, they descended upon the dining drivers.

One young guy, replete with greasy hair and black leather jacket, walked up to a driver but the driver offered no resistance. He quietly identified the material in his footwear. It was paid his tax and left.

Feeling rather smug about facing down a "big elephant" he said, "I have no reason to doubt walked over to the cashier.

"Say, that driver isn't much of a man, is he?" said the punk.

"No, I guess not," said the cashier. "And he isn't much of a truck driver either... he just ran past. Here you took your load of elephant shit I have ing it!"

Attends JFW Inter-province travel camp

Bill Newman

Junior Forest Wardens Bill Newman recently attended the Inter-Provincial Conservation Travel camp at the University of Alberta in Edmonton during the 1968-1969 season.

To obtain a University of Alberta certificate in management development, students must complete at least 12 subjects with a minimum grade of 60% in the remaining field. The field year's grade is based on the classroom work, field observations, and a final examination.

Students for this year's program are expected to have a minimum high school diploma, to be over the age of 17, and to have completed at least one year of post-secondary education. The Junior Forest Wardens are open to boys, 16 years of age and over. For further information contact: Supervisor, Mr. L.W. Galt, 2001-2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, GRITTY FACTS

Whereas most of B.C.'s -dile population is in the these diverse problems. These models are actually shy and retiring, cross-ly, and despite the many gruesome stories of mass-ly, they are actually shy, shy, shy. For safety, humans should also respect the gritty's shy-ness.

British Columbia has one of the last important animals of the gritty's hairy, and there are strong populations of the animal hairy. The gritty's hairy are said to have to the point of not. Pressure could be

numbered in the hundreds only, and strenuous efforts are being made to preserve them in B.C. such as B.C. and Colorado.

EVERY MAN CAN BE A CONSERVATIONIST
What is a conservationist? Today we find a great many people labeling themselves as conservationists in order to get up a small army to protect their own anti-interests over those of the majority.

The conservationist must be a logical thinking man who believes that the harm conservation means also one. He must realize that man must share the benefits of

here provided. If not used, they will be used as much as by the other animals who believe only in exploiting these resources for his own immediate needs.

Through careful management, and the use of natural resources can be protected, and they will be the maximum benefit and still have a growing stock that will be of value, or even better value than the present.

Much use of our resources can be made in a variety of ways, and it is not necessarily so that we can use all of the same time and effort to protect our woods, waters and wildlife.

The best part of all this is the fact that a conservationist need not be a highly skilled operator, but can be Mr. Average Citizen who uses all of the facts and weighs them carefully while understanding that "conservation means man's use."

WILDLIFE MANAGEMENT
Wildlife management is an applied science. In the practice of wildlife management, scientific principles are applied to the growing and rearing of wild crops of game in very much the same manner that farmers produce their crops of timber from their land.

Past research has amply demonstrated that certain conditions govern the size and reproductive rates of animal populations. The knowledge of such conditions and of constants, when combined and applied systematically, constitutes the knowledge upon which we must base policies and techniques for controlling our game.

It is only by the application of these principles, coupled with reliable current information, that we can manage our game in a manner that will produce the greatest sustained yield from our wildlife resources.

The knowledge of the principles of management is the result of many years of research and experience, both in the laboratory and in the field. Past experience, both in the laboratory and in the field, has shown that when they are ignored the resources suffer.

The comparison to forestry in wildlife management is correct and appropriate. Both are judged in the light of human and animal welfare and the long-term plan can be formulated.

MR. AND MRS. WAYNE R. CURTIS — Photo by Grant

A lovely ceremony took place in the Edson United Church on Saturday, July 18 when Linda Mae Bessie and Wayne Reginald Curtis exchanged wedding vows and rings.

Rev. James McAllister conducted the ceremony for the daughter of Mr. and Mrs. Robert Bessie of Edson and the son of Mr. and Mrs. Reginald Curtis of Lacombe, Alberta.

Two bands of white guests stood at the front of the church for the ceremony. Mr. George Matheson played the wedding march and accompanied soloist Carol. And during the signing of the register in the song "O Promise Me".

The bride, who was given in marriage by her father, was radiant in her white dress of gown de mode with Empire waist. The bride was of heavy French lace with beautiful neckline and long-sleeved sleeves. A wide train of gown de mode fell from the shoulders, her chest length was like a cloud to a white ribbon. She carried a white bouquet of wild roses.

Brides attendants were Misses Barbara Taylor and Pamela Smith. They were led through guests of most grace, guests of most grace. They carried money's bouquet of white carnations with white roses tucked in their hair.

Little Misses Jacqueline and Susan Lacombe, sisters of the bride, were flower girls. They were given in marriage by their fathers.

The wedding was attended by 100 guests. The food was prepared by long-time friend of the family, Mrs. Alex Gledhill of Edson. The food was very much to the liking of all.

A reception in the Edson Hotel hotel was attended by 100 guests. The food was prepared by long-time friend of the family, Mrs. Alex Gledhill of Edson. The food was very much to the liking of all.

The young couple are making their home in Edson where the groom will be attending the university.

The Summer Dental Program OF THE EDSON HEALTH UNIT IS ALMOST COMPLETE
If you wish your child (3 to 13 years) to have a dental examination, cleaning and painting of the teeth (without charge) phone 723-4492 immediately. There is only one week left in this program. Painting the teeth with fluoride is known to greatly reduce new cavities.

18-EDMON LEADER, Wed. August 20, 1930

Special postage stamps for the Christmas season in denominations of 5c and 6c, with designs representing the multi-racial structure of

Canada Post Office on 8th October 1930 to provide appropriate issues in advance of the last date for section Christmas mailings to distant countries.

The new multi-colored stamps, designed by David Gray and Bates Ltd., are Canada's first Christmas issues produced in more than two colors. Colors used are red, blue, yellow and black. Customary First Day Cover Service will be provided by the Postmaster, Ottawa, Ontario.

Marking a festival in which the role of the child has a primary significance, the stamps show the faces of children of several racial origins. Facing right

with heads clasped in prayer, are shown standing rows of light, their uplifted eyes reflect the mystic beauty and solemnity of the season.

Across from Mr. Merrill Richmond who lived here from 1917 until 1927 Merrill, his wife and grandson, visiting in the town and district in late August. He is 78 years old and has been 28 years since they moved away from Edson and he noticed quite a change, including an absence of many old friends.

THE RODEO CLOWN -- makes a friend for life when he lets this young lad have a ride on his mule.

Edson, Alberta Wednesday, Aug. 27, 1969 Vol. 16, No. 35

Big turnout expected in spite of District hail

Don't forget to take in the FFA lunch show this Saturday, August 30 in the Edson Arena. The exhibits will feature: grain, hay, garden produce, flowers, home baking, canning, dairy products, knitting, sewing and other handicrafts.

Radio winners

Winners of the transistor radio which were raffled in conjunction with the Rodeo Queen competition were all from Edson district this year.

First prize winner was Mr. Cliff Wiley, second prize, John Stommes, third prize, Harold F. Macintosh.

Sunday commercial sports bylaw given two readings

With Councillor Les Halliwell dissenting, Edson Council at their regular meeting last Tuesday evening, gave first and second readings to what will be known as the Sunday Commercial Sports bylaw.

The bylaw, in line with provincial legislation from the last session of the Alberta Legislature, would give permission for any game, contest or sport: exhibitions of an educational, artistic or cultural nature; any theatrical performance, concert, recital, lecture or other performance, including the showing of movies.

Specifically mentioned are horse racing, dog racing, boxing and wrestling and the exhibition or conduct of a show.

The bylaw will be in effect for a year on the provision for a vote on the provision bylaw. Details of how this can be done appear in the bylaw.

Present for the meeting of Council were Mayor J.E. Griffiths and Councillors: Jimmie Chisum, A. Grant, L. Halliwell, E.S. Hicks and J.P. Kable.

Secretary Peter Serdikoff advised Council there had been no petitions received against building a facilities building at the airport and Council proceeded to pass the necessary bylaw authorizing the issuing of tenders to develop the road over and over for years.

The building will house the Department of Transport, transfer office and provide waiting room accommodation. The plan call for a transit building on full concrete basement 25 x 30 feet.

Secretary-manager Peter Serdikoff was appointed to conduct the bylaw election this fall.

Council will meet on the 27th in the Edson and District Rodeo Arena on the 28th to report on the bylaw election and the bylaw which occurred during the 1969 season and the 1970 season.

Cont. on page 2

School starts September 2nd

Schools throughout the Edson School Division will open for the 1969-70 term on Tuesday, September 2nd. Weather students are ready for it or not.

Schools have been completely staffed throughout the Division according to the Division Office.

Parents must be in school by 8:30 a.m. and closing time.

And for those who are entering children to repeat the year, I think they must be notified of this.

The entry fee shall be \$10 per entry.

All entries must be in by 10:00 a.m., August 30. All exhibits are to be left unattended until 4:30 p.m., August 30.

Exhibitors left later than 5:00 p.m. will become the property of the fair committee for disposal of their own discretion.

All entries must conform to classes listed in prize list. Entries which do not conform to the prize list will be on display only and will not be judged.

BIRDS - the 1969 rodeo raffle pony won himself a good home when Little Dale Monaghan's name was drawn as winner of the raffle. Although Dale is too small to ride by himself (he's two in October) he looks forward each evening to having his dad, Jack Monaghan, put him in the saddle for a walk around the pasture.

Switzer family re-union this weekend

This weekend will seem like Old Home Week for the many long time friends of the Switzer family as they welcome and renew acquaintances with members of the family.

The occasion will be a family reunion with approximately 50 members of the family in attendance. Children, children-in-law, grandchildren and other relatives will be here.

The close home affair is planned at the Edson Hotel on Friday afternoon from 2 to 5 p.m. At that time friends are invited to call and renew acquaintances with members of the family who no longer live here.

A family banquet will be held in the Edson Hotel Ball at seven o'clock that same evening while a family picnic will be at Williams Park on the agenda for Saturday.

The family members in charge of arrangements are bringing their fingers crossed for good weather as the

Switzer family will be a wonderful occasion for the long time Edson family and there will be much reminiscing of the days that have become fond memories in the hearts of former school chums and associates of the Switzers.

4-H Club start-up time

It's a new year for the Edson 4-H Beef Club starting Friday, September 26 when the first meeting of the 1969-70 year will be held in the Provincial Building meeting room at 8 p.m.

Those interested in becoming members are welcomed by executive and present members. You must be 12 years old by January 1st, 1970.

This year the 4-H members will choose his or her own breed of beef calf to raise in the yearly project.

The Britzer Family held a memorable family reunion last weekend with an open house so that friends could share the happy occasion, a family banquet, a picnic on Saturday and visiting that continued almost around the clock. Here are the 197 members of the family who sat down to the banquet Friday evening. The holiday weekend and their busy schedule made it hard to track down details for this week's Leader. They will follow next week.

The Edson Leader

THE CITY OF EDSON, ALBERTA

Edson, Alberta Wednesday, Sept. 3, 1937, Vol. 16, No. 36

Injured when truck rolls

An Edson man, Harry Froehlich, escaped serious injury Tuesday evening about six o'clock, when the semi-trailer high boy he was driving "went out of control" and rolled over.

The accident happened about two miles past the Conover Store in the Blackfoot district.

Mr. Froehlich was pinned in the cab and had to be cut out with jackhairs. He was brought to St. John's Hospital for observation.

Wildwood Fair exhibit entries up

Wildwood --- The 31st annual Wildwood and District Agricultural Fair, held on August 23rd was a decided success. Entries in the show classes were up somewhat from last year.

Miss Karen Kelland of Niton was crowned Queen of the Fair and ruled over the activities with her Franchises, Nancy Elmer of Wildwood and Cindy Uchies of Ewingville.

Two car, truck collision fatal to two

A three vehicle collision at the Marlboro Junction last Friday claimed the life of one person. Killed in the three vehicle accident were Douglas Chirling, 26, of Edson and Marlene Codrue, 21, of Edson.

Douglas Chirling was the driver of a car which was in collision with the rear wheels of a gasoline tank truck. After striking the truck the Chirling car spun around and struck a car which was following the truck.

The Chirling vehicle was towed.

An inquest has been ordered by the District Coroner.

Multiple bungee winner

Mrs. Berice Morgan was a multiple winner of the Legion bungee last Saturday night.

Not only did she win the home jacket of \$100, but she walked off with four of five of the game winnings as well.

The potluck starts over this Saturday at 6:00.

Mrs. Berice Morgan was a multiple winner of the Legion bungee last Saturday night.

Firemen out for variety of calls

The fire department was called out last Friday noon for what could have been a serious situation had someone lighted a cigarette.

The big underground gas tank was being filled at Lee's Expressions before when the tanker driver inadvertently let the tank run over, spilling gasoline over the service station tank.

The fire department was soon on hand and cleared the gas into the storm sewer without any damage having been done.

On Monday of the same week both the Edson and Glenora fire trucks were called out at the same time for minor fires. The first was in Millerville, just past the East Railroad Crossing, and the second at the rear of Malt's meat property.

By the way, it is important to give the address when having on a fire call. Some delay was experienced in having the latter fire call because no address had been placed on. Getting the address with the call would mean the difference between having a home and having it burned to the ground.

United Church Services

Starting this Sunday, Sept. 5th, the worship service at Edson United Church will start at 11:00 a.m.

On Wednesday, Sept. 16, Rev. H. C. Warden will be inducted as minister of the Edson church. The induction service will start at 7:30 p.m.

Debbie Brooks dies following car accident

Ten year old Debbie Brooks of Edson, was riding with her mother and two younger brother, when the accident occurred on the road to the Beaver Ferry. Mrs. Gerald Brooks apparently lost control of the car which struck a mailbox.

It was reported that Mrs. Brooks was returning home after driving her husband to the job in Whitecourt.

The accident victims were rushed to St. John's Hospital and Debbie was later taken by ambulance to Edmonton, but died in the early hours of Tuesday morning.

At press time Mrs. Brooks and the two little boys were still in hospital.

ACCEPTING FOR DAD--Ernie Fabron Jr. officially accepted the Edson Motor Co. Trophy for the best ahead of oats entered in the FUA Sub District B Bench Show. The green oats and the trophy were no heavy feat for Mr. Leroy Tait, who made the presentation for Edson Motors, gave him a boost.

A PROUD WINNER in the junior handicraft class at the FUA Bench Show Saturday was Shireen Hinecher who won a first prize with this scale model of a hand trowed saddle.

The Gap

by C. S. Harris

The "generation gap" is a phrase widely employed to explain the world-wide situation of young people and their elders. Perhaps it would be more to the point to call it a "communications gap."

Parents have always suffered the pangs of seeing the independence of their offspring with an eye to the fact that the "generation gap" is a phrase widely employed to explain the world-wide situation of young people and their elders. Perhaps it would be more to the point to call it a "communications gap."

It should never be construed that because we do not have riots at Ryerson Institute, things are better here. Rather, I suspect that it is not happening here. Mr. McKay said, "I am convinced that we have riots." Mr. McKay said, "I am convinced that we have riots." Mr. McKay said, "I am convinced that we have riots."

The appointment of faculty and students to the Ryerson Board of Governors presents a most interesting problem. In the immediate future I would think that the structure of the Board might well see the appointment of additional students and faculty, and perhaps even outside appointees. I feel that the Academic Council will emerge in the long view as the vital force in which Ryerson students will be able to play a very key role, for it is here that the kind of education, the quality of education and the academic standards will be set. The Board of Governors may find itself on the horns of a dilemma. It is a new kind of role. Apart from purely playing active control, however, funds, the Board of Governors may one day emerge as a sort of one to interpret an impartial judgment to those of the students which will undoubtedly arise about the years ahead.

Mr. McKay's concluding advice to the students was the vital point that communications is a two-way street. We are talking a particular interest first hand the advantages and short-comings of our school because the course of action we take in the future will depend on the feedback that Ryerson receives from you. If you do not communicate with us, each of us will have failed. You are the soul soul of what this institution is all about. We need your continued interest, your concern, and participation.

The officials must leave their isolated desks and go to the farmers. They have to find ways and means of moving crops to the towns and cities and give the farmers ready markets for what they can produce. It is in vain to urge our farmers to increase production, when they cannot dispose of their harvest.

—Editorial in the Chinese Echo

Canada's Bright Future

Canada is the largest country in the western hemisphere, covering 3,851,118 square miles. That makes it the second largest country in the world, and a bit smaller than the continent of Europe including European Russia.

While 90 per cent of Canadian people live within 200 miles of the United States border, the vast northern areas contain an unexploitable wealth of oil, minerals, timber and sources of water power.

There are over two billion square miles of the Precambrian Shield in northern Canada, the oldest rock formation in the world, and containing treasure troves of mineral wealth.

Canada's population is now only 20½ million, seemingly a handful of people in an enormous expanse. That nation's small population has had great achievements to its credit, but Canada is young, just 102 years old, and tremendous undertakings are ahead.

Insurance salesman: "How much your wife carry on if you should die?"
Old man: "Well, I tell you, young fellow, I don't know. I'm sure she'll be long as she lives."

Give me a place to stand and I'll move the earth, and I can move the earth.

An ancient proverbial clerk had an inquiry from an African. Since that line demands to know the weight of his passenger, she asked him "How much do you stand?" "Well," she replied, "how do you stand?"

A bachelor's life is one understood as a thing after another.

CROWDING THE BAR
Sung and creaking air,
And one clear call for me!
And may there be no meeting of the bar,
When I find out to me.

But such a life is moving sense asleep,
Too far for good and true,
When that which drew from out the boundless deep
Turns again home.

And after that the death?
Any more there be no sadness of farewell,
When I embark.
For though I may not see your face
And may not yet feel your hand,
I shall have your plan for me
When I have crossed the bar.

—Alfred, Lord Tennyson

Letter to the Editor

Editor,
Edmon Leader

It has only been a short time since we have read about the Ryerson Institute of Technology, Toronto, Ontario. Published by the Ryerson Institute of Technology, Toronto, Ontario.

The theme was "Living with the Gap," and through your cooperation we were able to see it in the light of the Ryerson Institute of Technology, Toronto, Ontario.

Your publicity, we are sure, contributed to our success.

S. C. Harris

Phone line added Edson exchange load

Alberta Government Telephone has put new \$25,550 switchboard into service at Edmonton.

Located on top of the old building, the new switchboard is a 1000-line switchboard, the largest ever installed in the province.

The installation and repair of the switchboard was completed by the Edmonton Telephone Company.

Local Manpower manager attends cost-control seminar

Increased management techniques referred to in the recent government (J.C.) statement are already operating in the Prairie Division offices of the Department of Manpower and Immigration. Mr. C. N. Johnson, manager of the Edmonton Canada Manpower Centre, says, "Known in the federal government as Program Planning and Budgeting, the system puts private-sector cost-control methods into the public service."

Mr. Johnson has just returned from a PPM seminar held at Edmonton August 21 and 22, attended by Canada Manpower and Immigration Centre managers from Alberta, Saskatchewan, Manitoba and the Northwest Territories.

Conducted by Professor J.

Douglas White of the University of Manitoba School of Commerce, the PPM seminar reviewed the principles of PPM and the role of the manager; objectives and benefits; analysis of alternative solutions; presentation of the regional plan and performance indicators.

Mr. Johnson said the seminar was an excellent introduction to the Department of Manpower and Immigration programs to national needs in order to ensure benefits and costs of alternative measures of action in meeting demand for labour in the future. Since that time he has conducted seminars in all other regions of the Department. Professor White is an authority on PPM and, said his appointment at the University of Manitoba in 1967.

These judges of the IFA Sub District 6 Bench Show apparently found the task a pleasant one. Left to right are: Greta Giffand, Mrs. Grace Melnyk, Mrs. Shirley Kelley and Gary Miller. Prizes will be mailed to winners who did not pick them up at the Fair. Winners of door prize draws will also receive their prizes by mail.

Doctor urges wider use of seatbelts

The medical profession, together with engineers, is urging the wider use of seatbelts in motor vehicles. Dr. Douglas White, professor of anatomy at the University of Manitoba School of Commerce, who has spent the past several years investigating the effects of impact on the human body in fatal automobile accidents, says physicians, engineers and jurists all agree on the need for wider use of seatbelts. "It is one of the cheapest forms of life insurance you can buy," he says.

Dr. White, who is a member of the American Medical Association, says that the use of seatbelts, he reminds people that the chances of survival in a crash are not increased by using them. "The vehicle's compartment may be relatively undamaged in a crash," he says. "Dr. White, who is a member of the American Medical Association, says that the use of seatbelts, he reminds people that the chances of survival in a crash are not increased by using them. "The vehicle's compartment may be relatively undamaged in a crash," he says.

Centennial Chorus Resumes September 10

All those interested in becoming a part of the Centennial Chorus for the coming year are invited to attend an organizational meeting Wednesday evening, September 10 at 8 o'clock in the music room of the Junior High School.

Director Paul Chevrolet says all those desiring to sing in the chorus will be present at the first meeting to help determine the nature of the program and the setting of the regular practices which may not follow the same pattern as last year.

Those composing the re-organized chorus will determine the policies of the chorus. If, for some reason, you are not able to be present at this first meeting, please phone the director at 723-2708 and indicate your interest so that it may be taken into account along with those present.

As in former years since the founding of the chorus in 1967, anyone willing to sing in the chorus and willing to attend practices regularly are eligible to become part of the chorus. Experience has proved that there is usually a shortage of new singers, so it is assured that you are welcomed and needed.

The Centennial Chorus was organized to share in the celebration of Canada's Centennial Year and has continued on to the present to become the longest lived chorus in Edson history. It has given programs on various occasions including Christmas, and Easter and donated the proceeds from their last dinner's concert to the local hospital for new equipment.

Paul Chevrolet says that the chorus members have expressed interest in some travelling. What we can do this year remains to be seen. Come out on September 10th and help to decide.

Neddock Happenings

Mr. P. Johnson

The Centennial Club meeting held in the hall on Aug. 24 and 25 in attendance. Guests were Lloyd Bennett of ARCA and Linda Bennett of the Recreation Board.

Good greeting has been completed on the last phase of the school bus route west of Edson Lake. Congratulations to Mr. and Mrs. Henry Williams who will celebrate their 50th Wedding Anniversary on September 10th.

Mr. and Mrs. Benson and family were welcomed guests of the H. Williams family. Also visiting the Williams were Mr. and Mrs. Benson and family of Edson. Mr. and Mrs. Henry Williams and family of Spruce Grove spent the weekend with their parents, Mr. and Mrs. C.E. H. White.

Mr. and Mrs. Albert G. Johnson were Friday from a holiday of Spruce Grove.

Mr. and Mrs. Tom Deak and Mrs. Anita's brother, Keith's of Edson to visit the Bob Hume family last week.

Don Substantially, who has been working in the Northwest Territories returned home last week.

Mr. and Mrs. Bill Crum

SPECTATORS WERE NUMEROUS at the Bench Show last Saturday and showed considerable interest in the vegetable and baking classes. The Leader has been promised a list of winners for next week's issue.

Saddle Club's last gymkhana this Sunday

The Evergreen Saddle Club will hold the final Gymkhana of the year at the Bolen Grounds this coming Sunday, Sept. 14th. Events will start at 1:00 p.m.

The events of the day will include barrel racing, pole bending, stake races, the rescue race and novelty races. There will not be a pot luck dinner afterwards as planned earlier. The event will last one hour and the evening are getting too cold it was said.

After the Gymkhana is over there will be fall races. These are open to the general public. There will be last fall's "Best of the Show" contest. The winners of the event are to be crowned. The area around the grandstand and refreshment booths could still use a general cleanup however.

A cleanup day was held Sunday by members of the Bolen. "I and the name of the area are to be crowned. The area around the grandstand and refreshment booths could still use a general cleanup however.

The rally tickets on \$100 cash are not used. The \$100 rally tickets on \$100 cash are not used. The \$100 rally tickets on \$100 cash are not used.

Students of all grades are welcome. Registration is in the Bolen Grounds, 14 at 10:00 a.m. for Grades 1-12. Registration for Grades 13-12 is Monday evening, September 15 at 6:30 p.m. Registration and classes will take place in the old high school on 6th Street.

Matthew students will meet at the school in Markham on Saturday, September 13 at 10:00 a.m.

Safety rules for color TV users

The Minister of National Health and Welfare, John Munro, has given further information relating to the studies made by his Department on Color TV hazards. Mr. Munro has earlier reported that about 10 per cent of color TV sets tested in the recent survey by the Radiation Protection Division were found to emit radiation somewhat in excess of the accepted manufacturing standard.

Example of such sets has been found among all popular makes, the largest number being among the models purchased before 1967. The causes are complex and are attributed partly to component design and partly to over-voltage.

The Minister requested that, in the opinion of his Department, these radiation emitting sets are not a significant health hazard if given the usual degree of respect accorded many other household appliances.

The radiation was reported only at the back, bottom and sides of the set, and in the normal viewing position set backs, coupled with the fact that the set is not used for long periods of time.

Lutheran Jr. Choir to be organized

Grace Lutheran Church, Edson, announces the formation of a junior choir for children from grade three and up. The choir, under the direction of Mrs. Don Kluge, will have its first meeting on Thursday, September 11, at 4:00 p.m. at the church.

Mrs. Kluge has had previous experience in this field. Her first group of just involved the musical program of the Vacation Bible School at Grace Lutheran. She has in the past directed the Junior Choir of Trinity Lutheran Church, Edson.

The choir group has over 1000 members. At that time, only obligation is that they are present when the choir sings at the local congregation and selected other duties.

Interested parents, are asked to contact Mrs. Kluge at 274-210 for further information.

Aunt Emma Metcalfe, Mrs. and Mr. H. A. Switzer, Aunt Edith Allen and Aunt Jen Gerrard

Switzer family reunion a memory making occasion

There couldn't possibly have been a prouder or happier man in town over the Labor Day weekend than Mr. Harvey A. Switzer, who was seeing his children all together for the first time at a mammoth family reunion.

The reunion which had been in the planning stages for the past year, actually got underway on Friday afternoon with an Open House affair in the Edson Hotel. This gave their many friends an opportunity to call in and exchange greetings with members of the family, most of whom now live away from Edson.

It was appropriate that he held in the Edson Hotel as most, if not all, of the Switzer family have been members of the Edson or OOPS, taking an active part in holding offices. Mr. Switzer himself has served for 30 odd years and is Past Provincial President and Past Grand Lodge Officer. The Open House also served as a celebration for Mr.

Switzer's 80th birthday. Family members began to arrive by Tuesday of the big week with the last one getting in Edson in time for the Open House.

Of course many old friends also dropped in to visit in the evenings of the reunion, and most of the time the family tried to keep activities limited to family as they got acquainted or re-acquainted and shared memories to last for years to come.

From the Open House they went almost directly to the family banquet in the Edson Hotel. The hotel was headquarters for activities during the weekend with many of the motel units being occupied by Switzer relatives. An interesting display of photographs and awards which had been gathered over the years by members of the family had been set up in the banquet room. A novel addition to the display was the tree on which were hung a silver baby cap of every grandchild in attendance. These had been given by Grandpa Switzer over the years.

Family members totaling 101 or down to the banquet with an additional 40 young people, girl and boy friends of the grandchildren attending the dance had followed.

The dinner program was headed by Don Switzer by Laurie on behalf of all the Switzers, was sometimes serious, sometimes humorous.

PONTIAC offers its widest model choice ever for 1970. Series names for full-size Pontiacs will be Bonneville, Executive, Canada, Safari, Jet, Performance, LeMans and Stratus-Chief. Wheelbases will be 115-inches, 112-inches or 110-inches, depending on model. Standard engine will range from a 200-cubic-inch Six to a 415-cubic-inch V8. Pontiac's personal luxury car, the Grand Prix, is a 116-inch wheelbase with a 400-cubic-inch V8. The 1970 Pontiac Performance hardtop coupe is shown above.

For production industry important

For Production - for long time Canada's wealthiest industry and producer in terms of established only by the

For having started in Canada in 1970, in Prince Edward Island, with the breeding of fumes, to reveal more many nearly-constant wild life for species have been protected by establishment of parks and game sanctuaries, and by improved forest fire control and forest management.

Another factor has been introduction of registered

trapping areas, where a resident trapper has opportunity of managing his traplines to provide maximum yield. Fifty years ago the beaver, once valued as the highest of furs, was nearly extinct in Canada. A century ago it was nearly extinct, and in 1970 only 12,500 beavers were taken.

Now the beaver population has been restored to the point where the beaver ranks first in the world for production and in value of production. In one million beaver is second only to the beaver in value.

The beaver is a valuable animal, and its fur is worth \$100 per pound.

FUR OPEN CANADA

Canada was opened up by

FOR 1970, PONTIAC introduces a completely new line of intermediate-size models, in the Tempest, LeMans and LeMans Sport series. Each is a twelve 6-cylinder model. The 400 performance series offers two models with 400-cubic-inch standard V8s. Among the names with industry standard rules or third place. Shown above is the 1970 LeMans Sport Coupe.

the search for fur. First was the trapping trapper, then trapper, and then the beaver. When the beaver had been hunted for other products, they made their way to the big population centers, and were traded for goods from overseas.

ROMA VALLA is not long ago, as many measure time, since animal trials were conducted in Europe. In one of the cases I saw and her six little pigs were tried for killing a baby. The doctors never made a good plan that only the cow was awarded, the pigs being let off because they were young and their mother had not a bad example.

"On that," she said, "I was wrong."

Edson Curlers

We are going to round the Edson Curling Arena before the curling season starts, incorporating a new method in the heart of the ice surface to maintain an straight ice at 1st, and we will have a hot arena this winter as well. Before we could this money we must know how to say our- selves we will have.

Please check off your telephone on this form and return immediately to the Edson Curling Club, Box 150, Edson, or phone 723-5987 or 723-6200.

Definitely will cost --

EDSON CURLING CLUB

Colors shown (illustrated or described) are optional at extra cost

1970 Pontiac. This is the way it's going to be.

Bold. Confident. Clean. For 1970, Pontiac has even combined Pontiac in 45 ways. And 28 of them are brand new additions to your Pontiac dealer's regular model lineup. There are the new longer wheelbases, luxury Pontiacs—Bonneville, Executive and Catalina.

There's a whole new team of "intermediate" Pontiacs—LeMans Sport, LeMans and Tempest—altogether 12 new size newcomers to the Pontiac family.

Then there are the Pontiacs

which names you know like 2+2, Bonneville, LeMans, Stratus-Chief and Safari. And of course, there's the GTO. So great that for 1970 it's been dubbed "The Hottie." And Grand Prix Pontiac's ultimate Pontiac—elegantly refined.

And rounding out your Pontiac dealer's exciting lineup is the 1970 Acadia. Here's a smaller, low-price car that gives you a head-turning, eye-bait, coupe or sedan and lets you tailor it to your personal taste from a long list of options.

We take the fun of driving seriously!

See your local authorized Pontiac Dealer.

Things that remain

The writer of Reuters' article of "The remaining of these things that are shak- ing, as if with wind" has made, that those things which cannot be shaken are remain."

Students, 11-27 in a dry when was ter- rible in space, while on the moon and dreams of tra- velling to other planets, only of the tired and in- viting patterns of living are being swept on.

The world changes in a few years as much as it used to change in a year's lifetime. Are there things which are still trustworthy amid the changes of our times?

The period of history in which the writer of Reuters' article was also a great period of change and he was that is beautiful, for the things which were perma- nent became ripened.

At a time when most things were falling and everything that remains, solid stood out bold- ly. Then it was that this writer could speak of his as "no rather sure and steady."

Things that remain. The message of the Bible is to hold on as it was in the past, for the faithful life of man and his mes- sage about his true nature and destiny are relevant to his very living.

Nothing is history or the normal events in any way regulates the Bible's pro- phesy.

On reporting fire calls

ET A.E. BUCKLE

Alberts First Commissioner

Here is a problem that could easily be solved. But how is it with you? Any person to go to the telephone as would have to be done when an emergency call to the fire depart- ment is necessary. One out of ten persons will be at a loss as to what number to call. Others may check with the tele- phone book but what is to be done in case it can't be found? Precious moments are lost and with each second of delay the fire de- partment's chance of life rescue or fire control is di- minished.

Last volume in Canada con- tinued to decline in 1966. In- spected slaughter dropped to 712,623 head, down 13.2% from a year earlier. The West recorded a decline of 18% and Eastern slaughter dropped nine per cent.

One of the most serious prob- lems of the world is the life- giving power of the Bible. The message of the Bible with its assurance that man's sinfulness and in- adequacy can be overcome by the miracle of new life through Christ is a message of hope and strength.

In the Bible we see that the life-giving power of the Bible is the message of the Bible. The message of the Bible is the message of the Bible. The message of the Bible is the message of the Bible.

You will have an opportunity to share in the distribution of this message by supporting the Canadian Bible Society.

Wed, September 17, 1968, EDSON LEADER-17

It is well to have the number contained in a card holder along with usual identifica- tion cards, since you may be away from your own tele- phone when you have a fire. Your fire department can serve you in a time of fire emergency only if you and every member of your fam- ily has correct knowledge of how to bring this service into action. An address card may be useful.

NDP leader to contest byelection

10¢
PER COPY

NEWLY NOMINATED NDP CANDIDATE Grant Noddy is welcomed by the NDP convention in Edson. Legate is the successful nominee at the NDP convention in Edson. Legate is the successful nominee at the NDP convention in Edson. Legate is the successful nominee at the NDP convention in Edson.

Alberta's 15th member of the NDP, Grant Noddy, will contest the Edson by-election (L-37) on October 28. Mr. Noddy, 39, was announced as the party's nominee at a convention in Edmonton Friday night. He was enthusiastically cheered by 200 party supporters in the room to which the news first leaked. Noddy, a member of the Liberal BILA and the NDP, said of his nomination: "I was not elected leader of the party to run for office. The Conservative government must be challenged. Striking at what he called the 'machine model' of the party, Mr. Noddy said the party must win out of the past and into the future. He urged a program of social reform, better housing, and a balance sheet on foreign investment. He also urged a program of social reform, better housing, and a balance sheet on foreign investment. He also urged a program of social reform, better housing, and a balance sheet on foreign investment.

MRS. NANCY J. BARNES is the business community on Main Street with the opening of the restaurant. She is the business community on Main Street with the opening of the restaurant. She is the business community on Main Street with the opening of the restaurant.

Roger Woods named Liberal candidate

Roger Woods, 52-year-old lawyer, was announced as the Liberal candidate for the Edson by-election (L-37) on Tuesday, October 21. Mr. Woods was campaign manager for the late Bill Stewart, former Liberal MP for the area. In a telephone interview, Mr. Woods said that the prime issue would be the present system of administering health care. The cost of the average person of a complete medical insurance plan has risen by more than 50%, he said. "Another issue is the spiraling cost of education. We think that we should get the best value for our money for education. Mr. Woods also felt that something should be done to ease the burden of the rural student when he is forced to leave home and attend a post-secondary institution. Mr. Woods is married to the former (Nelson) Campbell of the area, who is a teacher in the area of the area of the area.

ROGER WOODS

Former Peers couple mark 60th Anniversary

Residents of Peers for 18 years, Mr. and Mrs. W. H. Peers, celebrated their 60th wedding anniversary on August 22. To mark the occasion all members of their family were together for the first time in 25 years. This included their three sons: Charles, B.C.; John, B.C.; and David, B.C.; and their three daughters: Mary, B.C.; Jean, B.C.; and Betty, B.C. Mrs. Peers was born in San Francisco, Mr. Peers was born in San Francisco, Mr. Peers was born in San Francisco, Mr. Peers was born in San Francisco.

EIGHT YOUNG ALBERTA CITIZENS HONORED

One 10-year-old boy and eight small children, five girls, in the town of Peers, Alberta, were honored by the weekly newspaper editors. The boys were named: Robert, 10; David, 9; and John, 8. The girls were named: Mary, 10; Jean, 9; and Betty, 8. The boys were named: Robert, 10; David, 9; and John, 8. The girls were named: Mary, 10; Jean, 9; and Betty, 8. The boys were named: Robert, 10; David, 9; and John, 8. The girls were named: Mary, 10; Jean, 9; and Betty, 8.

A valid Enterprise

A Bible Society volunteer, read the Christmas story from the Bible to the people of an Indian village. He was asked, "How long ago was this great day when God's Son was born?"

"About 2000 years ago," he replied. "Then why is it the same time so long in reaching us?" Why has been waiting the Bible all this time?"

In providing the Bible for people around the world as their own language the Bible Society is not forcing the Scriptures on anyone but simply making it possible for

those who want a Bible to have one.

Based on reports from 155 countries, the Bible Society is confident that at the present time the translation, production and distribution of the Bible is a positive, practical and significant undertaking.

The Church cannot succeed without the Scriptures in the language of the people. Missionaries are sent to baptize without the Scriptures as a tool for evangelism.

There is a hunger of the soul for love as well as a hunger of the body for food and of the mind for knowledge.

Men have needs which are

NATURE THE PROVIDER

Men are known as the "bread of the earth" and are made of more produced than the bread of the earth. The fish water in the forest, because of the presence of the Bible is made to keep his line from becoming empty as

periodically humans and which cannot be met by satisfying only the material needs. The Bible provides an answer to man's search for a meaningful and significant life.

well as among the flesh of a truly divine. The number of more produced than the bread of the earth. The fish water in the forest, because of the presence of the Bible is made to keep his line from becoming empty as

Because we don't have to spend a lot of time on this every year,

we can spend a lot more time on this.

Underneath the familiar Volkswagen you think never changes you'll find something quite surprising. A Volkswagen that does. Over the years, we've made more than 4,500 changes to it. Every one an improvement. But in spite of all those changes going on

inside, outside the VW goes on looking pretty much the same from one year to the next. Which, of course, was the whole idea. Because that means that when you're Volkswagen you'll be next year's Volkswagen. And if it also means that when you don't have to work on the way it looks, you can work that much harder on the way it works!

So even though the VW gets harder to improve every year, every part we try harder to improve it. Which puts us at a bit of a disadvantage compared to the other car makers. They just have to worry about one thing: doing each other. We have to worry about out-doing us.

There are over 200 VW dealers across Canada. The one nearest you is in the Yellow Pages.

The Edson Leader

The Voice of Edson Constituency

Edson, Alberta Wednesday, October 8, 1969 Vol. 16, No. 41

Civic Election on Wednesday, Oct 15

Although overcast, the day has been in the interest in the provincial election in the Edson constituency, the Municipal Election not far next Wednesday, October 15 is equal importance to the residents of Edson.

Edson residents do not have much interest in their local government as such as election. The two Council seats open in Edson were filled by acclamation.

On the other hand Edson has a choice of three candidates to fill the two vacancies. Next Wednesday Edson residents will be asked to cast their ballots in the Municipal Election to fill two seats of the Council table.

Standing for election are incumbent Dr. J. E. Crawford, Mr. Elmer Longlet and Mr. John Burt. All are well qualified to fill the positions in the local government. It is now up to the voters of Edson.

The Polling Station will be in the Council Chambers in the Civic Building. Polls will be open on Election Day, October 15, from 10:00 a.m. until 8:00 p.m.

The Advance Poll for those who will be unable to cast their ballot on Election Day, will be held on this Thursday and Friday, October 9 and 10. This will also be in the Civic Building from 2:00 to 5:00 p.m. each day.

\$87,000 special grant relieves taxes

The size of the special grant from the Department of Education was announced at the regular meeting of the Edson School Divisional Board recently. The amount \$87,000 allows municipal tax authorities in Edson, Hinton, Wildwood and the Local Improvement districts to chop almost four mils off the entire regulation.

Announcement of the grant follows several months of negotiation by delegations from the municipal tax bodies to the Provincial Government in connection with representations from the United Business Council.

The regular 11 cent rate of 24 mils still remains, of course. Even with the reduction in the supplementary regulation the municipal bodies the tax for school purposes will be 29 mils plus 77 mils for a total of 55.

The Minister of Education has indicated that approval of this special grant is for this year only and that it does not follow that similar consideration will be given next year.

Cont. on page 11

ART JORGENSEN is congratulated by the Minister of Health James Henderson, after Mr. Jorgensen being nominated to contest the Edson by-election on the first ballot at the Social Credit convention in the Edson Motor Hotel last Wednesday. Four other candidates allowed their names to go before the meeting: Messrs. J. P. Kehler of Edson, George Monahan of Ferns and R. Bond of Hinton. Mr. Jorgensen ran in the last provincial general election for his party.

By-election away with four parties in running

With the nomination of Roger Wende was first Junior High School Principal Arthur Jorgensen as the Social Credit standard bearer last Wednesday, the four political parties in Alberta have now nominated candidates and are off for the upcoming by-election tomorrow. There are but three weeks to go in the October 15th polling day.

The Conservative chose Ron Bowling, a druggist from Jasper of the largest remaining constituency in the province for many years. Members of the free Democratic Party chose their provincial leader to contest the Edson seat on their behalf. Mr. Bodley is the youngest of the candidates in the election.

Thanksgiving Turkey Shoot at Marlboro

A pleasant way to spend a part of Thanksgiving Day will be to hunt the family into the car and drive out to take part in the Turkey Shoot at Marlboro.

The shoot is an annual event sponsored by the Marlboro Community Association and held at Dewey Miller's place on the old highway this side of Marlboro.

The shoot begins at 11:00 a.m. as will be convenient for those who have Thanksgiving dinner late in the day or at noon. It continues as long as there are participants and turkeys will be sent.

Proceeds are for the annual Marlboro Christmas Tree fund to buy treats and presents for Marlboro and District youngsters.

No Divisional support for kindergartens

The Edson School Division does not organize nor financially support kindergartens a statement from the divisional office this week announced.

The headmistress of classrooms in kindergartens organizations who there are surplus classrooms the statement says.

Kindergarten students are given no advantage when entering regular day schools.

Kindergartens MAY be established by the parents of school as a representative of the Department of Education.

District Couples Honored on Golden Anniversaries

An unusual Golden Wedding Anniversary celebration took place in Falmouth Hall in September for two district couples. It is not often that a community sees two 50th wedding anniversaries in one year, but long time neighbors Mr. and Mrs. Art Barras and Mr. and Mrs. Henry Williams mark theirs in 1969.

The celebration for the two couples was arranged by their families and the community. There were 175 friends and relatives in attendance. The hall had been

decorated with streamers, bolls and balloons.

Mr. and Mrs. Williams had been married by the late Dr. McCune, in his United Church manse in Edson, on September 14th, 1919. They continued to live in Edson until 1949 when they moved to Rhinoceros Bay with their family.

Their seven children are now scattered with only two living in the district at present. Lawrence, Sheryl, Mrs. Mary Arlington, Vancouver, Mrs. Edna Curry, Grand Falls, Mont., Mrs. Helen Brackley, Waskatonia, Jim in Edson, Douglas, Chetiv, B.C., Dennis, Victoria, B.C.

Special Grant

(Cont. from page 1)

Mrs. John Harrison, author of "Shining Rock, Civil Country," BC.

Mr. and Mrs. William A. Harrison, 25 Franklin Ave., and Mrs. Harrison, 25 Franklin Ave., were married at Alderbrook, BC, on December 21st, 1959. They came to Shuswap from the west and have lived here ever since, raising their family of six.

They are blessed with having their children still all living in the district: Mr. L. Harrison (Dentist, Clinton, Ontario), Mrs. Harrison (Nurse, Clinton, Ontario), Mrs. Harrison (Nurse, Clinton, Ontario), Mrs. Harrison (Nurse, Clinton, Ontario), Mrs. Harrison (Nurse, Clinton, Ontario), Mrs. Harrison (Nurse, Clinton, Ontario).

During the evening the Harrison couple were presented with a table in front of the brightly decorated wedding cake.

Mr. Edward Brown was

then were received the following: Stanley from Prime Minister Trudeau. They had been selected and did not arrive in time to be part of the celebration on Saturday night.

Both couples, extended thanks to friends and family for being present that night. They were pushed into the centre of the hall to be surrounded by their friends as they sang "For They Are Jolly Good Fellows". A line of friends naturally formed them to shake hands and extend congratulations and best wishes.

Lunch was served with the bride and groom with 50 years ago, ending their 50th wedding anniversary. The two couples from Lord Coe and George Grant Harrison and Premier Harry Brown.

Mr. Brown then presented a number of songs from the community continuing \$25.00 each.

Telegrams of congratula-

Square Dance Club active again

The Marlboro Square Dance Club had their first dance of the season on Friday, October 3.

There were 17 people who turned out to have a good time. They are looking forward to a bigger crowd for the next dance to be held on Nov. 7 at 8:00 p.m.

The door prize was won by Mrs. D.W. Miller.

The square dance was called by Mel James and called a series of steps and a line dance which was enjoyed by all.

Following the dance a delicious pot luck supper was enjoyed by everyone.

"How can you tell he's not?"

"I never told any, but if I had anything to tell a man, I'd break it gently."

TRAIN NOW FOR CATTLE BUYING

LEARN TO BUY CATTLE AND HOGS. Work through your own buying experience. No prior livestock experience. For more information write to: National Institute of Livestock Buying, 1111 1st Ave. S.W., Seattle, WA 98101.

East District Doins

By Fernico

We missed the last last week which is nothing unusual of late, so we will make an effort to catch up now. Congratulations and best wishes to Mr. and Mrs. Henry Williams and Mr. and Mrs. Arthur Harrison who celebrated their 50th Anniversary on September 27 and were guests of honor at a community get-together at the Peers club.

Clark Robert and a friend from Calgary are presently living in our district.

Deep Nations spent a week at home from his job in the far north. (Is it strange that we don't connect up if we don't tell on that life of the north Pole is different from the south Pole? We know that that Nation has on this far north project, but just can't have anything. Last week, the country was beautiful, leaving tonight and leaving gold, but it was raining and the weather is above reproach but the horses have fallen. Oh well, that's nature for you and we love it.

Mr. and Mrs. Leo Shantz and wife are presently enjoying a holiday in Ladysburg.

Special Thanksgiving service in Peers

There will be a special Thanksgiving service in the Peers Christian Reformed Church in Thanksgiving Day, Oct. 13 at 8 p.m.

The service in the Peers Christian Reformed Church will have a special service in the Peers Christian Reformed Church in Thanksgiving Day, Oct. 13 at 8 p.m.

The public is cordially invited to share their gratitude to God in this special Thanksgiving service to be conducted by the Rev. Peter Hagarty, pastor at the Peers church.

Mr. and Mrs. Leo Shantz and wife are presently enjoying a holiday in Ladysburg.

VW-diagnosis

Introducing the VW Diagnosis System. Volkswagen's biggest improvement in 17 years.

Now when you buy a new 1970 Volkswagen you get two years' worth of free check-ups. By using special electronic equipment we examine just about everything that can affect your VW's health.

The idea behind it all is to detect small troubles before they become big troubles. And to make Volkswageners feel even longer. Volkswagen Diagnosis. It's a whole new way of life.

With more than 300 VW dealers across Canada there has to be one near you.

Precautions taken when gas well leak occurs

A gas leak that wasn't quite as dramatic as the city press would make it seem developed at a well south of the Hudson's Bay CRT and Gas plant four miles west of Edson last Wednesday afternoon at about 3 p.m.

The well, across the river from the plant was being serviced at the time, and leaked through the night until men were able to be brought from out of the area.

Traces of hydrocarbon sulphide could be noticed up to four miles from the well and about ten families along the Coal Branch road were moved temporarily in case the situation worsened. The air cleared almost immediately after the repair was completed about 8:10 Thursday.

Although reports and rumours were circulating that farmers had lost stock, none of these reports have been substantiated as we go to press this week.

Trustees returned by acclamation

Returning Officer Peter Sedlak reported officials at last week's Council meeting that serving aldermen Frederick Martin, A. Collins and Thomas R. Fowler Jr. had been declared re-elected by acclamation.

They are to serve a two year term on the local district school board of five members.

The local board is separate from the regional school board and represents only the immediate Edson area.

Give second reading to Parking Ban

A traffic by-law that would ban parking along 4th Avenue (Highway 16) on both sides of the Main Street intersection was given second reading at the regular meeting of Edson Council October 7th.

The by-law would provide a four-lane traffic flow from 4th Street east to 47th Street. At the same time the by-law NO PARKING on both sides of 4th Avenue in this section.

Present for the meeting her residence was read and were Mayor J.R. Griffiths the Secretary was instructed and Councilors W. Collins, to advise her of the action.

A letter from Mr. J. Scott with respect to traffic incident No. 3773 and his opinion that by-law No. 1184 relating to one-way and a half-hour parking restrictions on Main Street was read. Mr. Scott is to be advised that a proper motion would have to be presented to Council before any action could be taken.

Charles A. Lewis & Sons who are taking down the old store building were warned about the dangerous condition of the Jones shed located on the old structure. All the shed metal beams

AA group to hold public meeting

All interested are invited to attend the public meeting this Sunday, sponsored by the local Recovery Group, of Alcoholics Anonymous.

The meeting will be held in the basement room of the Commodore Hotel starting at 2:30 p.m. and closing at 4:00 p.m.

Speakers will include two Alcoholics Anonymous members, one Al-Anon member and one Alateen member. All of the guest speakers will be from Edmononton.

The meeting should be of interest to anyone with an alcoholism problem or having one interested in the growing problem of alcoholism.

The local groups meet weekly, but these meetings are usually limited to members to have been removed as of last week.

Following questions from

Cont. on page 13

Figure skating registration Saturday

Executive members of the Edson Figure Skating Club will be at the Edson Arena this Saturday, Oct. 18th, from 10:30 a.m. to 11:00 a.m. to collect fees for the 45-70 skating season.

Only those children who are able to skate unassisted across the ice will be able to take future skating lessons.

Fees will remain at \$8 per session, for half-hour weekly group lessons with Mrs. Jeff Smith of Edmononton. Lesson times will be 10:30 a.m. to 11:00 a.m. on Saturdays from 1:30 to 2:00 p.m. and Sunday morning until 10:00 a.m.

as needed, accepting to enrollment.

Parents will be advised phone of their child's lesson time.

Maps is needed for supervision of practice times, which will be Monday from 6:00 to 8:00 p.m. and Tuesday from 4:00 to 6:00 p.m.

Costs no hour of time on either day, please phone Mrs. Russ Chelch at 721-3031 or Mrs. Irene Burdick at 721-6023.

A skating contract is also currently needed. Please return not later by phoning either of the above numbers and volunteering your help.

THESE TWELVE JR. HIGH STUDENTS proved themselves a little better than most of their competition when they attended a Zone cross country meet in Edmonton's Kinsmen Park last Saturday. Although their competition was stiff they were one of the top teams in the meet. Members of the boys team, standing left to right: Henry Broun, David Baudin, Robert Thomas, Bottom row, Melvin Brown, Terry Hayman (top point getter), Dan Miller. Girls, top row: Joyce Williams, Barbara Moorehead, Irma Ray. Bottom row: Debbie Brown, Elaine Solide, Linda Broun. On October 4 the team won the aggregate trophy over four other teams in a meet at Hinton.

REA Banquet and dance

Members of the Edmonton Social Education Association are expected to attend the banquet and dance which will be held for them on November 15th.

The social evening, the first to be held by the local S.E.A., is organized simply as a means of getting members together without a thought of business. It is to be strictly a "fun evening". The affair will be held in the Edson Hotel ballroom.

At 10 in the hour he passed away.

We will miss you and think of you. When we are all alone, for memory is the only friend.

That grief can call its own. Ever remembered by his loving wife, Alice and family.

Attention Farmers!

Edmonton Livestock Co-op

During the last seven years your Social Credit Government spent more than 12 hundred dollars for every single voter in Edson Constituency...

That totals well over \$130 million or \$19 million a year, every year since 1962. And that's only the beginning.

A lot of good things have been happening in Edson Constituency during the last decade: The Yellowhead Route, The Alberta Resource Route (Grande Cache Highway), The Alberta Resource Highway ... increased tourism and expansion of mining and logging facilities ... the development of land for agricultural and recreational use. And there's a good reason for it all. We think Edson Constituency is one of the most important regions in this province.

The above developments and others in your area are exciting. But more than that, they're positive-proof of what people in Edson Constituency have done for the economy of all of Alberta.

Consider these facts: today, because of the Yellowhead Route you link all of the Prairie with the west coast and two important airports -- Vancouver and Prince Rupert. But, it took over \$33 million dollars to build the Yellowhead Route that makes you an important gateway. Every dollar was a wise investment though, because of the tourism, trading, and the benefit of the Rockies that it brings to hundreds of thousands of Canadians.

Right now, another important link in Edson Constituency's highway chain is under construction. It's the Grande Cache Highway which is said to cost nearly \$6 million dollars. This important all-weather

highway will soon link the vast Smoky River Coal Reserves to Highway 18.

Opened in the Spring of 1969, the new \$5 million dollar Alberta Resource Highway has resulted in the fantastic development of the Grande Cache area. During 1969 a further \$9 million dollars has been set-aside by your government for development and improvement of road and air-strip construction in Northern Alberta.

All this development is only the beginning. Outside of these expenditures there are all the regular services provided by your provincial government.

We believe all of these things are possible because Social Credit Government is a team effort. There's a man living in your area right now we'd like to have working with us as a part of our team. His name is ART JORGENSEN.

Art has lived and worked and been a part of Edson Constituency all his life. Today he is the principal of the Jubilee Junior High School in Edson.

Art is associated with many clubs and organizations serving the public. Mr. and Mrs. Jorgensen and their son live in Edson.

Art Jorgensen is well-known by members of the Social Credit Party across the Province. He has been working and supporting the Edson Constituency Association for years.

We want a member of our Social Credit Team in Edson Constituency. Art Jorgensen stands ready to be that member. Art has worked, and WILL work hard, to justify the faith you show in him.

Put his name in your Provincial Legislature on October 28th. Help him to help you.

**JORGENSEN and
SOCIAL CREDIT**
Together, they make
a great team

Edson Social Credit Candidate ART JORGENSEN and THE HONOURABLE HARRY E. STROM. Both men are seen viewing a portion of rail from the Alberta Resource Highway.

This advertisement authorized by the Edson Social Credit Constituency Association.

Art believes that the exciting developments in our area over the last decade are only the beginning. He supports strongly, reconstruction government assisted programmes like the Yellowhead Route, the Grande Cache Highway and The Alberta Resources Railway. But above all, Art Jorgensen knows that developments like these must continue. That's why he is running in our October 26th by-election. He believes that Edson Constituency must have a bigger voice in Alberta's Government, by having a man working for us as part of the policy-making group.

Right now, Art is the principal of the Jubilee Junior High School in Edson. That means he deals with people every working day. . . parents, teachers and students. Art was educated in Alberta too, and for years has been a part of many clubs and organizations in this area.

Add it all up. Art Jorgensen knows about the problems we face in Edison Constituency. He knows and respects its people. And he's a well-known member of the Social Credit Party. One more thing, Art Jorgensen wants to work for you. He wants to fight for all the things our area will need in the coming years. So vote for the party that's proud of its record and proud of its candidate. Vote Art Jorgensen, vote Social Credit on October 28th.

**JORGENSEN and
SOCIAL CREDIT TOGETHER
they make a great team.**

ELECT
ART JORGENSEN
EDSON

This advertisement authorized by the Editor

The students of the *James M. Hays* were exposed Wednesday afternoon, Oct. 15, to an outstanding Western musical production, *The Music Man*, a performance promoted by six professional actors from the Calgary Arts Centre.

All the selections on the program were performed expertly from the language arts curriculum authorized for junior high school students.

One of the elements of the relationships is affected by the students' knowledge of the poems, plays and stories from the texts literature.

The poems, plays and stories from the texts literature were presented through pantomime, drama, choral speech, dramatic monologues, and poet interpretations.

These presentations were supplemented with musical accompaniment controlled by the director of the troupe.

Two exceptional plays, "The Valiant" by Hail and Hoffmann, and "The Boy Who Swam with Sharks" by Hail, were presented and ended the program.

The first, based on the story of a boy who saves the identity of the prisoners who is about to be executed, was presented with a distance. Held one student who asked why she should be there.

"I liked being there," she said.

I was afraid red eyes if I didn't laugh.

"...Boor," a farce about extreme emotions of people, the students' synd watching an overly-ecstatic creditor who changed his mind about how he would deal with a beautiful widow who would say her late husband was a snail.

The group's interpretation of "Casey at the Bat" provided one of the highlights of the afternoon. The students' interpretation of the poem, "The Creation," also showed the students that poetry doesn't have to be interpreted as the author probably intended in order for it to be enjoyable. The light-hearted, rhythmic, hand-clapping style made the poem as memorable as it would have been in any other mass.

The group's presentation has shown the value of theater.

in public office

Grant Notley is such a man. By a remarkable combination of youth, experience and ability, Grant Notley has shown the voters of Edmonton that he deserves their vote support regardless of the party they usually vote for.

This is only a by-election. We are not electing a new government.

This election gives you and me a chance to protect government programs we don't like - such as medicare, ARDA, high property taxes, the high cost of living... We must now consider who will best represent us.

Grant Notley will speak for Edmonton with a voice that will be listened to and respected. He is looked upon as being one of the ablest political leaders in Alberta. His viewpoint and opinions are needed in the legislature.

Grant Notley's pledge of service will give Edmonton the best representation of any constituency in the province. If elected he intends to make his home in the constituency and to open an office where you can bring your problems and questions.

He will mail regular reports to you, the voter, informing you of the things he's doing as your M.L.A. Finally, he will spend several days each month in every area of the constituency doing personal visiting.

Give Grant Notley a Chance...

To Speak and Work for You

Council sets up post election committees

Edson Town Council set up committees last Tuesday evening when the first meeting after the annual municipal elections turns into an organizational session.

Present for the meeting were Mayor J. E. Griffiths and Councilors H. Chisholm, S. Grant, L. Halliwell, J. P. Kehler and E. Langlet. F. Kehler and E. Langlet, as well as the Mayor, were appointed by Council to various committees.

Finance and civic buildings committees were assigned to Councilors Langlet, Halliwell and Crawford. Building, by-law and planning committees were assigned to Councilors Chisholm, Grant and Langlet. Health and welfare committees were assigned to Councilors Grant, Chisholm and Kehler.

Recreation, parks and cemetery committees were assigned to Councilors Chisholm, Crawford and Grant. Works committees were assigned to Councilors Kehler, Langlet and Halliwell. Utilities and fire committees were assigned to Councilors Langlet and Crawford.

The first name being the chairman of each committee. Councilor Grant was appointed representative to the Chamber of Commerce and the industrial development committee.

Councilor Halliwell was appointed Council representative to the Edson School Board.

Receives awards

A local boy, attending NAIT, Leslie E. Rode has been awarded a total of \$455 in grants. Leslie is a second year student in telecommunications technology year "A". Leslie received a grant of \$400 presented by the Dept. of Education, and an award of \$55 presented by the John Rode Scholarship.

Con. on page 16

Conservative 2546
Social Credit 1877
NRP 1661
Liberal 611

Bob Dowling, the 45 year old druggist from Jasper, brought Edson constituency into the camp of Progressive Conservative Leader Peter Lougheed in Tuesday's by-election vote by a wide margin over Social Credit's Art Jorgensen, NRP Leader Grant Noddy and Liberal Roger Wood.

The result was a complete change-over by the voters as the Conservatives had not run a candidate in the last Provincial general election. Mr. Dowling's vote paralleled that of the late Bill Belter who had retained the seat for his Liberal Party following his winning the by-election made necessary through the death of the late Hon. Norman Wilmore.

One of the interesting things about the win by Mr. Dowling is that both he and the late Bill Belter were pilots in the Second World War. That aura of charisma from wartime service in aircrew, plus the dynamic appeal that Conservative Leader Peter Lougheed is developing in the Province would seem to be a winning combination.

As he did in the last election, Social Credit's Art Jorgensen carried many of the polls, but Dowling's large lead in Jasper made all the difference.

Edson Cubs and Scouts to collect for UNICEF

To the people of earlier times, all Hallows' eve or Halloween, as it is now known, was a night of mystery and fear; a night when evil spirits stalked the land and struck terror into the hearts of children.

There is no mystery about what the United Nations Children's Fund - UNICEF - does with the rubles you drop into the orange and black bags this Halloween. You need have no fear of UNICEF's ability to do a good job.

For 23 years UNICEF has been attacking and beating back the evil specter of hunger and disease which stalks the children of the world's needy children. UNICEF, with the governments of 115 countries determining needs and following with action. If all the containers of medicine that UNICEF has shipped, in its fight against children, were put into one long row, they would reach all the way from London, England to Zurich, Switzerland and from Montreal, Quebec to Washington, D.C.

The United Nations Headquarters in New York City is 23 stories high. But if all the milk UNICEF has used in children were poured into this building, it would overflow more than 15 times. Had there a row to do this work? He may get them come for a glass of milk but with donated powdered milk one can pay the freight to provide 30 glasses of milk or for what it makes for one glass of milk in Canada UNICEF can provide 432 glasses of milk. In Fresno, California, U.S.A., for the Cuba and Soviet Union and for a row or two in the orange and black bag.

Halloween safety

Halloween is the biggest night out of the year for many small children. The Canada Safety Council says there are some parents who take it to ensure the safety of young children, parents, costumes, costumes and costumes.

First of all, the children should be able to see and be seen by others. One McIntyre, General Manager of the Toronto Public Safety Bureau said in a press bulletin, however.

He advised against the wearing of masks with no vision, the children's eyes, and properly, and all their faces' makeup must be a red cream from the face of removal, as is recommended.

The children should be advised to make a list of all the children who are going to be out on the street, and to be sure that they are all in the neighborhood. If one child is out, the others should be out, too.

Mr. McIntyre said a parent should be advised to accompany an child, depending on the child's age, to the door, and to be sure that the child is not alone in the street, and to be sure that the child is not alone in the street.

Study Still Needed

Implications of interest in a desire to criticize where complete evidence in the report of the Alberta child welfare board, which was made on Thursday in Edmonton, it is said to be followed by further study by another situation, on an investment of \$100,000, on number of the major all cases.

Rechner family lose possessions in fire

By Donna & Joan Barrans

We were sorry to hear that the Rechner family had lost their home and possessions in a recent fire. They had just moved into a new house in the Edson area.

Their son, Jim, and family also had many articles which were stored there. The fire was about the time of the fire which started in a neighbor's house.

Recent visitors to the home of Mr. and Mrs. Matt Barrans were Mr. and Mrs. Matt Rechner of Edson. A new house has been built in the Edson Community Hall. The families of the community gathered there on Oct. 18 to assist the victims and to assist the victims.

Mr. and Mrs. L.R. Williams were in the house of Mr. and Mrs. Matt Barrans when the fire broke out. They were in the house when the fire broke out.

As we go to press the names of the victims had not been released but it was thought they were from Edmondson.

held in the near future with
E. Vansberg, Wildwind and the
Cont. on page 8

Traditional Services at Legion Ice ready for this weekend

It is anticipated that the Edson Arena will commence winter operations during the coming week. Public skating will be held daily until Nov-

Mrs. C. Irving one of the Grade 9 Scholarship Awards presented by the St. John's Union Normal was presented with the Edison Motor Award, the Professional Engineer's Award and the Governor General's Award.

Mr. Jim Bowserack of the same school presented the Professional Technicians Award for the first time it has been won by an Edmonton School Division student. There are five of these awards given annually in Alberta and the one awarded to Norman was the highest mark in the province which includes all public schools as well as private

and mail in Grade 9. This year's award included Edson students from the Education Division and Jasper schools.

The Edison Motor Co., which has sponsored the award since its inception in 1907 to the grade 9 students at St. John's U. N. High gave the highest marks in the subject to Norman's father, Bob Kuetsman, who is the owner of presenting the award on behalf of Edson schools.

Miss J. Peters Clarriford presented the Centennial Student Awards in Grade 7 to the following students: Elinor Aasen, Louise Bernhart, Carl Hallgren and Conny Romagosa.

Vice President

The Governor General's Award was presented by Capt. of Schenck, Mr. Bernard Chandler. This is the fourth time in the past six years that a Jubilee Jr. High Student has won the award which is presented annually to the student in the Intermediate having the highest

Services at Legion

As in previous years the Remembrance Day services will begin in the Edson Legion hall at 10:30 a.m. with the Rev. J. A. Smith conducting the service.

Veterans, Ladies Auxiliary and Scouts will all be in the hall in bonnets if weather permitting. Fall-in is 10:15 a.m.

Following the service the public will be seated in the hall before the marchers return to file in for the service, led by the scout, J. A. Smith.

It is anticipated that the Edson Arena will commence winter operations during the coming week. Public skating will be held daily until November 24 from 3:30 to 5:00 p.m. and from 7:00 to 10:00 p.m.

The schedule, which appears elsewhere in The Leader, will be in effect on (Saturday), November 24 with the exception of music which will commence Monday.

The figure skating club will institute sessions beginning at 3:30 p.m. on November 24. Public skating will be held from 7:00 to 10:00 p.m. for Nov.

The traditional two minutes silence will be observed at 11:00 sharp.

The wreath laying ceremony will be at the Cenotaph with a Cadet Honor Guard. Those wishing are invited to take the wreaths to Veterans' graves.

Season tickets for this year are pre-sold at a tree, students in grades 1 to 4 - \$3, grades 7 to 12 - \$5, adults - \$7 and families \$15. All season tickets must be obtained prior to December 1st from the arena manager. Tickets are being sold in advance of the season.

SISTER MARY HALDER and Mr. Ross Henry, Area Manager of St. John's Ambulance, read the certificate of merit that Mr. Henry had just presented. The presentation of certificates to Sister Halder and to Nigel Appleby, boss of Evansburg, was made at a social gathering of St. John instructors at the home of Mr. and Mrs. Lib Joy last Saturday evening. They marked special community services performed by these members of the Society.

East District Doins

By Fern Igo

John Beasley is a busy gal these past weeks, acting as chauffeur and guide to about 100 visitors, Mr. and Mrs. Ray Thomas, visited their daughter in the city last Thursday and again Thursday of this week.

Charles Thomas is here and Charles needs a bit more operation to avoid illness.

Snow and freezing temperatures are the order of the day. Mrs. C. C. Smith is in the field should provide winter clothing for wild life if the weather doesn't do it as about five — but watch it.

Our sincere sympathy to Yancy and the entire Robinson family. Condolences as well to Mrs. Bernice and

Sylvia Dren was guest of honor at a miscellaneous birthday shower at the home of Mrs. Herb Hensley Jr. Sunday afternoon. Hensley guests were in attendance. Mrs. Hensley and Mrs. Jim Van Comptel served lunch and an enjoyable time was had by all.

P.S. No take this opportunity to thank our research department who traveled miles by ACT to assist us in learning to speed Van Comptel. Pretty much in-1967.

Here are a couple of products that came out of the recent investigation. The last-mentioned was created by the police and was created by the police.

Our sincere sympathy to Yancy and the entire Robinson family. Condolences as well to Mrs. Bernice and

Child. "I've noted the S.C. ticket ever since it's been coming out," he will continue to do so. Go to the S.C. ticket, it's your privilege. But I'm telling you that Longline is one hell of a good man and

"O.K. O.K. — so you don't mind saying so. That's your problem but get this I want you to let Bill Hensley know that I appreciate his committee headed by Carl Gans brought in the year's officers.

Present are Mayor J. E. Griffin as honorary president, L. L. Lohm as president, C. C. Underhill, Paul

Proctor as first and second vice presidents. The positions of secretary, treasurer and assistant are occupied by the following members who they assume office.

Members will remain open until the next regular meeting which is expected to be in the first Sunday in December.

WEDNESDAY PM MIXED CURLING??

Anyone interested in curling in the mixed league, please phone L. M. M. at 723-2530.

This league will be held on Friday evenings unless enough interest is shown to warrant a change to Sunday evening.

Marlboro News

Mrs. B. Lovell

Mrs. Margaret Gaudier helped D.W. Miller, of the station on October 28. John and Joan Lovell spent the weekend of the Lovell's. A Halloween party was held in the school Friday afternoon for the young folk. There was also a Halloween party for the older students in the hall on Saturday afternoon. Many outstanding costumes were in evidence. The Young Club met in the Youth Centre this Monday, November 2nd. The leaders were busy making plans for the annual Christmas bazaar. Mr. and Mrs. Raymond L. and children of B...

on spent Sunday at the home of his sister, Anna and Dale Lovell. The Halloween on dance on Friday was quite a success. All was attended reported a good time. Mr. and Mrs. Allen Jackson and children of Cud Lake have moved into Bessie's 1970 home for the winter. There were over 100 children called at the Post Office on Saturday night for their annual treat. The older children went with their grandmother, Mrs. Fred Kramm, to attend the Halloween on Sunday at Bessie's.

OF THE 34 TEACHERS who retired at the end of the 1968-69 school term only three were on hand to be honored at the recent annual ATA Infection Inauguration and dance. They were Mr. F. Stauffer from Wilkeson, Mr. M. D. Meade and Mr. Martin Langston from Kelson. Mr. and Mrs. Roy Horne and Mr. George Biddle, secretary and president respectively of the Edson-Jasper ATA Local. Other retiring teachers in the Edson School Division included: Miss L. Heffner, Miss L. Burgen, Miss D. Whitely, Skye C. Ash, Mesdames D. Gregg, M. Hall, M. Page, H. Shand, M. Dye, T. Mitchell and Mr. C. Bell.

Norman Kneteman takes honors

Cond. from page 1
Margaret Shauler and runners up Ross Kneteman, Jane Taylor and Joan Wright.

Following his address, president of the Students Union presented Grade 9 Scholarship awards to:

Ben Baska, Valerie Baska, John Fink, Kathleen Franklin, Carolyn Graham, Evelyn Kelly, Paul Manning, Jane Taylor, Bruce Wright, Anne Wright, Mrs. Margaret Shauler and Norman Kneteman.

Following the conclusion of their subscription campaign, presentation of Certificates of Appreciation was made by Mr. Kneteman to Susan Miller, Mrs. Baska, Jane Margaret and Joe Manning.

Mr. L.B. Hultsch, in his inspirational address, paid tribute to the award winners. He also presented the award to the students who had given a good deal of credit to the school staff. Following the close of the school staff, to program, members of the school board, teachers and students were in attendance for the closing of the school.

"You poor boy, how did you come to fall in the lake?"
"I didn't come to fall in the lake, mister. I came to fish."

Calgary Power proudly introduces ANOTHER ALBERTA JUNIOR CITIZEN AWARD WINNER

DENNIS HAUGHT

On Nov. 4, 1968, a very special day for Junior Citizen Award from the Alberta Department of the Environment. Dennis Haught, a 12-year-old boy from the town of Grande Prairie, Alberta, was the winner of the award. He was recognized for his outstanding contribution to the community by catching a large fish and donating it to the local food bank. Dennis is a very active and helpful boy who is always ready to help others in need.

Donors are one of our best friends for 1968. Donors are one of our best friends for 1968. Donors are one of our best friends for 1968.

What happens to an apparently helpless estate?

First, the heirs that are not apparent but who do exist are located by the Alberta Department of the Environment. The fee begins an immediate search for relatives living outside the province and an estate officer is appointed to keep everyone in order until money matters can be properly settled. Public trustees are also called upon to look after the affairs of mental ill and to provide for the support and maintenance of dependent persons.

Assistance in the form of property can be provided under your agreement, for elderly and other persons in need. Assistance in the form of property can be provided under your agreement, for elderly and other persons in need.

What protection you have against shocking accidents?

You have all the safeguards set up by the Alberta Department of the Environment. You have all the safeguards set up by the Alberta Department of the Environment. You have all the safeguards set up by the Alberta Department of the Environment.

Girl Guide party raises money for UNICEF

WHO COULD RESIST an appeal for funds like this. Boy Scouts and Cubs this year canvassed the town the afternoon of Halloween night for funds for UNICEF so that children in deprived countries might have milk, medicine, etc. These boys, Jeff Goldie, Doug Bright, Pierre Belhumeur and Brad Goldie, helped to collect a total of \$153.04 for UNICEF.

A lively party was held in the Jubilee Junior High School last Thursday evening when close to 100 Guides and Brownies arrived in costume for the girls.

This was the Guide's first attempt at planning and organizing a party by themselves and it was a decided success.

The girls gave a penny for each birthday they had had to be collected for UNICEF. Mrs. Florence Wauson gave an interesting talk on how the money is spent. By helping to provide for the needy, the girls will develop thoughtfulness for others and a sense of service to the community.

They played the usual Halloween apple games and a delicious lunch brought the evening to a close.

The Rangers held their first meeting on Thursday evening also. Mrs. Judy Thompson is the Ranger Captain and any girls interested in joining the First Edison Air Ranger Flight may

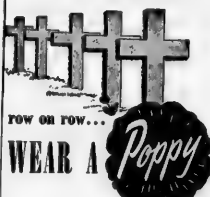

Many activities are being planned for the winter that should prove very in-

be held on Monday, November 17. The place will be announced in next week's

All mothers are urged to attend. Your daughter will be a better Guide or Brownie if her parents understand the aims of the organization and take an active part in it.

Self condemnation

The Webster's claim is famous. History's greatest exercise in mass self-condemnation began with the assassination of President John F. Kennedy, and even to a higher pitch when the same fact befell his brother, Senator Robert Kennedy, and Negro leader Dr. Martin Luther King Jr.

It is because we have cried out in support society," we all lamented, "that these things happen."

We suspect that we have permitted our guilt complex to get the better of our common sense and that unless we return quickly to some time-honored standards, such as respect and protection for parents and property, reverence of national leaders, and peaceful debate rather than violent protest, we are in for trouble just as great as any imposed by social misbehavior.

When our prime minister can be publicly reviled with impunity in terms not fit for the gutter, when he is shamed, threatened and pelted with names paid for by the people who uphold it to the courts of the land establishment when their own little furies are inflamed, then the stage is set for tragedy.

Half-peddling and violence encourage the all too numerous men emotionally capable of assassination for their own perceived idea of glory.

The time to avoid tragedy and trauma is here and now, not just through cold-blooded those who present at violence, but those who.

We would urge, first of all, that the prime minister or a lot more discretion in exposing himself to the public at least until the time is changed to the point where we can't forget our guilt to the point where we can't find time to condemn the authority and anyone the discipline which seems to be the only alternative to anarchy.

Don't give up

When things go wrong, as they sometimes will,
When the road you're treading seems all up-hill,
When funds are low and the debts are high,
And you want to smother but you have to sigh,
When care is pressing you down a bit,
Rest if you must, but don't you quit;
Life is queer with its twists and turns,
As everyone of us sometimes learns,
And many a failure turns about,
When he might have won had he attack it out,
Don't give up, though the pace seems slow—
You may succeed with another blow.

Often the goal is nearer than
It seems to a faint and faltering man,
Often the struggler has given up,
When he might have captured the victor's cup,
And he's tumbled too late when the night
Slipped down,
How close he was to the golden crown,
Success is a failure turned inside out—
The silver-tint of the clouds of doubt,
And you can never tell how close you are,
If you may never when it seems afar,
So stick to the fight when you're hardest hit—
It's when things seem worst that you mustn't quit.

--A. B. Hirschfeld

VICE PRINCIPAL R. MARGOT presented the awards to the outstanding students in last term's Grade 8 classes at the recent Jr. High School Awards Night. Bill Neumann receives the plaque from Mr. Margot while runners-up David Kikack, Bonnie Campbell, Becky Worsell and Marilyn Grassie stand by.

Letter to the Editor

Dear Editor,
I have just returned from a meeting of the Conservative Community Club. At least it was to have been a meeting. Only three persons showed up, so we had to cancel. Last month's meeting was with the same fate, in spite of the fact that both it and tonight's meeting were advertised both on the radio and in your local paper, the Edson Leader.

The citizens of Edson should know that unless the club continues to recruit, it will be unable to carry out its purpose. For recreation in our area there would be no one to be responsible for the proper handling of the money.

Last year we held a Christmas party and distributed over 225 packs of treats to our children. Unless we have a turnout of our own meeting on Dec. 1st, don't bother to bring your children to the ball at Christmas time. We should have made the arrangements tonight.

When were next?

Last year we installed a new metal backdrop and a few of the usual willing workers cleared brush and cleaned up the grounds a bit.

Not Everyone Wants this Full a Plate

But Kinross R. Gmelin (centre) told us to "fill 'er up" and as members to the Kinross District Convention we did our best to please.

CALGARY POWER

Postscripts from Peers

By Mrs. C. H. H. H.

A very successful meeting was held by the Peers and Edmon Valley Recreation Committee recently. Representatives were in attendance from the Lions Club, Handicraft Club, D.C.W., Toastmasters, Lions and School. YPS Young People and Ed Club. Many were representatives from P.O.A. and Edmon Valley Family Club. Many worthwhile suggestions were put forth regarding recreation in Peers and the area.

The Yellowhead Recreation Board held a recent meeting in Peers School which Mr. Jack Monaghan, Dept. of Youth in Edmon, attended.

At a recent meeting of the committee of Peers Improvement & Development Association, it was decided to call a meeting of the members and prospective members for Thursday, Nov. 20 in Peers School. It was also decided to send a letter of commendation to those in the band who have improved their homes or yards this season.

James Bush is busy building a garage attached to the back of the store. Wishes for a speedy recovery go out to Bob Brindley who recently underwent a heart operation in the University Hospital.

Raymond and Pat Kellner and children have moved into the Sun Town house.

Don't touch your car aerial

Do not touch your car aerial when you leave your car. You may discharge the air with a 15,000 volt shock due to the static charge that has formed on your body and clothing.

This claim is being made in Britain by Bivar, maker of a latest manufacture of miniature pens, which are fast seen take hydro-magnetic lights.

According to the Public Service Division of British Leyland Motors Canada Limited, scientists there say they have discovered that this static charge can blow the first stage transformer in a car radio, and their finding is supported by a major manufacturer of automobile radios.

They have found that 63 per cent of all transistorized radios returned for repair required the replacement of first-stage transformers. In such cases the transformer had been blown by a high voltage overload.

Overload voltage from static can range as high as 15,000 to 25,000 volts, perhaps you had it in your car because the current is only a few milliamperes of an amp.

Static, in drivers and passengers, is produced by contact static electricity in tires, engine, fabrics and so on. It is found electrical generators. Even though static is static, people's clothes make more electricity, and this over builds. Also, atmospheric conditions.

Certificates for safe drivers

John E. Joyce, Special Assistant to the Minister of Highways and Transport in Alberta, issued the following for Press Release today.

The Department of Highways and Transport of the Government of Alberta is offering an award to Alberta residents who have driven one million miles without an accident and without conviction.

The Alberta Motor Vehicle Association is co-operating with the Department of Highways and Transport in presenting the award.

A formal award certificate will be presented to winners of the award.

"It is our hope that this award will act as an incentive for safe driving and that it will be a factor in reducing the number of serious accidents and fatalities on highways and streets," Mr. Joyce said.

The final decision on applications will be made by the Minister of Highways and Transport.

Haddock Happenings

Mr. and Mrs. E.H. Erickson have purchased a home in Edson where they are moving to their farm.

We wish Bob Bradshaw a happy recovery. He is a member of the University Hospital in Edmonton, having undergone heart surgery.

Mike Barba and Cecilia Atkinson are working in the Blue Ridge area.

Our district extends sympathy to Frank Ray and family in the recent loss of Frank's father to heart failure.

Mary and Bill Conover left Friday for Slave Lake to spend a few days with Bert, Jean and family in their new house trailer.

The wedding ceremony for Eileen Olson and Roy Perlin will be held in Edson Hall on Nov. 22nd.

The Recreation Board will be the hosts of Mr. and Mrs. Paul Johnson on Wednesday, Nov. 13th, at 7:30 p.m., representing the Department of Recreation. The program will be presented and presented many visitors.

A couple from Wainwright, in a truck, will carry the 903 by Conover's Store on Saturday. The truck full of completely new jackets.

There were no serious injuries to the crowd inside the Edson Madrigal Singers. I wish to introduce you to a new and pleasant restaurant. The Madrigal group was formed over 12 months ago and started out as a small group which met regularly and sang madrigals.

The group had since increased in size and now consists of 14 members divided up into soprano, contralto, tenor and bass voices.

We are looking forward to seeing you there. You won't be disappointed.

Mr. and Mrs. David Haddock had the pleasure of a visit from Mr. and Mrs. Dore and family last weekend.

The ladies of Polla United Church are holding a quilt sale in the home of Mrs. Maude Haddock on the afternoon of Nov. 13th. The completely new quilt will be sold to raise funds for a hospital fund for the church.

Chenney White has had a set back in his heart condition. With 13 arteries still to break, his doctor has ordered him not to work for 13 days.

The Grand Trunk-up has allowed farmers to get on the fields so that combining and harvesting have resumed in the district.

The Edson Madrigal Singers practice carols at Hattomond

On which sang a variety of songs was composed.

The singers are directed by Mr. William Luderbach and Mr. Joseph Dine, both very well known in Edson in the field of music.

During the past few months, the group has been busy with work preparing a carol service to be held in the United Church on Thursday evening, December 13th.

We are looking forward to seeing you there. You won't be disappointed.

Club Notes

EDSON 4-H LEVIT HUBS: A PORT CLUB

The re-organizational meeting of the Edson 4-H Levit Hub and Port Club was held on October 10th, at the Junior High School.

After discussing old and new business, election of officers was held.

The executive for the 1968-70 term will be: President, Betty Gault; Vice President, Alice Deane; Secretary, Gladys Dalrymple; Treasurer, Carol Miller; Reporter, Bob Barba.

The committee for the levit and advisory committee was in Edson, Mr. A. Grasse, Mr. E. Weaver.

L. C. Cundict P C H News Hattomond

The death of Mr. Leonard Cundict, 53, of Hattomond, was announced today.

Mr. Cundict was born in Hattomond, Alberta, on November 19, 1915. He was 52 years of age.

He is survived by his wife, Grace, one daughter, Elaine, in Edmonton, one son, Douglas, at home, one step-daughter, Mrs. Cecil (Joan) Boudier, in Edmonton, one daughter, Miss Kathleen in Hattomond, Mrs. V. T. (Pat) Boudier in Porterville, Alberta, two brothers, Albert in Hattomond and Ted in Wainwright, four grandchildren.

The funeral service will be held Monday, November 18 at 2:00 p.m. in the Anglican Church in Hattomond. Rev. J. A. Boudier conducted the service. Burial will be in Hattomond Cemetery.

Ice Carnival for Edson

Edson School Board is in charge of arrangements.

Four girls' teams and the Harry College High Girls' team will compete in the 1968-69 ice carnival.

The carnival will be held on Saturday, November 16, at 7:30 p.m. in the school gymnasium.

There will be a variety of games and prizes.

The proceeds will be used for the school's winter sports program.

Many discussions have been taking place in recent weeks, regarding the transfer of a current bus to a carnival. Therefore, the bus is on the way.

If enough interest is shown, and enough help is volunteered, then the Edson Figure Skating Association may be able to go ahead with carnival plans.

Any interested person who would like to help, or who has had experience in setting up a carnival are urged to phone 723-3665.

Joe and Duane Berke Edson

An untuned car is "won't start" trouble.

This winter, more cars won't start because of worn spark plugs than old batteries. Worn spark plugs? You'd better believe it! Especially in winter.

The colder it gets, the more your battery's output drops. So there's less voltage available to start. Worn spark plugs can easily require twice the voltage of new

plugs. Result—you have a combination that can be too much for even a brand-new battery.

You don't want starting trouble this winter. Get a Champion Tune-Up now. Champion spark plugs meet or exceed the warranty requirements of all vehicle and engine manufacturers. Remember—an untuned car is trouble!

The heart of a tune-up

EDITORIAL

Convenient shopping

"Shop at Home" is a favorite slogan for encouraging local people to try their own home town merchants for special occasions such as the upcoming Christmas Season.

This week Leader readers will have the opportunity of pursuing no less than six inserts accompanying this issue. It is an indication that merchants in Edison appreciate the patronage of local people and are going to considerable lengths to provide a more complete selection at competitive prices than ever before.

Our busy business section streets attest to the growing popularity of shopping in our own town.

Give the local businessman first opportunity to serve your needs this season. The salaries and hotel taxes he pays help to make your town a better place in which to live.

Buildings and Ghosts

We passed the snow covered spot west of our fine new arena, where the old arena stood so many years, the other night. Was it only our imagination or our memories?

As we passed it seemed there were shadows. Little tots in carnival costumes, hockey suited boys and girls by the score. Dozens of people like Bill MacDonald and Laura Mison. And the dozens of community minded people in between.

Was that shadow over there Bill taking in the length of the rink in one long stride? Was it Laura and all the girls she trained, training in their turn the girls and boys in carnival attire. Have the backgrounds not been preserved in more than memory, the ones such as Reg Gardiner and many other inspired people have painted?

Was that whiff of gray over on the top end of where the old arena had stood not a bit of Marlboro cement? Reminding us all that the building had once been part of the Marlboro cement plant of the early twenties and the early thirties and had been picked up for a few thousand dollars to provide the shelter for so many in Edison and district.

Then we looked over at the fine new arena, with its colorful panels, and know that will be wonderful times ahead for the people who use that building. And as the years pass ghosts of good times past will linger around it in its turn.

Letter to the Editor

Dear Sir

Since we have now completed the removal of the old arena, we would like to take this opportunity to thank the people of Edison for the friendship and co-operation we have experienced during the undertaking.

Especially we have appreciated the interest, encouragement and assistance given by the municipal public relations representative, Mr. Bill MacDonald, and also that of Mr. and Mrs. Tom Duffy who have generously allowed us to make their firm our headquarters from house to house.

To us, Edison has been a very friendly experience, and we think the editor of The Leader for allowing us to tell you so in this way.

Compliments,
Tom and Verina Lewis,
Bon Accord, Alberta

Wills, estates booklet available

A revised edition of the booklet "Wills and Estates for Albertans" is now available to the public through the Women's Cultural and Information Bureau at the Alberta Department of Agriculture.

The attractively designed booklet contains information on such important legal questions as how to draw up a will, how estates are distributed and other pertinent information. The publication contains in its ready read and understandable question-and-answer style.

The booklet also includes information on the

new federal Estate Tax Act, and Alberta's related Rules Act.

The last pages of the booklet provide space for listing pertinent family information, useful in the case of division of a family member, such as bank account numbers and numbers, address of immediate family relatives, and other data.

Copies of "Wills and Estates for Albertans" may be obtained through the Women's Cultural and Information Bureau, Legislative Building, Edmonton, or the Public-Information Branch, Department of Agriculture, Agriculture Building, Edmonton.

UP OR DOWN?

The recent by-election in Edison, and one held in Edmonton last year, have resulted in genuine setbacks for Social Credit. In both elections, the mighty election machinery of Social Credit was unable to keep off the enthusiasm of voters for an opposition candidate.

Both by-elections have been held since Hon. E. C. Manning gave up the office that the former premier held. It makes one wonder if, as was suspected many times during the latter years of Mr. Manning's tenure of office, the Social Credit government was being held together by the former premier's special charms.

Hon. Harry Strom does not command the enthusiastic public recognition that the former premier did. A host of bonuses in handling the Medicare issue (this only really new issue he has had a hand in handling from scratch) have not helped his cause.

Liberals are just not welcome in Alberta, and a Social or Liberal

broader. The NDP program remains as a pie-in-the-sky dream supported on earth by unions who have had more to do with our financial inflation troubles than any other group in the nation.

Mr. Peter Lougheed's Conservatives appear to be gaining favor, with Albertans generally. Where will the fortunes of Social Credit wind up in another general election—up or down?

—Blaikie Barclay

IN THAT CASE . . .

A purchasing agent was offered a colored TV set as a Christmas present from a salesman.

"Oh, my conscience wouldn't let me accept that!" the purchasing agent said promptly.

Tell you what, then," said the salesman. "I'll sell it to you for five dollars."

"That case, I'll take two."

Students Union sponsors of little East Indian girl

The Students Union of Edison's Parkland Community High School are helping to sponsor a little girl in India. The girl is named Mary Pooja-Claudia Cindrella.

Mr. Graham's House, the organization through which the girl came to Canada, is a group of children who are suffering from leprosy.

The money has started, Mr. C. Johnson came to visit the money and he had a very enjoyable time. He showed us some of the children and their families.

We have started our money, Mr. Johnson and she is very kind to us. Thank you for your kindness to us.

Will love and God bless you. Your sponsored child, Julliana Warren.

Notes on a salty subject

THE HISTORY OF RIBBING. Sometime back they were traded down the length of the river. They say it began because of a ribbon for salt.

A ribbon was discovered that could read off on a hot day by licking the ribbon's back. According to one source he once discovered it was a lot more fun than the other children's game.

About that time he found it about salt. He was not alone that time.

There's a very funny story about the ribbon. It was a ribbon that was used to lick the ribbon's back.

On one ribbon was a dot for the ribbon's back. It was a ribbon that was used to lick the ribbon's back.

Natural gas heat used in McIntyre coal production

The McIntyre-Petroleum coal mine under development on the banks of the Grande River, 10 miles south of Grande Prairie, will be supplied with natural gas from the McIntyre-Petroleum coal mine. The gas supply will be brought to the mine through a 40-mile, 36-inch high-pressure pipeline.

Truckers endorse demerit system

Alberta's Minister of Highway and Transport, Gordon Taylor, has received the support for his proposed demerit point system from the trucking industry. The demerit point system is a system of points assigned to drivers based on their driving record. Drivers with a certain number of points will be required to attend a driving school.

Alberta Government Telephones requires Long Distance Operators (Experienced or Inexperienced) for part time employment. Minimum Education Grade 10. Starting Rate \$1.68 per hour. Apply at CANADA MANPOWER CENTRE, DEPARTMENT OF MANPOWER AND IMMIGRATION, EDMONTON, ALBERTA.

Safety belt useless if left undone

Hardly more than an hour after a safety belt crash will be put to rest.

During October, the Alberta Safety Council conducted 41,000 people in this province and asked them if they were wearing the safety belt in their cars. On 7,500 and yes.

Of more than 31,000 drivers contacted, only one

five had his belt on at the time. About 29 per cent of all cars checked are still without safety belts.

These facts have come to light from an extensive survey conducted throughout the province by Safety Council volunteers. The survey was held on four Saturdays, September 17, October 4, October 11 and October 18.

What it points out is to

drivers. Safety belts are not a means for safe accident casualties—because people don't wear them. At least, not enough people wear them, and certainly not in the right time or place.

When do people wear their belts? The statistics make interesting reading. First of all, very few make use of safety belts while driving in town. Most safety belt use-

age is on the highway. Although the number of highway travellers contacted amounted to only one-third of the sample, more than 50 per cent of those wearing safety belts were on the highway.

People leave their cars on high speed trips, and they tend to wear the belts in those situations. However, the results to be

expected from the wearing of a safety belt in a high speed crash may not be as beneficial as there is hope. Speedy crash victims, which are much more numerous, can be just as deadly.

Did the safety council campaign do any good? The survey showed some improvement was made in safety belt use. In the sample of 41,000, two per cent of all people changed their minds and began wearing safety belts. In the ap-

proximately 100,000 people who are not wearing safety belts, the results to be

expected from the wearing of a safety belt in a high speed crash may not be as beneficial as there is hope. Speedy crash victims, which are much more numerous, can be just as deadly.

Did the safety council campaign do any good? The survey showed some improvement was made in safety belt use. In the sample of 41,000, two per cent of all people changed their minds and began wearing safety belts. In the ap-

Alberta's first "Beetle Baby" receives belated birthday gift

BORN IN A VOLKSWAGEN "Beetle" ten years

ago, Lewis Stewart is happy and surprised to learn he qualifies for a \$100 Canada Savings Bond as the birthday gift.

Daughter of Mr. and Mrs. Neil B. Stewart of 266 Conifer Street, Sherwood Park, Lewis was born in the front passenger seat of the compact car on May 11, 1959 -- believed to be Alberta's first "Beetle baby."

Pelle, ten-year-old Lewis Stewart's father, has received a belated birthday gift from the province.

It is a \$100 Canada Savings Bond.

From an Alberta's first "Beetle baby," the boy was born May 11, 1959, in the front seat of his father's

Volvo. Lewis is the youngest of three children. His mother, Mrs. Stewart, is a Grade 5 student of Camphill Elementary School.

Asked to reveal these details, Mrs. Stewart said she was a little surprised to learn that her son was the first "Beetle baby" in Alberta.

She has one sister, Lynn, 17, and two brothers, Mark, 15 and Miles, 12. Mr. Stewart is a member of the union staff of Great Western Cement Co. of Edmonton.

Since the last-for-VW babies started in 1961, some 100,000 have been born in the U.S.A. but this is the first time in Alberta.

Asked to reveal these details, Mrs. Stewart said she was a little surprised to learn that her son was the first "Beetle baby" in Alberta.

Whether or not high blood pressure is a danger to your health, it is a fact that it is a common condition. It is a condition that can be controlled by the doctor's advice. For example, a man who has a high blood pressure should be treated with medication. The removal of the cause of the high blood pressure is essential. Certain causes of high blood pressure are: stress, anxiety, and overeating. If the high blood pressure is not treated, it can lead to heart disease, stroke, and other serious conditions. It is important to get your blood pressure checked regularly. If you have a high blood pressure, you should take the medicine as directed. Do not stop taking the medicine without the doctor's advice. If you have a high blood pressure, you should also eat a healthy diet and exercise regularly. This will help to control your blood pressure and keep you healthy.

PROVINCE OF ALBERTA

753-1079 or 753-1078

The Voice of Eden: Constituency

Edson, Alberta, Wednesday, Nov. 26, 1909, Vol 16, No. 4

INSTALLED as head of the Edison Chamber of Commerce at their annual meeting last Wednesday evening were left to right: Secretary Jon Scott (re-elected), President Jim Jensen, Vice President John Hemmes. The position of treasurer has yet to be filled. A pleasant social evening followed the dinner and business meeting in the Edison Motor Hotel.

Vote Dec. 4 on east end high school complex

For the second time within a year voters (property taxpayers) in both Edison School Division and the new Parkland County, which is the former Stony Plain School Division, will be going to the polls to express their opinions on the building of a joint-use high school on the east end of Edison near the west end of Parkland.

The previous vote and the court battles put up, mainly by the citizens immediately concerned have not yet resolved the problem.

The controversy has stemmed mainly from where the new school should be located and what section of the two school jurisdictions it should serve. The provincial Department of Education formed an Education Regional High School District No. 2 to administer the special problems and apportion funds from the two senior divisions on what was hoped would be an equitable basis.

One of the problems in the last vote was the identification of eligible voters. This time all voters will be asked by the Deputy Returning Officer to make a declaration that he or she is eligible to vote.

The polls will be open from 1:30 p.m. to 7:30 p.m. on Thursday, Dec. 4th at the places in an advertisement which appears on page 13 of this week's Leader.

There will be no advance

The School Act states "A proprietary elector is a person who is a Canadian citizen or British subject 18 years or over, who lives in the district or division and who has resided therein for at least 12 months immediately preceding voting day, who is liable to assessment for school purposes in respect to property in the district, division or

The person so qualified would be the registered owner or conditional owner or purchaser of a property under an agreement of sale. The spouse of a proprietary elector would be entitled to vote only if her name also appears on the documents.

Those not wishing to make the declaration will be required to leave the polling area. The poll clerk will make a mark in the column entitled "refused declaration" in the poll book and

Rural voters should write down and bring the correct description of their property. In the case of rural voters this should include quarter section, township and range. For subdivided property owners only the name of the hamlet, village or town is required.

CHRISTMAS BAZAAR TIME has arrived with the United Church Women holding their last bazaar. Mrs. Sam Zucht is surrounded by all sorts of interesting things as she snips a grab bag purchase off a hanger for a youthful customer. The Catholic ladies will hold their bazaar next Saturday and the Anglican bazaar is on December 6th.

New Hospital to open Dec. 8

The new St. John's Hospital will be officially opened forty-three years to the day from when the Sisters of Service first opening a hospital in Edson. The opening date has been set for Monday, December 8th.

The Sisters first served in the building that later was used as their residence on December 8th, 1926.

Numerous dignitaries of the Catholic Church, local and provincial governments as well as Sisters have been former as well as Sisters who have served locally in other years, will be on hand for the official opening of the new building.

Prior to the ribbon cutting and official opening, a special ceremony will take place in the Sacred Heart Parish Hall.

The general public is invited to attend the ribbon cutting formalities. Patients will not be moved to the new building until after the official opening.

GORDON FOSTER made his first vice president of the Alberta Young Social Credit Group when he attended the annual EC meet in Calgary at the weekend. 18 year old Gordon is the son of Mr. and Mrs. Alf Foster of Edmon. Mrs. Ivy Jorgensen was chosen as northern director of the EC Women's Auxiliary at

Conference confirms local school tax stand

L. unskilled wage scale

With respect to supplementary requisitions, the committee recommends no legal limits be placed on the authority of school jurisdictions to requisition for funds to be raised by levies against local assessment.

Transportation and capital grants would be in addition to the above changes if it was

interpreting the above in terms of the present financial situation in Edison School Division it was unofficially calculated that ten four or five mills for supplementary requisition would have been necessary this year. This appears attractive compared to the original 31 mill rate requisition sent to the local taxing bodies earlier this year. This was later reduced to 27 mills by a grant of \$47,000 from the provincial government.

Christmas shopping hours

Christmas shopping hours for retail stores, as submitted by the Retail Merchants' committee of the Edison Chamber of Commerce, were approved at the last Edison Council meet-

Stores will be open until 5 p.m. Friday, Saturday, Monday, Tuesday, Dec. 19, 20, 22, 23 and Friday, Jan. 2nd.

Wednesday, Dec. 17, Wednesday, Dec. 24 and Wednesday, Dec. 31, stores will be open until 6:30 p.m.

B-EDSON LEADER, Wednesday, Nov. 26, 1969

MR. AND MRS. HEROLD W. ASCHENMAYER

A lovely wedding took place October 17 in Sacred Heart Church, 1000 Calhoun, when Mr. and Mrs. Herold W. Aschenmayer were united in marriage by Rev. Fr. John J. Connelley. The ceremony took place at 1:30 in the afternoon. Mr. Aschenmayer is a member of the church. Mrs. Aschenmayer is a member of the church. The bride wore a white gown with a full skirt and a long train. The groom wore a dark suit. The wedding was attended by many guests. The reception was held at the church. The bride and groom were accompanied by their parents. The wedding was a beautiful ceremony. The bride and groom were very happy. The wedding was a great success. The bride and groom are now living in a new home. The wedding was a beautiful ceremony. The bride and groom were very happy. The wedding was a great success. The bride and groom are now living in a new home.

A bakeless bake sale

BY THE EDISON CHAMBER STUDENTS' UNION

You would be surprised if you requested the sale of baked goods. But this year, the Edison Chamber Students' Union is holding a "bakeless bake sale" on Friday, November 29, from 10 a.m. to 2 p.m. in the Edison High School cafeteria.

Without fuss or bother you have done your part. We are sure you will give with an open heart. So this is the end of our little tale.

Please visit us, we are waiting for you. Bakeless Bake Sale.

Any donations would be appreciated and will be used for the Union to purchase a television set for the Edison High School. Address: The Secretary of the Student Union, Edison High School, R. R. 1, Peora, Alberta.

CALORAY POWER

WINS RADIO—Mrs. Phyllis Schultz, at right, receives the next Little Girl radio also won in the draw held in conjunction with the Girls Guides and Brownies sale of Halloween candy. Mrs. J. M. Grant, looks on.

A meeting of the Martha's Community Association called for Friday, November 14, but an attendance of only eight persons. A very small meeting was called for Sunday evening and about 15 attended to make some important decisions about the annual giving of Christmas treats and presents to local children.

The meeting decided presents from the community would only be given to the little ones under play school age with treats for all. The money that was to be used for presents will be used for the little ones and all other children in the district have had presents for all ages. The money that was to be used for presents will be used for the little ones and all other children in the district have had presents for all ages.

The annual meeting and election of officers for the Edison Promotional Committee is to be held on Thursday, Dec. 4, at 7:30 p.m. in the Edison High School. It is hoped that all members of the committee will be present.

WINS RADIO—Mrs. Phyllis Schultz, at right, receives the next Little Girl radio also won in the draw held in conjunction with the Girls Guides and Brownies sale of Halloween candy. Mrs. J. M. Grant, looks on.

Marlboro News

A meeting of the Martha's Community Association called for Friday, November 14, but an attendance of only eight persons. A very small meeting was called for Sunday evening and about 15 attended to make some important decisions about the annual giving of Christmas treats and presents to local children.

The meeting decided presents from the community would only be given to the little ones under play school age with treats for all. The money that was to be used for presents will be used for the little ones and all other children in the district have had presents for all ages.

The annual meeting and election of officers for the Edison Promotional Committee is to be held on Thursday, Dec. 4, at 7:30 p.m. in the Edison High School. It is hoped that all members of the committee will be present.

Found guilty of false statements

Found guilty of false statements

Members of the Edison School Divisional board went on record as being in favor of changing the name of the division from that of one of the main towns--Edson.

The proposal has been brought up before the board at action taken. At the Nov. 20 meeting the Board decided to ask each school to submit two names. The trustees will choose one of the suggestions and then submit it to the Minister of Education for approval of the change.

Generally the idea is that a centralized division should reflect the whole area it covers in its name.

Niton News

By Mrs. H. Setzer

The district was shocked to learn of the death of Mr. Leonard Condit, 61 years old, who died on Nov. 18.

Another man whose religious beliefs, in that one hour on Sunday, or in that one day, Christmas, and in the night of God.

Mr. Condit was born in St. John's Hospital, N.S., and was a member of the Niton branch of the United Methodist Church.

He was a member of the Niton branch of the United Methodist Church, and was a member of the Niton branch of the United Methodist Church.

Speaking of Education

By Don Bright

This column is sponsored by The Leader as a public service to its readers, and is written in behalf of the teachers in our community. Any opinions or comments should be sent to P.O. Box 1500, Edmon.

The Learning Materials Centre

Confession time during the past year, I have heard parents exclaim, "Things have changed since I went to school!" Undoubtedly, schools built today are more elaborate and colorful than the ones we attended.

Less obvious, however, but of more importance than school architecture, are the changes in school programs. Now, on top of New Mathematics, "A" and "B" options, and the inquiry or discovery approach to learning, parents will be hearing more and more about Learning Materials Centres.

At a recent meeting of librarians from schools throughout the Edmon School Division, Mrs. Blanche Fyfe-Dickson, Principal Supervisor of Libraries, outlined the plan for the new Learning Materials Centres.

During the past few months, the members of the public have been seeing the Learning Materials Centres in the schools, and have heard more and more about them.

The new Learning Materials Centres will be located in the schools, and will be open to the public during the school year.

The new Learning Materials Centres will be located in the schools, and will be open to the public during the school year.

Hospital Opening Monday

The Edson Leader
The Voice of Edson Community

Sisters of Service have used three different buildings

Edson, Alberta, Wednesday, Dec. 3, 1969, Vol. 16, No. 49

EDSON CONSTITUENCY will have its east and slipped off if the proposals of the Provincial Electoral Boundaries Commission are adopted in the Alberta Legislature in the coming session. While the northern boundary remains at Township 64 in the north west corner it starts jutting and jutting until it comes south on Range 16 just east of Wolf Creek and then jags on to Township 42 and westward to the R.C. border. As proposed Edson riding now consists of the centres of Edson, Hinton, Jasper and Grande Cache and the areas in between including the Coal Branch. The Evansburg would be in the new Whitecourt riding which includes that town as well as Fox Creek and Valleyview.

Madrigal Singers hold Christmas Festival

The Edson Madrigal Singers, numbering 18 persons, will make their first public appearance on Tuesday, December 2, when they hold a "Festival of King Lear and Carols". The festival will be held in the United Church starting at 8 p.m.

This is a traditional English service, usually sung by candlelight on Christmas Eve. The Singers are happy to have their service on this day to help in the raising of the Christmas message.

The Madrigal Singers have been kindly organized by Harry Sewards, and unfortunately members who has put a lot of time into the organization of the festival program.

Co-directors are Joseph Doss and Bill Laverack. The group have really been enjoying themselves at their

get-togethers and are looking forward to sharing this enjoyment with all who attend the program on December 2.

Turkey bingo at Peers

The Peers 4-8 Multiple Club will be giving district residents an opportunity to win a Christmas turkey at a function of the event when they hold their turkey bingo this Friday, December 5.

The bingo will be held in the Peers School starting at 8:00 p.m. Be sure to be there on time so you don't miss any of the fun.

The Sisters of Service and Edson District residents in general, have reason to celebrate this coming Monday, December 8th. On that day at two o'clock the Sisters will mark 43 years since they opened their first St. John's Hospital in Edson.

At the same time they will be holding the official opening of their modern 11-bed hospital, the third St. John's they have opened since their Order came to Edson to operate a much needed hospital facility.

The ceremonies will start at two o'clock in the Parish Hall of the Sacred Heart Catholic Church on sixth avenue. Church and government officials will take part in the ceremony there before moving to the new hospital for the ribbon cutting that will officially open the hospital.

Open house will then take place with tours through the various areas of the hospital. Refreshments will be served to the public. Open house will be held again from 7 to 9 p.m. so that more people will have an opportunity to see their new hospital. There will be no refreshments served during the evening.

The patients will likely be moved from the present hospital to the new one within a day or two after the opening.

This week the new hospital is a wonder of activity as last minute work is finished by the contractors, everything is being cleaned and polished, furniture and equipment installed.

Members of the hospital Auxiliary and other individuals have offered their services in setting up and arranging furniture and electrical fixtures with linens, etc.

The supper will be held in the Parish Hall starting at 5 p.m. and will be followed by entertainment with a Christmas theme.

Christmas shopping hours

Christmas shopping hours for retail stores, as submitted by the Retail Merchants committee of the Edson Chamber of Commerce, were approved at the last Edson Council meeting.

Stores will be open until noon p.m. Friday, Saturday, Monday, Tuesday, Dec. 15, 22, 23 and Friday, Jan. 2nd.

Wednesday, Dec. 17, Wednesday, Dec. 24 and Wednesday, Dec. 31, stores will be open until 6 p.m.

Had too much interest in it evidence on the way this Thursday, Dec. 4, as the regional high school prepared for Evansburg. The school was turned over by the voters of Edson School Division and Parkland County last spring.

The proposals are exactly the same, but some editorial arguments for and against have appeared as long as press.

A group calling themselves the "Parkland-Edson Better Education Committee" passed out a letter last week Tuesday that the regional school with a big movement would be able to offer more courses.

The letter also claims that the school could "fill" some of the 28 units called for by the Foundation Program, presently ignoring the 31 units provided this year on top of the 28 units.

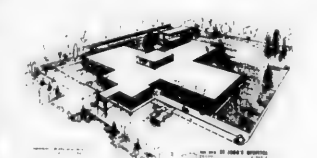

Another group the "Edson and District Committee for Better Education" pointed out among other things that many of their children are closer to Haysville and some from as far as 41 miles from Lacombe Valley.

The Wapeton group also claim there is evidence of a falling student population in the Lacombe area and that a school there would eventually close.

Edson voters, with their wonderful sense of community high school facility have a fairly strong sense of ownership of the plant.

Edson voters, as a letter to The Leader points out this week, are the master in regional decisions as well as raising high schools in the district.

The local voters can do it, get out and vote on the matter.

THIS ARCHITECT'S drawing really doesn't do justice to the fine modern hospital facility the Sisters of Service are to officially open this coming Monday. The latest in hospital equipment and design will provide modern treatment services in Edson and District.

The Sisters of Service

Edson District Residents can be proud of their wonderful new hospital

Dr. K. R. Harrison

The Sisters of Service God Bless 'em

They've done a wonderful job in the past and now they will continue to do so as they open the New St. John's Hospital

Home Food Market

Years of Work and Planning

have gone into the completion of Edson's new St. John's Hospital

Our Thanks

to all who have helped to provide this wonderful modern facility to Edson and District.

Edson Motor Co. Ltd.

Best Wishes

TO THE

Sisters of Service

for their new hospital with its added facilities which will enable them to provide even better services to Edson and District residents than in the past.

The Edson Medical Centre Will Close at 12:00 noon Monday, December 8

so that our staff may attend the opening of the new St. John's Hospital

MR. AND MRS. GARY BARBER

A lovely wedding of interest took place on November 8, when Dorcas Jay, daughter of Mr. and Mrs. H. J. Barber, was united in marriage to Gary Barber, son of Mr. and Mrs. H. J. Barber. The ceremony was held at the United Church, Edson, with Rev. Vernon J. B. B. officiating.

The ceremony was decorated with baskets of pink roses and white lilies. The bride wore a white gown and veil, and the groom wore a white suit. The wedding party included the bride's mother, Mrs. H. J. Barber, and the groom's mother, Mrs. H. J. Barber. The wedding was a private affair, with only family and friends in attendance.

The bride and groom were married by Rev. Vernon J. B. B. The ceremony was held at the United Church, Edson. The bride's mother, Mrs. H. J. Barber, and the groom's mother, Mrs. H. J. Barber, were both present. The wedding was a private affair, with only family and friends in attendance.

Her short bouquet was held in place by an arrangement of simulated white and silver flowers. The bride's train was held up by two bridesmaids. The bride's veil was held up by two bridesmaids. The bride's train was held up by two bridesmaids. The bride's veil was held up by two bridesmaids.

Suffer loss outbuilding fire

Mr. and Mrs. Herb Rungless, who reside at 1210 10th St., suffered a considerable loss on November 23 when a large outbuilding on their property was destroyed by fire.

The fire broke out in the early morning hours of November 23. The outbuilding, which was used for storage, was completely destroyed. The fire department arrived quickly and contained the fire, but the damage was extensive.

The loss was a significant one for the Rungless family. They had stored many valuable items in the outbuilding. The fire was caused by an electrical short circuit. The insurance company is currently processing the claim.

THE NEW St. John's Hospital

Will help to make Edson an even more important centre in West Central Alberta

ST. JOHN'S HOSPITAL NO. 1—which served as the Sisters residence from October 1931 until March 1949. It was built in 1914.

END OF SUMMER

The shadows are falling across the trees. The air is a mingling cold. White clouds from the hills loom. And the north winds are old.

There are no night sounds or sounds of life from the wilderness on my farm. But yesterday, there was a group that filled my eyes with cheer.

To all the good things that remained And left a cheerful smile.

Amid this place grows good to see, And then they went away With laughter and a lot of thought We'll come another day.

Leah Davis Taylor, Peter, Alberta

**Hockey classic proceeds
 will aid Santa's Helpers**

The Edson Arena will be
 the scene of a winter
 classic on Thursday evening at
 7:30. The game will be
 between the Edson Lakers
 and the CFB Little Men hockey
 team.

The game will be of short duration,
 but the action is expected
 to be hot and fast. The
 game time is 8:30.

The classic will be a single
 between the first and second
 teams of a school district.
 The game will be a single
 between the first and second
 teams of a school district.

Fans will be kept up on
 what's going on by the
 arena's play-by-play announcer,
 Earl Hale.

Even the admission price
 is a little bit unusual. One
 dollar's worth of food will
 get you into the arena to see this great
 game. All proceeds are in
 aid of the Santa's Helpers
 program to help Christmas
 carter for some one not
 as fortunate as you.

GULF OIL AGENT

A Boy's Letter To His Dad

I've thought of you a lot, dear Dad,
Since you have gone away,
I think of you and miss you
Each day of the day.

For you were such a pal to me,
And loved me, oh so true;
And only that, but you were
Just as good to Mommy, too.

We didn't think we'd lose you—
You were so big and strong,
But when that awful sickness came,
You didn't linger long.

They say you're never coming back—
It makes me feel so blue.
I thought I'd get right down
And write these lines to you.

I hate to tell you all the news,
For it may make you sad,
For things are so much different
Since I lost my precious Dad.

But I said I'd write and tell you,
So I guess I'd better start,
And I hope you'll forgive me,
Even though it breaks your heart.

You know how the nice big house we had—
My Mommy, you and me,
Well, we don't live there anymore,
For we have moved, you see.

The Landlord, he was awful,
And he wouldn't let us stay;
For when the rent day came around,
My Mommy could not pay.

I hear her tell how she missed
Your cozy cheek every night,
And she was sad and cried so hard
That she could hardly speak.

She used to work the other day
But I can't tell you where,
Because she said you'd feel so bad
If you knew she was there.

She doesn't seem much money,
And the work is hard to do,
But we will have to do our best
Without the help from you.

I wish that I could help her—
But I'm so small, you see,
I wonder why God took my Dad,
Instead of taking me.

I guess I wasn't due in school
As you wanted me to do,
For Mommy says it costs so much
That she can't see me through.

Our neighbors say it's all your fault,
For you didn't buy the plan
That you were signed so hard to take,
By our Life Insurance Man.

I'll bet if you could just come back,
And see us for a day,
I'd say some life insurance
and you'd buy it right away.

I know you meant to buy it,
For I heard you tell the man
That you "should think it over"
And some day take the plan.

Guess I've told you all
That I had better tell,
And I hope that you'll forgive me
If it doesn't sound so well.

Just one more thing I'd tell,
When I get to be a man,
I intend to do some business
With my Life Insurance Man.

Terry Bingham Edson, Telephone: 723-3388

Holland Life

Insurance Society, Ltd.

THERE WAS MANY A DELAY from when the Hospital Advisory Board and the Sisters of Service first began negotiating in 1964 for a new hospital and the time when it was finally approved in 1969. Attending this Board meeting in April 1969 were: Standing left to right Al Stanton, Vice Chairman Walter Fowler, Adrian Maria, Secretary Joe Wyma. Front row: Hospital Administrator Sister Knochel, Hospital Secretary Treasurer Sister Turroy, Board Chairman Guy Colombe, Building Committee Chairman Sister Roberts and Director of Nursing Sister Schaubert. Missing Board members include Gerald Mahon, Paul O'Hara, Eric Fabron of Rosevear and Harold Haddock of Haddock.

Close to 200 try their hand at the turkey curl

Close to 200 try their hand at the turkey curl.

Last Saturday evening's curling season opened, the turkey curl, was highly successful with close to 200 curlers taking part during the evening.

There were 20 turkey curling events, with curlers from a few parishes, curling clubs and by Tom Brown (2), Doreen Cane, J. Williams, C. Wilson, J. Jay (2), L. Schulz, W. Spinks (2), L. St. Marie, R. St. Marie, F. Chevi, Mrs. Wright, P. Chertow, Don L. Hyndman and P. Goss.

The turkey curl was combined with a social type evening and all taking part seemed to have a good time. There are 16 clubs playing this week in the annual opening tournament. There were five games Monday and Tuesday, one on Wednesday. Curling upstairs will be two Thursday, none Friday.

day and one Saturday at 7 o'clock. The Saturday draw will be followed at 9 o'clock by a social evening with music provided by dancing. There was an error in the advertisement carried in last week's Leader. Most curling clubs are even MORE ACCEPTABLE than the advertisement quoted. Instead of \$50 they are \$25. The same curlers are always welcome to drop in and watch the 16 date upwards of 30 games.

It will be a pleasure

to visit Edson's wonderful new hospital facilities on December 8

Narrow vote turns down east-end school

For the second time this year voters in the Edson School Division and Parkland County (the former Stony Plain School Division) rejected a proposed high school complex at Evansburg that was to have served the east end of Edson School Division and the west end of Parkland County.

The property owners said no by 1,143 votes to 948. In the July 24th vote the proposal had been defeated by 50 votes. Two Evansburg citizens contested the vote in District Court where it was ruled invalid because of alleged voting irregularities.

The regional district was set up as the behest of the Provincial Department of Education to administer the proposed centralized school. Niton citizens had originally forced a vote when it was realized the project was in the wind.

The vote by the polling places was as follows:

[illegible]

Christmas shopping hours

Christmas shopping hours for retail stores, as submitted by the Retail Merchants committee of the Edison Chamber of Commerce, were approved at the last Edison Council meeting.

Stores will be open until nine p.m. Friday, Saturday, Monday, Tuesday, Dec. 19, 20, 22, 23 and Friday, Jan. 2nd.

Wednesday, Dec. 17, Wednesday, Dec. 24 and Wednesday, Dec. 31, stores will be open until six p.m.

in Parkland County the vote went 594 to 408 against. In Edson School Division there were 590 ballots cast against to 580 in favor of the proposal.

There were 11 spoiled in the Edison voting and nine in the Parkland voting.

Old Hospital not feasible Council told

Controller A. Grant reported to Edison Town Council at its regular meeting on Tuesday, Dec. 26, that a Chamber of Commerce committee is now channeling all its efforts for a new nursing home building.

The committee, reported Councillor Grant had purchased the feasibility of retaining the old hospital building, owned by the Sisters of Service. It had been agreed by the committee that the old building would have to be moved and that the cost of renovation would be considerable.

Present for the meeting were Mayor J. E. Griffiths, Councilors N. Chiesa, Dr. J. E. Crawford, A. Grant, L. Halliwell, J. P. Kohler, and E. Loutlet.

Council approved a by-law entering into an agreement with Improvement District No. 14 for establishment of a joint recreation and parks board.

Councillor Chénais was appointed as the Council's representative to the new board.

The Secretary was asked

The Secretary was asked

to write the names of the members of the disbanded Edison Recreation and Cultural Activities Board on blank sheets of paper and the following persons were drawn to serve on the new

Recreation and Parks Board:
Mrs. Shirley McNaughton
Mrs. Lorraine Lomberry
and Mr. William Kontula.
Mrs. McNaughton will serve one year; Mrs. Lomberry, two years.

**Carol Festival
this Saturday night**

A Christmas treat of familiar carols and ensemble singing is waiting to be enjoyed by all who are present at the Jubilee High School auditorium, December 12 at 7:30 p.m.

Bill Lusterbach and Dennis Scott will lead the entire group in carol singing throughout the evening. Mrs. MacLean will be at the piano.

The singing ensembles range from church choirs to solos. (One family unit will be singing and a number of school groups will be represented. The Confessional Chorus will be singing several selections from the Messiah, concluding the program.)

A HAPPY OCCASION -- everyone seemed to be in a happy mood Monday as the third edition of St. John's Hospital was officially opened. Having a look at the kitchen equipment the Hon. Dr. Donovan Ross, who cut the ribbon, and Sister Roberts clown a bit to the en- joyment of Joseph.

FUA Roundup

The monthly meeting of the Pinedale FUA Local was held on Nov. 22 with 23 members present.

The membership drive was discussed and organizers were urged to complete their canvassing by November 30.

District Agricultural Mr. Gary Miller will be instructing a bookkeeping course sponsored by the Perra Home & School Association. The announcement was well received as quite a number of our members are inter- ested and plan to attend.

David Brock and Roger Shumers gave a short talk on their five weeks at the FUA Gold Key Camp this summer. David indicated as that Roger had been one of the chosen few to return to Camp next year.

The FUA annual conven- tion was thoroughly discus- sed as many important issues are on the agenda this Fall. The Pinedale Local dele- gates were chosen, and we should have good representa- tion from our Local for at least part of the Convention.

As it runs from December 8-12 perhaps, it is hard to attend the fall five days. Pinedale has three delegates who will attend the Conven- tion.

The local Christmas party will be held on December 20. The details have been placed in the hands of a committee drawn up for the purpose of making this year's party a huge suc- cess.

The business meeting closed following reports from Pete Archibald, Joan Schumers and Mr. Tom King.

Collins and lunch followed the adjournment.

Interest high at hockey coaches clinic

ered in the Mount Hacks Association and instruction were suggested in the Department of Youth and Recreation.

Altogether there were 23 participants representing a good cross section of all ages. Many of those who attended are already members of the local young men's and women's teams and it is always good to see these people interested in gaining greater knowledge for the job they have volunteered to do.

Much of the clinic was devoted to discussions on the philosophy and objectives of the Scout movement and young men were encouraged to keep in mind the spirit of sportsmanship as well as the desire to win.

Christmas shopping hours for retail stores, as submitted by the Retail Merchants' committee of the Edison Chamber of Commerce, were approved at the last Edison Council meeting.

Stores will be open until nine p.m. Friday, Saturday, Monday, Tuesday, Dec. 19, 20, 22, 23 and Friday, Jan. 1.

Wednesday, Dec. 17, Wednesday, Dec. 24 and Wednesday, Dec. 31, stores will be open until six p.m.

SANTA'S ABERDEENIAN BROUË obviously delights several of the ladies at Parkland Lodge during the annual Lions Christmas party this year. From left to right Mrs. Barbara Polack, Mrs. Mary Graham, Santa Sandi Hale and Mrs. R. B. Phillips.

Overtaken trailer blocks highway

The public is invited to attend the annual Christmas Concert of the Junior and Senior School which will be held next Monday, December 22 at 8:00 p.m.

As has become traditional with the annual concert, the program will open with a candle light processionals. This will be followed by the Junior Jr. High School Glee Club as they sing the story of Silent Night. Narrators will be dressed in Austrian Alpine Costume.

The second item on the program will be a tribute of carols (a medley of Christmas Carols) by the Jr. - Sr. High School Band.

Completing the evening of

Christmas entertainment the Parkland Composite High School Chorus will present a folk cantata, "Shepherd: Itz'lece". Accompaniment will be provided on piano and guitar.

SECOND TRY

"I'd like you to come right over," a man phoned an undertaker, "to supervise the burial of my poor wife."

"Your wife?" gasped the undertaker. "Didn't I bury her two years ago?"

"You don't understand," said the man. I married again."

"Oh," said the undertaker. "Congratulations!"

The huge unit, loaded with 44,000 pounds of cement, left the road just past the campsite. The driver pulled the tractor back onto the road, but the trailer broke off at the fifth wheel and turned over on its side, completely blocking the west lane and partially blocking the east traffic lane.

At their last regular meeting, enough volunteers from the Kinsmen Club of Edson made it possible to carry on this worthwhile annual community project.

Residents of Edison and Glenwood are reminded that Kinsmen Santa's will be available for house calls on Christmas Eve, December 24th.

At their last regular meeting, enough volunteers from the Kinsmen Club of Edson made it possible to carry on this worthwhile annual community project.

a Kin Santa are asked to leave their porch lights on. The visitation will commence at 6 p.m. and special requests can be made to Mel Soltys, Kin Santa chairman at 723-3354.

A PLEASANT TASK Sister Tunney kept a bundle of stuffed toys made by the girls of the Light Horse & Pony Club for junior patients in the new St. John's Hospital.

**Need copy
earlier for
Xmas issue**

The first occurred about 4:15 in the afternoon when a small eastbound car driven by Gladys Mary Stanley went out of control. It went into a swerve just after getting onto the bridge and hit the north side of the bridge. Mrs. Stanley was shook up, but had no injuries.

place about eleven p.m. Again, the eastbound vehicle went out of control striking the north railing then rebounding to strike the south railing. Considerable damage was done to the bridge and the car was demolished.

The driver, William Robert McKee of Saskatoon received superficial injuries.

Motorists are urged to approach the bridge with caution, particularly these warm days, since the sun is off the bridge.

Following its usual custom The Leader will not be published during the week between Christmas and the New Year to give our staff a festive break.

Our next issue will be our Christmas edition and we are planning to have it out a day earlier than normal to ensure delivery before the holiday.

Advertisers who have not been contacted may still get into the special issue by phoning 723-2301.

News for the issue should be given to us as early as possible.

A PLEASANT TASK

Tenth Prize, Mrs. J. H. Russell, Edson.

RIKKESS TIME during the pulp mill session gave the Forestry Class boys an opportunity to talk over the film they had just seen.

Hinton Mill welcomes Edson Forestry 12 class

To expand the forestry facilities of Portland Company, the Department of Education this term approved the introduction of a Forestry course. The 12 boys taking the course have the honor of being the first Forestry class in the High School of Alberta.

On December 15th, the entire group boarded the bus to visit the North Western Pulp and Paper Plant in Hinton. They had received a special invitation to be the company's guests for the day.

Mr. Wayne Suter, Manager of Industrial Relations, welcomed the group to the plant.

The boys were taken to the pulp mill, where they saw the process of making pulp from logs.

After a lunch at the canteen, where the boys had all the food they could eat, they were taken to the pulp mill.

THE KORD KLIPPERS, Edson's feminine barber-shop sextet have been entertaining at various Christmas affairs, and are very well received wherever they perform. Left to right are: Avril Benson, baritone Gloria and Shirley Miller, and Kay Topham, tenors Liz Jensen and Kelly Hickman. The attractive sign in the background welcomed senior citizens to the OAPD Senior citizens banquet on December 7.

I could have sworn I saw three crows.

Fair enough. Because the crows could have sworn they saw two dogs. And if you look closer, you'll probably think you see four Indians. Or is it six?

No two people in our brewery agree on just how many there are of what on the Leithbridge Pilsner label. But we're all together on one thing. How to brew the great beer behind it - Alberta's original Pils. That's done the slow, natural, old-time way. For a favour you can always count on.

Greetings for Christmas

Let us rejoice in spirit... let us be glad of heart. For Christmas is here... Christmas, rich in the enduring gifts of hope and faith, peace and good will, brought to all men by the Christ Child on that hazy night long ago. May this season of joy and wonder bring to you a sustaining sense of serenity and uplifting happiness to gladden all the days of the coming year.

Are we losing Christmas

As the year draws to a close, the Christmas season is upon us. It is a time of joy and celebration, a time when we gather together to celebrate the birth of Christ. But is it still the same? Are we losing the true meaning of Christmas?

In the past, Christmas was a time of quiet reflection and spiritual renewal. It was a time when we would gather around a table, sharing food and drink, and talking about the things that mattered most in life. But in recent years, Christmas has become more of a commercial event. It is a time when we are expected to buy and sell, to give and receive gifts. The true meaning of Christmas has been lost.

But we can still have a meaningful Christmas. We can still gather together and share food and drink, and talk about the things that matter most in life. We can still celebrate the birth of Christ and the love that He brought to the world. We can still have a Christmas that is truly meaningful.

Legend of the robin at the manger

Usable

What's a robin doing on a business card? It's a symbol of hope and good news. The robin is a bird that is always seen in the winter, and it is a bird that is always seen in the manger. The robin is a bird that is always seen in the manger, and it is a bird that is always seen in the manger.

Decorative Decorations

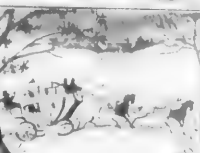

Decorative decorations are a must for any Christmas celebration. They are a way to make the home look festive and cheerful. They are a way to make the home look like a Christmas home.

Various Christmas Trees Paper

Various Christmas trees are available in paper. They are a way to make the home look festive and cheerful. They are a way to make the home look like a Christmas home.

What was tops on Grandma's Christmas list? Maybe it

There are only a few of the popular gift items offered to Canadians by the Y. Eaton Co. in its Christmas catalogue of 1917.

There are many intriguing bits of Canadiana recorded in this catalogue, the earliest as follows:

Co., "The Greatest Good to the Greatest Number" and on their first page, an assortment of items made of sterling silver. These goods made favorite gifts, kins kin, such as belt buckles and mount-

was directed to receive on

...children had a box
for every thing. Photo's and
work boxes, necktie boxes
p's & q's bones and all and
corridor bones--all made we
come Christmas gifts. The
were made of celluloid, a
"new" miracle synthetic
in the '90's, and were
available in plain or fancy
styles.

Toys were as plentiful then as they are now, and their price tags would be an answer to a modern parent's prayer. Shoofly now comes in the large size and extra strong material.

How Many Wise Men? Answers Are Many!

Three who must be wise, according to the story of the nativity, only St. Basil, the fourth-century bishop of Caesarea, says there were three. The tradition that there were three probably comes from St. Basil's description of three gifts—gold, frankincense and myrror. The number three is the holy and the very first number of divinity, the number of the Trinity, the Father, the Son and the Holy Spirit. In the story of the nativity, the three gifts represent the three aspects of the divine: the Father, the Son and the Holy Spirit.

GREETINGS

Water Is Key To Safe Tree

It is a common mistake to think that a Christmas tree can be safely stored in a dry place. In fact, a tree should be kept in a place where it can get water. A tree that is kept in a dry place will dry out and become a fire hazard.

DO WE NEED OLD ST. NICK?

Is it true, as some today claim that Santa Claus has been transformed by modern customs into the "Sugar Buddha" of the twentieth century? Or is he still the same old St. Nick, the bringer of gifts and the punisher of naughty boys? The answer is a resounding "Yes!" Santa Claus is still the same old St. Nick, the bringer of gifts and the punisher of naughty boys.

It is true, as some today claim that Santa Claus has been transformed by modern customs into the "Sugar Buddha" of the twentieth century. Or is he still the same old St. Nick, the bringer of gifts and the punisher of naughty boys? The answer is a resounding "Yes!" Santa Claus is still the same old St. Nick, the bringer of gifts and the punisher of naughty boys.

CHRISTMAS

IN THE SKIN

The Christmas season is a time of joy and peace. It is a time when we give thanks for the gifts we have received and the love we have given.

Be Sure the Oven Is Spic and Span

The time has come when you should check your oven. A clean oven is a safe oven. A dirty oven is a fire hazard.

The late Harry Newman, Fordick once preached a sermon entitled, "Gone with the Wind." He suggested that two common expressions of man are either the absence of God or His presence everywhere. Mr. Fordick went on to suggest that man does not need to seek God as if He were lost, or absent or dead but rather must come to terms with Him, must surrender to God who is always present.

We think that the world of 2000 years ago was waiting for the birth of Jesus with bated breath. The birth of Jesus was a great event, a moment of humanity and poverty, a moment of love and peace. The world was waiting for the birth of Jesus, the Son of God, who would bring peace and love to the world.

Election being called for Edson District Trustee

The trustee position held by Mrs. Margaret Miller on Edson School Division

board expires early in the new year. Mrs. Miller represents the

people in the Edson, Glenwood, Grande Prairie Trail area and in the river. The sub-division coincides with the boundaries of the Edson School District.

The term is for three years and nominations will be called for early in the new year.

Besides a trustee on the divisional board, Edson district has a total board of five trustees.

Niton News

BY MRS. P. SETZER

The turkey and litchi supper held at the Niton Community Centre was well attended on Sunday, Dec. 14th. Proceeds were for the Christmas party for the children.

Walter Kishkaki from Edmonton has been visiting at the home of Mr. and Mrs. C. Kishkaki.

Mr. Joe Wright is here from Vancouver to spend Christmas with Mr. and Mrs. Wright and the Kipland family of Niton Junction.

Sympathy of the district goes out to the Laxton family in the unfortunate. Sympathy to all their wife and mother, Mrs. Laxton, who will be greatly missed by her many friends here.

Wins food voucher

The draw for a winner of a \$50 food voucher was made at the last meeting of the Edson Young Men's Club. Winner was Mrs. R. Phillips of Ed-30. The voucher is redeemable at the Boy's Life.

The Young Men's Club organized recently in Edson and meet every two weeks in the Junior 21 High School with social activities scheduled between meetings. President is Miss Terry Cleveland, Vice-President is George Mah and Secretary-Treasurer is Joe St. Martin.

Conscience and Comment

By Mr. K. Neil Foster

Inexplicable Christmas?

Prevented Nam has just announced dramatic diplomatic moves on the part of North Vietnam; the negotiators of the Chu Minh have suddenly and inexplicably agreed to withdraw all their forces from South Vietnam.

General Giap, North Vietnam's chief of state, has received word from the Prime Minister of Nigeria indicating that all Nigerian territory lost in the civil war will be returned, including Fort Harcourt. Relief supplies are now flowing freely to the starving children.

Former Secretary of State, in an abrupt reversal of policy, has sent a telegram to Prime Minister Trudeau indicating that Canada will in the future adjust its policies to accommodate the federal government.

The student radicals have dissolved their organizations, shaved their beards, taken baths, and settled behind the decency movement.

The final issue of Playboy has left the student, Bill Graham, shivering. From the front cover and inside out one infelix bonus is to be seen. Hugh Hefner, editor-in-chief, has been converted and is now a Christian.

Millions of nominal Christian believers, long advocates of their eternal destiny, now claim that through the Bible and the Holy Spirit they have the "divine message" and are determined to seriously follow the Gospels? Here -- of a night Christmas.
